Hydrogen Production Cost Independent Review

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy (DOE).

ACTION: Request for information and notice of independent review.

SUMMARY: The Department of Energy (DOE) today gives notice of a request for information and an independent progress assessment by the DOE Hydrogen Program in meeting research and development (R&D) cost goals for production of hydrogen using distributed natural gas reforming technology. A review panel is being

assembled by the National Renewable Energy Laboratory (NREL) Hydrogen Program Systems Integrator to review the current state of distributed natural gas reforming technology and costs. Based on the findings of the panel, the Systems Integrator will submit a written report to DOE on or before April 1, 2006. Position papers regarding the cost of hydrogen production via distributed natural gas reforming will be accepted by the Systems Integrator for consideration by the review panel. In addition, the panel may hear presentations from submitters as part of the assessment.

DATES: Written position papers for consideration by the review panel regarding this topic must be received by February 1, 2006. The NREL Systems Integrator must receive requests to speak before the review panel no later than February 15, 2006. Attendees at the review panel will be limited to the presenter(s), the independent review panel, NREL Systems Integrator, and DOE representatives.

ADDRESSES: Written position papers regarding the topic and requests to speak before the review panel are welcomed. Please submit 2 hardcopies of the position paper to: NREL Systems Integrator, U.S. Department of Energy, National Renewable Energy Laboratory, 1617 Cole Boulevard, Mail Stop 1732, Golden, CO 80401–3393, Attn: Dale Gardner. Requests to present before the panel should be sent to Mr. Gardner via e-mail to dale_gardner@nrel.gov or Phone (303) 275–3020.
