DEPARTMENT OF HEALTH AND HUMAN SERVICES**National Institutes of Health****National Institute of Allergy and Infectious Diseases; Notice of Closed Meetings**

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of Allergy and Infectious Diseases Special Emphasis Panel; International Centers of Excellence for Malaria Research.

Date: January 12-14, 2010.

Time: 8 a.m. to 5 p.m.

Agenda: To review and evaluate grant applications.

Place: Crowne Plaza Hotel—Silver Spring, 8777 Georgia Avenue, Silver Spring, MD 20910.

Contact Person: Annie Walker-Abbey, PhD, Scientific Review Officer, Scientific Review Program, NIAID/NIH/DHHS, 6700B Rockledge Drive, RM 3126, MSC-7616, Bethesda, MD 20892-7616, 301-451-2671, aabbey@niaid.nih.gov.

Name of Committee: National Institute of Allergy and Infectious Diseases Special Emphasis Panel; Regulation of Innate and Adaptive Immunity.

Date: January 13, 2010.

Time: 11 a.m. to 3 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, 6700B Rockledge Drive, Bethesda, MD 20817, (Telephone Conference Call).

Contact Person: Raymond Richard Schlee, PhD, Scientific Review Officer, Scientific Review Program, Division of Extramural Activities, National Institutes of Health/NIAID, 6700B Rockledge Drive, MSC 7616, Bethesda, MD 20892-7616, 301-451-3679, schlee@niaid.nih.gov.

Name of Committee: National Institute of Allergy and Infectious Diseases Special Emphasis Panel; International Centers of Excellence for Malaria Research.

BILLING CODE 4140-01-P

DEPARTMENT OF HOMELAND SECURITY**Coast Guard**

[Docket No. USCG-2009-1045]

Recreational Boating Safety Projects, Programs and Activities Funded Under Provisions of the Transportation Equity Act for the 21st Century

AGENCY: Coast Guard, DHS.

ACTION: Notice.

SUMMARY: In 1999, the Transportation Equity Act for the 21st Century made \$5 million available to the Secretary of Homeland Security for payment per year of Coast Guard expenses for personnel and activities directly related to coordinating and carrying out the national recreational boating safety program. In 2005, the law was amended, and the amount was increased to \$5.5 million. The Coast Guard is publishing this notice to satisfy a requirement of the Act that a detailed accounting of the projects, programs, and activities funded under the national recreational boating safety program provision of the Act be published annually in the **Federal Register**. In this notice, we have specified the amount of monies the Coast Guard has committed, obligated, or expended during fiscal year 2009, as of September 30, 2009.

ADDRESSES: The Coast Guard has submitted a copy of this notice for publication on <http://www.grants.gov>.

FOR FURTHER INFORMATION CONTACT: For questions on this notice, call Jeff Ludwig, Regulations Development Manager, telephone 202-372-1061.

SUPPLEMENTARY INFORMATION:**Background and Purpose**

The Transportation Equity Act for the 21st Century became law on June 9, 1998 (Pub. L. 105-178; 112 Stat. 107). The Act required that of the \$5 million made available to carry out the national

recreational boating safety program each year, \$2 million shall be available only to ensure compliance with Chapter 43 of Title 46, U.S. Code—Recreational Vessels. On September 29, 2005, the Sportfishing and Recreational Boating Safety Amendments Act of 2005 was enacted (Pub. L. 109–74; 119 Stat. 2031). This Act increased the funds available to the national recreational boating safety program from \$5 million to \$5.5 million annually, and stated that “not less than” \$2 million shall be available only to ensure compliance with Chapter 43 of Title 46, U.S. Code—Recreational Vessels.

The responsibility to administer these funds was delegated to the Commandant of the United States Coast Guard. Subsection (c) of section 7405 of the Act directs that no funds available to the Secretary under this subsection may be used to replace funding traditionally provided through general appropriations, nor for any purposes except those purposes authorized; namely, for personnel and activities directly related to coordinating and carrying out the national recreational boating safety program. Amounts made available each fiscal year from 1999 through 2009 shall remain available until expended.

Use of these funds requires compliance with standard Federal contracting rules with associated lead and processing times resulting in a lag time between available funds and spending. The total amount of funding transferred to the Coast Guard from the Sport Fish Restoration and Boating Trust Fund and committed, obligated, and/or expended during fiscal year 2009 for each activity is shown below.

