

Specifically, where the mutually exclusive group consists of proposals to serve different communities of license, each applicant within the group must submit an amendment containing supplemental information such as the following: (1) the area and population within the proposed 2 mV/m and 0.5 mV/m contours; (2) the number of stations licensed to the proposed community of license; (3) the number of stations providing service to the proposed community of license; (4) the population (according to the latest Census data) of the proposed community of license; (5) a description of the civic, cultural, religious, social or commercial attributes of the proposed community of license; and (6) any other information that the applicant determines relevant. The Commission will dismiss, without further processing, the previously filed AM auction filing window application and technical proposal of any applicant that fails to file an amendment addressing the section 307(b) criteria, where required.

In the licensing process for new AM stations, applicants' proposals are subject to a threshold determination under section 307(b) and may, in certain cases, qualify for a dispositive preference relative to the other mutually exclusive station proposals in the group. In such cases, the applicant proposing the community receiving the dispositive section 307(b) preference continues to the next stage of the licensing process, and thus may receive an authorization by virtue of the section 307(b) determination, rather than through competitive bidding.

In addition, certain mutually exclusive application groups containing major modification applications are permitted to resolve their mutual exclusivities through settlement agreements. These agreements must comply with 47 CFR 73.3525, Agreements for Removing Application Conflicts (approved under OMB 3060-0213). To facilitate processing, eligible applicants who intend to settle should promptly notify the Commission in writing that a pre-auction settlement is forthcoming.

Federal Communications Commission.

Marlene Dortch,

Secretary.

Indian Health Service

Request for Public Comment: 30-Day Notice for Extension of the Indian Health Service Loan Repayment Program

AGENCY: Indian Health Service, HHS.

ACTION: Notice and request for comments. Request for extension of approval.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Indian Health Service (IHS) invites the general public to take this opportunity to comment on the information collection Office of Management and Budget (OMB) Control Number 0917-0014, titled, "IHS Loan Repayment Program (LRP)."

DATES: Consideration will be given to all comments received by April 7, 2025.

ADDRESSES:

For Comments: Submit comments to Correy Ahhaitty by one of the following methods:

- *Email:* Correy.Ahhaitty@ihs.gov.
- *Phone:* (301) 443-2544.

Comments submitted in response to this notice will be made available to the public by publishing them in the 30-day **Federal Register** notice for this information collection. For this reason,

please do not include information of a confidential nature, such as sensitive personal information or proprietary information. If comments are submitted via email, the email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the internet. Please note that responses to this public comment request containing any routine notice about the confidentiality of the communication will be treated as public comments that may be made available to the public notwithstanding the inclusion of the routine notice.

A copy of the draft supporting statement is available at www.regulations.gov (see Docket ID (IHS_FRDOC_0001)).

FOR FURTHER INFORMATION CONTACT: To request additional information, please contact Thomas Hamby, Information Collection Clearance Officer by one of the following methods:

- *Email:* Thomas.Hamby@ihs.gov.
- *Phone:* (240) 252-0331.

SUPPLEMENTARY INFORMATION: This previously approved information collection project was last published in the **Federal Register** (89 FR 105617) on December 27, 2024, and allowed 60 days for public comment. No public comment was received in response to the notice. This notice announces our intent to submit this collection, which expires February 28, 2025, to OMB for approval of an extension and solicit comments on specific aspects for the proposed information collection.

The IHS is submitting the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995, as amended, and its implementing regulations. This notice is soliciting comments from members of the public and affected agencies as required by 44 U.S.C. 3506(c)(2)(A) and 5 CFR 1320.8(d) concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques of other forms of information technology, e.g., permitting electronic submission of responses.

Title: 0917–0014, “Indian Health Service Loan Repayment Program.”

Type of Information Collection Request: 3-year extension approval of this information collection.

OMB Control Number: 0917–0014.

Forms: Educational and Professional Background, Financial Information, and General Applicant Information (*i.e.*, all forms are part of the LRP application). The LRP application is available in an electronically fillable and fileable format.

Need and Use of Information Collection: The IHS LRP identifies health professionals with pre-existing financial obligations for education expenses that meet program criteria and who are qualified and willing to serve at, often remote, IHS health care facilities. Under the program, eligible health professionals sign a contract

through which the IHS agrees to repay part or all of their indebtedness in exchange for an initial 2-year service commitment to practice fulltime at an eligible Indian health program. This program is necessary to augment the critically low health professional staff at IHS health care facilities.

Eligible health professionals wishing to have their health education loans repaid may apply to the IHS LRP. A 2-year contract obligation is signed by both parties, and the individual agrees to work at an eligible Indian health program location and provide health services to American Indian and Alaska Native individuals.

The information collected via the online application from individuals is analyzed and a score is given to each applicant. This score will determine which applicants will be awarded each

fiscal year. The administrative scoring system assigns a score to the geographic location according to vacancy rates for that fiscal year and also considers whether the location is in an isolated area. When an applicant accepts employment at a location, the applicant in turn “picks-up” the score of that location.

Status of the Proposed Information Collection: Renewal of a current collection.

Affected Public: Individuals and households.

Type of Respondents: Individuals.

The table below provides: Types of data collection instruments, estimated number of respondents, number of responses per respondent, average burden hour per response, and total annual burden hour(s).

ESTIMATED BURDEN HOURS

Data collection instrument(s)	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total annual responses (in hours)
LRP Application	1,999	1	1.5	2,998.5
Total	1,999	1	1.5	2,998.5

Capital Costs, Operating Costs, and Maintenance Costs are reported in the Tab B Supporting Statement.

P. Benjamin Smith,

Acting Director, Indian Health Service.
