[NPS–WASO–NAGPRA–NPS0035289;
PPWOCRADNO–PCU00RP14.R50000]

**Notice of Inventory Completion:
Colorado Springs Fine Arts Center at
Colorado College, Colorado Springs,
CO**

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Colorado Springs Fine Arts Center at Colorado College has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice. The human remains and associated funerary objects were removed from Navajo County, AZ.

DATES: Repatriation of the human remains and associated funerary objects in this notice may occur on or after March 10, 2023.

ADDRESSES: Michael Christiano, Colorado Springs Fine Arts Center at Colorado College, 30 W Dale Street, Colorado Springs, CO 80903, telephone (719) 477-4311, email mchristiano@ColoradoCollege.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the Colorado Springs Fine Arts Center at Colorado College. The National Park Service is not responsible for the determinations in this notice. Additional information on the determinations in this notice, including the results of consultation, can be found in the inventory or related records held by the Colorado Springs Fine Arts Center at Colorado College.

Description

Human remains representing, at minimum, two individuals were removed from "Four-Mile" in Navajo County, AZ. On December 17, 2019, cremated remains were found at the Colorado Springs Fine Arts Center during a collections inventory. At the time, the museum could not determine whether the cremated remains were human or faunal. On March 16, 2022, the remains were identified as human cremations of one adult and one juvenile. No known individuals were

identified. The two associated funerary objects are one cremation urn and one lot of mixed materials.

Cultural Affiliation

The human remains and associated funerary objects in this notice are connected to one or more identifiable earlier groups, tribes, peoples, or cultures. There is a relationship of shared group identity between the identifiable earlier groups, tribes, peoples, or cultures and one or more Indian Tribes or Native Hawaiian organizations. The following types of information were used to reasonably trace the relationship: archeological and geographical.

Determinations

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian organizations, the Colorado Springs Fine Arts Center at Colorado College has determined that:

- The human remains described in this notice represent the physical remains of two individuals of Native American ancestry.
- The two objects described in this notice are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a relationship of shared group identity that can be reasonably traced between the human remains and associated funerary objects described in this notice and the Hopi Tribe of Arizona; Ohkay Owingeh, New Mexico; Pueblo of Acoma, New Mexico; Pueblo of Cochiti, New Mexico; Pueblo of Isleta, New Mexico; Pueblo of Jemez, New Mexico; Pueblo of Laguna, New Mexico; Pueblo of Nambe, New Mexico; Pueblo of Picuris, New Mexico; Pueblo of Pojoaque, New Mexico; Pueblo of San Felipe, New Mexico; Pueblo of San Ildefonso, New Mexico; Pueblo of Sandia, New Mexico; Pueblo of Santa Ana, New Mexico; Pueblo of Santa Clara, New Mexico; Pueblo of Taos, New Mexico; Pueblo of Tesuque, New Mexico; Pueblo of Zia, New Mexico; Santo Domingo Pueblo; Ysleta del Sur Pueblo; and the Zuni Tribe of the Zuni Reservation, New Mexico.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the Responsible Official identified in **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.

2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains and associated funerary objects in this notice to a requestor may occur on or after March 10, 2023. If competing requests for repatriation are received, the Colorado Springs Fine Arts Center at Colorado College must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The Colorado Springs Fine Arts Center at Colorado College is responsible for sending a copy of this notice to the Indian Tribes identified in this notice.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.9, § 10.10, and § 10.14.

Dated: February 1, 2023.

Melanie O'Brien,

Manager, National NAGPRA Program.

DEPARTMENT OF THE INTERIOR

**Bureau of Safety and Environmental
Enforcement**

[Docket ID BSEE-2023-0002; EEEE50000
234E1700D2 ET1SF0000.EAQ000: OMB
Control Number 1014-0010]

**Agency Information Collection
Activities; Decommissioning Activities**

AGENCY: Bureau of Safety and Environmental Enforcement, Interior.

ACTION: Notice of Information Collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Bureau of Safety and Environmental Enforcement (BSEE) proposes to renew an information collection.

DATES: Interested persons are invited to submit comments on or before April 10, 2023.

ADDRESSES: Send your comments on this information collection request (ICR) by either of the following methods listed below:

- Electronically go to <http://www.regulations.gov>. In the Search box, enter BSEE–2023–0002 then click search. Follow the instructions to submit public comments and view all related materials. We will post all comments.

