Executive Summary: This notice contains all of the necessary information and forms needed to apply for grant funding. The U.S. Department of Labor (USDOL), Bureau of International Labor Affairs (ILAB), announces the availability of funds to be granted by cooperative agreement to one or more qualifying organizations. USDOL will award up to U.S. \$990,000 through one or more grants to a qualified organization(s) that will promote and support the strengthening of a career civil service by establishing or reforming systems and norms within the Labor Ministry Inspectorates of the beneficiary countries. Applicants should submit proposals that encompass El Salvador and one or two of either Guatemala, Honduras, or Nicaragua and that demonstrate the organization's capabilities to implement a project in accordance with the Statement of Work and the selection criteria. Applicants will not be penalized for lacking previous experience working with multiple country projects. For example, organizations with experience in only one country will be judged based on the success they achieved in that country and their proposal for working successfully throughout the rest of the targeted countries. USDOL encourages

applicants to be creative in proposing innovative and cost-effective interventions that will produce a demonstrable and sustainable impact. The award of any sub-award will be subject to USDOL policies and approval.

## I. Funding Opportunity Description

The U.S. Department of Labor (USDOL), Bureau of International Labor Affairs (ILAB), announces the availability of funds to be awarded by Cooperative Agreement (hereinafter referred to as "grant" or "Cooperative Agreement") to one or more qualifying organizations for the purpose of promoting and supporting a career civil service by establishing or reforming systems and norms within the Labor Ministry Inspectorates of the beneficiary countries. ILAB is authorized to award and administer this program by the Foreign Operations, Export Financing and Related Programs Appropriations Act, 2006, Public Law 109-102, 119 Stat. 2172 (2005) and 22 U.S.C. 2392(a). Cooperative Agreements awarded under this initiative will be managed by ILAB's Office of Trade and Labor Affairs. The duration of the projects funded by this solicitation is four years. The start date of program activities will be negotiated upon award of the Cooperative Agreement.

#### Statement of Work

USDOL is seeking qualified organizations that will promote and support the implementation of a career civil service by establishing systems and norms within the Labor Ministry Inspectorates of the beneficiary countries. Specific project objectives are identified in this Section. Applicants should submit proposals that encompass El Salvador and one or two of the following countries (Guatemala, Honduras, and Nicaragua) and demonstrate the organization's capabilities to implement a project in accordance with the Statement of Work and the selection criteria. Applicants, however, will not be penalized for lacking previous experience working with multiple country projects. For example, organizations with experience in only one country will be judged based on the success they achieved in that country and their proposal for working successfully throughout the rest of the targeted countries. USDOL encourages applicants to be creative in proposing innovative and cost-effective interventions that will produce a demonstrable and sustainable impact.

Funds will be provided by grant to qualifying organizations. The grant will be actively managed by USDOL/ILAB to assure achievement of the stated project objectives. The award of any subcontract will be subject to USDOL policies and approval (see Section IV).

Note: Selection of an organization as a grantee does not constitute approval of the grant application as submitted. Before the actual grant is awarded, USDOL may enter into negotiations about such items as program components, funding levels, and administrative systems in place to support grant implementation. If the negotiations do not result in an acceptable submission, the Grant Officer reserves the right to terminate the negotiation and decline to fund the application.

#### A. Background and Problem Statement

The Free Trade Agreement (CAFTA–DR) between the United States and five Central American countries (Costa Rica, El Salvador, Guatemala, Honduras, and Nicaragua) and the Dominican Republic obligates each country to effectively enforce its labor laws. The countries also reaffirm their obligations as members of the International Labor Organization (ILO) and their commitments under the ILO Declaration of Fundamental Principles and Rights at Work and its follow-up (1998).

In the Department of State's FY2006 budget, Congress provided funding for labor and environmental capacity building activities in support of Central American Free Trade Agreement (CAFTA–DR). A portion of these funds were transferred to the Department of Labor to administer projects related to labor capacity building in CAFTA–DR countries.

Concerns exist regarding the professional status and career paths of the Ministry of Labor Inspectors. A tradition of replacing technical level inspector positions with each change of government detracts from their objectivity and credibility, and negates the value from previous training initiatives making the Ministry less effective in carrying out its inspection responsibilities. This project provides assistance to effective enforcement of the national labor legislation by reinforcing the inspectorate staff and enabling it to maintain an experienced career civil service.

