FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0719]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with

a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before February 19, 2019. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to Nicole.ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418-2991.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0719.
Title: Quarterly Report of Local Exchange Carriers Listing Payphone Automatic Number Identifications (ANIs).

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 400 respondents; 1,600 responses.

Estimated Time per Response: 3.5 hours (8 hours for the initial submission; 2 hours per subsequent submission—for an average of 3.5 hours per response).

Frequency of Response: Quarterly reporting requirement, recordkeeping requirement and third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 151, 154, 201-205, 215, 218, 219, 220, 226 and 276 of the Communications Act of 1934, as amended.

Total Annual Burden: 5,600 hours.

Total Annual Cost: No cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The Commission is not requesting respondents to submit confidential information to the Commission. If the respondents wish confidential treatment of their information, they may request confidential treatment under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: The Commission adopted rules and policies governing the payphone industry under section 276(b)(1)(A) of the Telecommunications Act of 1996 (the Act) and established "a per call compensation plan to ensure that all payphone service providers are fairly compensated for each and every

completed intrastate and interstate call." Pursuant to this mandate, and as required by section 64.1310(d) of the Commission's rules, Local Exchange Carriers (LECs) must provide to carriers required to pay compensation pursuant to section 64.1300(a), a quarterly report listing payphone ANIs. Without provision of this report, resolution of disputed ANIs would be rendered very difficult. Carriers would not be able to discern which ANIs pertain to payphones and therefore would not be able to ascertain which dial-around calls were originated by payphones for compensation purposes. There would be no way to guard against possible fraud. Without this collection, lengthy investigations would be necessary to verify claims. The report allows carriers to determine which dial-around calls are made from payphones. The information must be provided to third parties. The requirement would be used to ensure that LECs and the carriers required to pay compensation pursuant to 47 CFR 64.1300(a) of the Commission's rules comply with their obligations under the Telecommunications Act of 1996.

Federal Communications Commission.

Federal Register Liaison Officer, Office of the Secretary.