- Email kye.mason@bsee.gov, fax (703) 787–1546, or mail or hand-carry comments to the Department of the Interior; Bureau of Safety and Environmental Enforcement; Regulations and Standards Branch; ATTN: Nicole Mason; 45600 Woodland Road, Sterling, VA 20166. Please reference OMB Control Number 1014–0010 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Nicole Mason by email at kye.mason@bsee.gov or by telephone at (703) 787–1607. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the PRA and 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct, or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

BSEE proposes to renew this information collection, without change, in order to extend the expiration date for the collection (currently April 30, 2023) while we continue to finalize our rulemaking under RIN 1082–AA02, Risk Management, Financial Assurance and Loss Prevention—Decommissioning Activities and Obligations. On October 16, 2020, we published the proposed rule (85 FR 65904) to revise the regulations related to decommissioning responsibilities of Outer Continental Shelf (OCS) oil, gas, and sulfur lessees and grant holders to ensure compliance with lease, grant, and regulatory obligations. The comment period for the proposed rule ended on December 13, 2020.

The final rule will require all recipients of a predecessor decommissioning order to submit a work plan and schedule as directed under §§ 250.1704(b) and 250.1708(a). BSEE considers this necessary to protect the public from incurring future decommissioning costs and to prevent safety and environmental risks posed by delayed performance of decommissioning. Within 150 days of receiving an order to perform decommissioning under § 250.1708, the recipient(s) will be required to submit a work plan and projected decommissioning schedule that addresses all wells, platforms and other facilities, pipelines, and site clearance. This requirement will add an estimated 4,320 annual burden hours to the existing collection. We anticipate

publication of the final rule under RIN 1082–AA02 in 2023.

Abstract: BSEE uses the information collected under Subpart Q primarily for the following reasons:

- To determine the necessity for allowing a well to be temporarily abandoned, the lessee/operator must demonstrate that there is a reason for not permanently plugging the well, and the temporary abandonment will not interfere with fishing, navigation, or other uses of the OCS. We use the information and documentation to verify that the lessee/operator is diligently pursuing the final disposition of the well and has performed the temporary plugging of the wellbore.

- To ensure the information submitted in initial decommissioning plans in the Alaska and Pacific OCS Regions will permit BSEE to become involved on the ground floor planning of platform removals anticipated to occur in these OCS regions.

- To ensure that all objects (wellheads, platforms, etc.) installed on the OCS are properly removed using procedures that will protect marine life and the environment during removal operations, and the site cleared so as not to conflict with or harm other uses of the OCS in coordination with other Federal, State, and local government agencies.

- To ensure that information regarding decommissioning a pipeline in place will not constitute a hazard to navigation and commercial fishing operations, unduly interfere with other uses of the OCS, such as sand resource areas for coastal restoration projects, or have adverse environmental effects.

- To verify that decommissioning activities comply with approved applications and procedures and are satisfactorily completed.

- To evaluate and approve the adequacy of the equipment, materials, and/or procedures that the lessee or operator plans to use during well modifications and changes in equipment, etc.

- To help BSEE better estimate future decommissioning costs for OCS leases, rights-of-way, and rights of use and easements. BSEE's future decommissioning cost estimates may then be used by BOEM to set necessary financial assurance levels to minimize or eliminate the possibility that the government will incur abandonment liability. The information will assist BSEE and BOEM in meeting their stewardship responsibilities and in their roles as regulators.

Title of Collection: 30 CFR 250, Subpart Q, Decommissioning Activities.
OMB Control Number: 1014–0010.

Form Number: None.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public:

Potential respondents include Federal OCS oil, gas, and sulfur lessees and/or operators and holders of pipeline rights-of-way.

Total Estimated Number of Annual Respondents: Currently there are approximately 555 Federal OCS oil, gas,

and sulfur lessees and holders of pipeline rights-of-way. Not all the potential respondents will submit information in any given year, and some may submit multiple times.

Total Estimated Number of Annual Responses: 3,245.

Estimated Completion Time per Response: Varies from 15 minutes to 28 hours, depending on activity.

Total Estimated Number of Annual Burden Hours: 11,677.

Respondent's Obligation: Mandatory.

Frequency of Collection: Submissions are generally on occasion, varies by section, and annual.

Total Estimated Annual Nonhour Burden Cost: \$1,143,556.

Citation 30 CFR 250 subpart Q	Reporting requirement *	Non-hour cost burdens		
		Hour burden	Average number of annual responses	Annual burden hours (rounded)