This strategy would address the concerns that are identified in the April 2005 "White Paper" of the Working Group of the Vice Ministers Responsible for Trade and Labor in the countries of Central America and the Dominican Republic-b titled: "the Labor Dimension in Central America and the Dominican Republic—Building on Progress: Strengthening Compliance and Enhancing Capacity". The White Paper contains recommendations to strengthen labor law compliance and improve the capacity of labor-related institutions in key areas and clearly conveys the need to strengthen professional career civil service systems within the Labor Ministry Inspectorate in order to maintain a high level, experienced and knowledgeable staff for labor law enforcement.

The award will grant funds to an organization or organizations to initiate, implement and promote a civil service improvement component to the Labor Inspectorate. A strong civil service will invigorate the inspectorate and provide a consistently higher level of service to the workers and employers.

### B. Target Population

Applicants shall target Ministries of Labor in El Salvador and one or two of either Guatemala, Honduras, or Nicaragua based on the following criteria: (1) Laws are in place to allow for implementation of civil service reform; (2) government counterparts demonstrate the political will and institutional commitments to implement civil service reforms; and (3) countries demonstrate a clear need for the assistance.

#### C. Objectives

The Grantee(s) must implement, in partnership with USDOL, a project whose overarching objective is to improve the effectiveness and transparency of Labor Inspectorates in El Salvador and one or two of the following countries (Guatemala, Honduras, and Nicaragua) by strengthening the civil service systems. Particular focus will be placed on improving hiring and oversight mechanisms to strengthen continuity in the workforce, improve accountability and management, and provide civil servants with appropriate incentives, skills, and motivation.

## D. Relationship to USDOL Program Strategy

By helping to improve labor law compliance in Central America, the proposed project supports achievement of USDOL's Government Performance Results Act (GPRA) goal (2k), "promote internationally recognized workers rights and labor standards, including those related to the elimination of exploitive child labor, in the global community".

### E. Type of Work To Be Performed/ Activities

This project would promote and support reforms in personnel systems of Labor Inspectorates to reclassify and improve career status; strengthen capacity of inspectors through development of career track for civil servants through promulgation of administrative rules (positions descriptions, transparent and objective hiring/promotion/dismissal procedures), and other aspects of implementing a civil service program. It may also work with local universities to provide ongoing professional development in subject matter relevant to area of staff expertise.

In order to ensure achievement of the project objectives and the most effective use of the Labor Ministries' time, the Grantee(s) will first coordinate with the USG and other projects beginning in the region to avoid any duplication of efforts and ensure input from Labor Ministries on project designs.

The Grantee(s) will be responsible for coordinating with other programs in the region, particularly USDOL and other USG-funded efforts that are working toward similar objectives, and adapt its work plan to avoid duplication of activities.

Applicants are responsible for developing a strategy for successfully achieving the above-stated objectives and addressing the problem(s) identified in the Background and Problem Statement (Section I.A.), developing and implementing the major tasks and activities to be accomplished as part of that strategy, tracking and reporting on

progress in achieving the stated objectives, and providing any necessary

Prior to providing any technical assistance to any project country, partner organizations, that were not included in the proposal, must also be approved by USDOL.

### **II. Award Information**

Type of Assistance instrument: Cooperative Agreement. USDOL's involvement in project implementation and oversight is outlined in Section VI.3. (See Section IV.E.3. for further information on subawards.)

## **III. Eligibility Information**

### A. Eligible Applicants

Any commercial, international, educational, or non-profit organization(s), including any faithbased, community-based, or public international organization(s) with experience in effectively implementing projects in the relevant technical field(s) and working with foreign national government ministries, regional and local government entities, employers and employer organizations, workers and labor organizations, and nongovernmental and community-based organizations is eligible for this grant(s). Neutral, non-religious criteria that neither favor nor disfavor religion will be employed in the selection of Cooperative Agreement recipients. Applications from foreign government and quasi-government agencies will not be considered. An applicant must demonstrate a country presence, independently or through a relationship

with another organization(s) with country presence, which gives it the ability to initiate program activities upon award of the Cooperative Agreement. See Section V. (Institutional Qualifications/Past Performance) If it is deemed the most effective and efficient strategy for achieving the goals outlined in the Scope of Work, USDOL may award one or more Cooperative Agreements to a partnership of more than one organization. If two or more applicants, who do not constitute a single legal entity (hereinafter referred to as "Associations"), join in applying for an award, each member of the Association (hereinafter referred to as an "Associate") must be individually eligible for award. All references to "the Applicant" refer to Associations as well as individual applicants. All Associates must sign, and agree to be bound jointly and severally by, the awarded Cooperative Agreement, and all must designate one Associate as the "Lead." Any such Association must submit to USDOL, as an attachment to the application, an Association agreement, reflecting an appropriate joint venture, partnership, or other contractual agreement and outlining the deliverables, activities, and corresponding timeline for which each Associate will be responsible. Copies of such agreements will not count toward the page limit.

