**SUMMARY:** The Department of Commerce ("Department") is conducting an administrative review of the antidumping duty order on certain kitchen appliance shelving and racks from the People's Republic of China ("PRC") for the period of review ("POR") September 1, 2011, through August 31, 2012. The review covers one exporter of subject merchandise, New King Shan (Zhu Hai) Wire Co., Ltd. ("New King Shan"). We have preliminarily found that New King Shan did not make sales of subject merchandise at less than normal value ("NV").

**DATES:** *Effective Date:* September 4, 2013.

**SUPPLEMENTARY INFORMATION:****Scope of the Order**

The merchandise covered by this Order<sup>1</sup> is certain kitchen appliance shelving and racks. The subject merchandise is currently classifiable under Harmonized Tariff Schedule of the United States ("HTSUS") subheadings: 8418.99.8050, 8418.99.8060, 7321.90.5000, 7321.90.6090, 8516.90.8000, 8516.90.8010, 7321.90.6040, and 8419.90.9520. The HTSUS subheadings are provided for convenience and customs purposes only; the written product description of the scope of the order is dispositive.<sup>2</sup>

## PRC-Wide Entity

Although a review was requested for Jiangsu Weixi Group Co. ("Weixi"), a company named in the *Initiation Notice*,<sup>3</sup> such request was timely withdrawn. However, we are not rescinding the review for this company at this time. While the request for review of Weixi was timely withdrawn, Weixi does not have a separate rate and, therefore, currently remains part of the PRC-wide entity. Although the PRC-wide entity is not under review for these preliminary results, the possibility exists that the PRC-wide entity could be under review for the final results of this administrative review. Therefore, we are not rescinding the review with respect to Weixi at this time, but we intend to rescind the review with respect to Weixi in the final results if the PRC-wide entity is not reviewed.

**Methodology**

The Department has conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended ("the Act"). Constructed export prices have been calculated in accordance with section 772 of the Act. Because the PRC is a nonmarket economy within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act. Specifically, the Department preliminarily selected Thailand as the surrogate country, which is economically comparable to the PRC and is a significant producer of comparable merchandise. Thus, we calculated NV using Thai surrogate values, when available, to value the respondents' factors of production ("FOPs").

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS"). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit, room 7046 of the main Department of Commerce building.