Factory Visit Program/Boat Testing Program: Funding was provided to continue the national recreational boat factory visit program, initiated in January 2001. The factory visit program currently allows contractor personnel, acting on behalf of the Coast Guard, to visit 2,000 recreational boat manufacturers each year to either inspect for compliance with Federal regulations, communicate with the manufacturers as to why they need to comply with Federal regulations, or educate them, as necessary, on how to comply with Federal regulations. Funding was also provided for testing of certain associated equipment and in-water testing of atypical and used recreational boats for compliance with capacity and flotation standards. (\$2,337,948).

New Recreational Boating Safety Associated Travel: Travel by employees of the Boating Safety Division was performed to carry out additional

recreational boating safety actions and to gather background and planning information for new recreational boating safety initiatives, in support of the National Recreational Boating Safety Program Strategic Plan. (\$22,793).

Boating Accident News Clipping Services: Funding was provided to continue to gather daily news stories of recreational boating accidents nationally for more real time accident information and to identify accidents that may involve regulatory non-compliance or safety defects. (\$64,000).

Accident Investigation Tiger Team: Funding was provided to continue to provide on-call expert accident investigative services for any boating accident that appeared to involve a regulatory non-compliance or safety defect. (\$132,087).

Web-based Document Management System: Funding was provided to continue to provide a Web-based document management system to better enable the handling of thousands of recreational boating recall case and campaign reports. (\$56,200).

Recreational Boating Safety (RBS) Outreach Program: Funding was provided for this program which provides full marketing, media, public information, and program strategy support to the nation-wide RBS effort. The goal is to coordinate the RBS outreach initiatives and campaigns, some of which include: National Boating Under the Influence Campaign (BUI), “Boat Responsibly!”, Life Jacket Wear, Vessel Safety Check Program (VSC), Boating Safety Education Courses, Propeller Strike Avoidance, Carbon Monoxide Poisoning, and other recreational boating safety issues on an as needed basis. (\$789,019).

Web site Support: Funding for this initiative provides a full range of public media and boating safety information at <http://www.uscgboating.org> for a worldwide audience. It covers a wide spectrum of boating safety related topics and is dedicated to reducing loss of life, injuries, and property damage that occur on U.S. waterways by improving the knowledge, skills, and abilities of recreational boaters. (\$188,137).

Boating Accident Report Database (BARD) Web System: BARD Web System funding enables reporting authorities in the 50 States, five U.S. Territories, and the District of Columbia to submit their accident reports electronically over a secure Internet connection. The system also enables the user community to generate statistical reports that show the frequency, nature, and severity of boating accidents. FY 09 funds supported system maintenance,

development, and technical (hotline) support. (\$335,624).

Recreational Boat Rental Education Package: Funding was provided to develop a standardized educational package for recreational boat rental agencies to use to provide the necessary safety information to renters prior to renting a boat. (\$2,161).

Personnel Support: Funding was provided for personnel to support the development of new regulations and to conduct boating safety-related research and analysis (\$710,103).

National Recreational Boating Survey: A national recreational boating survey is being conducted to obtain up-to-date statistical estimates on recreational boating. It is anticipated that the first surveys will be conducted in the spring of 2010, pending Office of Management and Budget (OMB) approval. (\$224,625).

Reimbursable Salaries: Funding was provided to carry out the work as prescribed in 46 U.S.C. 13106(c) and as described herein. The first position was that of a professional mathematician/statistician to conduct necessary national surveys and studies on recreational boating activities as well as to serve as a liaison to other Federal agencies that are conducting boating surveys so that we can pool our resources and reduce costs. The second position was that of Outreach coordinator with responsibility of overseeing and managing RBS projects related to carbon monoxide poisoning, propeller injury mitigation, manufacturer compliance initiatives, etc. (\$300,098).

Of the \$5.5 million made available to the Coast Guard in fiscal year 2009, \$3,598,866 has been committed, obligated, or expended and an additional \$1,568,929 of prior fiscal year funds have been committed, obligated, or expended, as of September 30, 2009. Approximately \$7.9 million has not been committed, obligated, or expended from previous years and is being reserved for a multi-year national boating survey.

This notice is issued under the authority of 46 U.S.C. 13106(c)(4).

Dated: December 14, 2009.

K.S. Cook,

Rear Admiral, U.S. Coast Guard, Director of Prevention Policy.