If any entity identified in the application as an Associate does not sign the Cooperative Agreement, the Lead must provide, within 60 days of award, either a written subaward agreement with such entity, acceptable to USDOL, or an explanation as to why that entity will not be participating in the Cooperative Agreement. USDOL reserves the right to re-evaluate the award of the Cooperative Agreement in light of any such change in an entity's status, and may terminate the award if USDOL deems appropriate.

For the purposes of this proposal and the Cooperative Agreement award, the Lead will be: (1) The primary point of contact with USDOL to receive and respond to all inquiries, communications and orders under the project; (2) the only entity with authority to withdraw or draw down funds through the HHS system; (3) responsible for submitting to USDOL all deliverables, including all technical and financial reports related to the project, regardless of which Associate performed the work; (4) the sole entity to request or agree to a revision or amendment of the award or the project document; and (5) responsible for working with USDOL to close out the project. Note, however, that each Associate is ultimately

responsible for overall project performance, regardless of any assignment of specific tasks, but Associates may agree, among themselves only, to apportion the liability for such performance. Each Associate must comply with all applicable federal regulations, and is individually subject to audit.

In accordance with 29 CFR Part 98, entities that are debarred or suspended from receiving federal contracts or grants shall be excluded from Federal financial assistance and are ineligible to receive funding under this solicitation. See Section V (Leveraging of Grant Funds).

#### B. Cost Sharing or Matching Funds

This solicitation does not require applicants to share costs or provide matching funds. However, the leveraging of resources and in-kind contributions is strongly encouraged and is a rating factor worth up to five (5) additional points (see Section V).

#### C. Dun and Bradstreet Number

The organizational unit section of Block 8 of the SF-424 must contain the Dun and Bradstreet Number (DUNS) of the applicant. Beginning October 1, 2003, all applicants for Federal grant funding opportunities are required to include a DUNS number with their application. See OMB Notice of Final Policy Issuance, 68 Federal Register 38402 (June 27, 2003). Applicants' DUNS number is to be entered into Block 8 of SF-424. To obtain a DUNS number call 1–866–705–5711 or access the following Web site: http:// www.dunandbradstreet.com/.

Requests for exemption from the DUNS number requirement must be made to the Office of Management and Budget. If no DUNS number is provided, without such an exemption, the grant application will be considered non-responsive.

After receiving a DUNS number, all grant applications must also register as a vendor with the Central Contractor Registration (CCR) through the following Web site: http://www.ccr.gov or by phone at 1–888–227–2423. CCR registration should become active within 24 hours of completion. If grant applicants have questions regarding registration, please contact the CCR Assistance Center at 1–888–227–2423. After registration, grant applicants will receive a confirmation number. The Grantee listed as the Point of Contact will receive a Trader Partnership

Major sections and sub-sections of the application should be divided and clearly identified (e.g., with tab dividers), and all pages must be numbered. ## C. Submission Dates, Times, and Address

The grant application package must be received at the designated place by February 23, 2007, or it will not be considered. Applications sent by e-mail, telegram, or facsimile (FAX) will not be accepted. Applications sent by other delivery services, such as Federal Express, UPS, etc., will be accepted; the applicant, however, bears the responsibility for timely submission. Applications that do not meet the conditions set forth in this notice will not be honored. No exceptions to the mailing, delivery, and hand-delivery conditions set forth in this notice will be granted.

Any application received at the Office of Procurement Services after 4:45 p.m. Eastern Time 45 days after publication will not be considered unless it is received before the award is made and:

- It was sent by registered or certified mail no later than the fifth calendar day before the closing date; or
- It was sent by U.S. Postal Service Express Mail/Next Day Service from the post office to the addressee no later than 5 p.m. at the place of mailing two (2) working days (excluding weekends and Federal holidays), prior to the closing date; or
- It is determined by the USG that the late receipt was due solely to mishandling by the USG after receipt at the U.S. DOL at the address indicated.

The only acceptable evidence to establish the date of mailing of a late application sent by registered or certified mail is the U.S. Postal Service postmark on the envelope or wrapper and on the original receipt from the U.S. Postal Service. If the postmark is not legible, an application received after the above closing time and date shall be processed as if mailed late. "Postmark" means a printed, stamped, or otherwise placed impression (not a postage meter machine impression) that is readily

identifiable without further action as having been applied and affixed by an employee of the U.S. Postal Service on the date of mailing. Therefore, applicants should request that the postal clerk place a legible hand cancellation "bull's-eye" postmark on both the receipt and the envelope or wrapper.

