SUMMARY: The Department of Labor (DOL) is submitting this Employment and Training Administration (ETA)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before December 6, 2021.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

Comments are invited on: (1) Whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) if the information will be processed and used in a timely manner; (3) the accuracy of the agency's estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (4) ways to enhance the quality, utility and clarity of the information collection; and (5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: Mara Blumenthal by telephone at 202-693-8538, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: This information collection request supports the Temporary Rule: Exercise of Time-Limited Authority to Increase the Fiscal Year 2021 Numerical Limitation for the H-2B Temporary Nonagricultural Worker Program and Portability Flexibility for H-2B Workers Seeking to Change Employers, promulgated by the Department of Labor and the Department of Homeland Security

(DHS). The regulatory requirements are codified at 8 CFR part 214 and 20 CFR part 655. The ICR originally included a form, Attestation for Employers Seeking to Employ H-2B Nonimmigrant Workers under Section 105 of Division O of the Further Consolidated Appropriations Act, 2021, Form ETA-9142-B-CAA-4 (Form ETA-9142-B-CAA-4). The Form ETA-9142-B-CAA-4 is no longer in use as the supplemental cap was reached on August 13, 2021, as announced by DHS on August 19, 2021; thus employers no longer need to complete the attestation for submission to DHS. As a result, the only remaining requirement for participating H-2B employers is to comply with record keeping requirements. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on May 25, 2021 (86 FR 28198).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

SUPPLEMENTARY INFORMATION:

I. Background: The Chief Evaluation Office (CEO) of the U.S. Department of Labor (DOL) intends to conduct an evaluation of the DOL-funded *Pathway Home* grant program, which aims to improve the ability of people in the justice system to find meaningful employment and avoid recidivism. The goal of this four-year evaluation is to build knowledge about the implementation of the Pathway Home grants and their effectiveness in improving employment and recidivism outcomes for adults reentering the community after incarceration.

The overall study has two components: (1) An implementation evaluation of the Pathway Home grants to describe program models and

services, partnerships, and participant characteristics; and (2) an impact evaluation to examine the effectiveness of the Pathway Home grants on participants' outcomes, such as credential attainment, employment and earnings, and ongoing criminal justice involvement. DOL will submit additional ICRs for future data collection requests for this study.

This **Federal Register** Notice provides the opportunity to comment on the following proposed data collection instruments that the evaluation will use:

1. Baseline survey of study

participants. Survey of 2,500 impact study participants to collect basic demographic information.

2. Survey of grant administrators.

Survey of approximately 67 grant administrators to collect program information.

3. Survey of correctional facility administrators. Survey of approximately 128 correctional facility partner administrators to collect information about correctional facility characteristics.

4. Semi-structured interview guides for program and partner administrators and frontline staff. Site visits to up to 16 Pathway Home grantee or subgrantee sites. These visits will last three days each. During these site visits, we will conduct one-on-one or small-group, semi-structured interviews with grant program administrators, partner administrators, and frontline staff.

5. Focus group guide for pre-release program participants. In-person focus group discussions with approximately 8 pre-release participants from each of approximately 16 sites.

6. Semi-structured interview guide for post-release program participants. In-person and telephone semi-structured interviews with approximately 8 post-release participants from each of approximately 16 sites.

II. Desired Focus of Comments:

Currently, DOL is soliciting comments on the above data collection for the Pathway Home grant program. DOL is particularly interested in comments that do the following:

- Evaluate whether the proposed collection of information is necessary for the proper performance functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's burden estimate of the proposed information collection, including the validity of the methodology and assumptions;

- Enhance the quality, utility, and clarity of the information to be collected; and

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other