The only acceptable evidence to establish the date of mailing of a late application sent by U.S. Postal Service Express Mail/Next Day Service from the post office to the addressee is the date entered by the Post Office receiving clerk on the "Express Mail/Next Day Service—Post Office to Addressee" label and the postmark on the envelope or wrapper on the original receipt from the U.S. Postal Service. "Postmark" has the same meaning as defined above. Therefore, applicants should request that the postal clerk place a legible hand cancellation "bull's-eye" postmark on both the receipt and the envelope or wrapper.

The only acceptable evidence to establish the time of receipt at the USDOL is the date/time stamp of the Procurement Service Center on the application wrapper or other documentary evidence or receipt maintained by that office.

All applicants are advised that U.S. mail delivery in the Washington, DC area has been slow and erratic due to concerns involving anthrax contamination. Applicants must take this into consideration when preparing to meet the application deadline. It is recommended that you confirm receipt of your application with your delivery service from Lisa Harvey (see Section VII for contact information).

Applicants may also apply online at http://www.grants.gov. Applicants submitting proposals online are requested to refrain from mailing a hard copy application as well. It is strongly recommended that applicants using www.grants.gov immediately initiate and complete the "Get Started" registration steps at http:// www.grants.gov/GetStarted. These steps may take multiple days to complete, and this time should be factored into plans for electronic submission in order to avoid facing unexpected delays that could result in the rejection of an application. If submitting electronically through www.grants.gov, applicants must save the application document as a .doc, .pdf, .txt or .xls file.

Any application received on grants.gov after the deadline will be considered as non-responsive and will not be evaluated.

#### D. Intergovernmental Review

This funding opportunity is not subject to Executive Order 12372, "Intergovernmental Review of Federal Programs"

E. Funding Restrictions, Unallowable Activities, and Specific Prohibitions

In addition to those specified under OMB Circular A–122, the following costs and activities are also unallowable or contain specific restrictions:

#### 1. Pre-award Costs

Pre-award costs are not reimbursable.

## 2. Alternative Income-Generating Activities

USDOL funds awarded under all USDOL Cooperative Agreements may not be used to provide micro-credits, revolving funds, or loan guarantees. Permissible costs related to alternative income-generating activities for workers may include, but are not limited to, vocational or skills training, incidental tools and equipment, guides, manuals, and market feasibility studies. USDOL reserves the right to negotiate the exact nature, form, or scope of alternative income-generating activities and to approve or disapprove these activities at any time after award of the Cooperative Agreement.

## 3. Subawards to Organizations, Groups, and/or Persons

Grantees may procure sub-contracts or sub-grants with other organizations to fulfill the purpose and activities of the Cooperative Agreement award. Subawards may be included as a budget line item. Subawards must be awarded in accordance with 29 CFR 95.40-48 and are subject to audit, in accordance with the requirements of 29 CFR 95.26(d). Subawards awarded after the Cooperative Agreement is signed, and not proposed in the application, must be awarded through a formal competitive bidding process, unless prior written approval is obtained from USDOL. In addition, all subawards are subject to the restrictions and prohibitions related to prostitution, inherently religious activities, and terrorism as outlined in this section (6–8). Detailed information on subawards should be provided during the project document review process. Copies of all subawards above \$100,000 must be provided to USDOL prior to implementation of the contract.

## 4. Lobbying or Fund-Raising the U.S. Government With Federal Funds

Under the Cooperative Agreements, no activity, including awareness raising and advocacy activities, may include fund-raising, or lobbying of all

Governments (see OMB Circular A-122). COOPERATIVE AGREEMENT APPLICANTS CLASSIFIED UNDER THE INTERNAL REVENUE CODE AS A 501(c)(4) ENTITY (see 26 U.S.C. 501(c)(4)), MAY NOT ENGAGE IN LOBBYING ACTIVITIES. According to the Lobbying Disclosure Act of 1995, as codified at 2 U.S.C. 1611, an organization, as described in Section 501(c)(4) of the Internal Revenue Code of 1986, that engages in lobbying activities directed toward the USG will not be eligible for the receipt of Federal funds constituting an award, grant, Cooperative Agreement, or loan.

## 5. Funds to Host Country Governments

USDOL funds awarded under this solicitation are not intended to duplicate or substitute for host-country government efforts or resources. Therefore, in general, Grantees may not provide any of the funds obligated under the Cooperative Agreement to foreign government entities, ministries, officials, or political parties. However, subcontracts with foreign government agencies may be awarded to provide direct services or undertake project activities subject to applicable laws and only after a competitive procurement process has been conducted and no other entity in the country is able to provide these services. Grantees must receive prior USDOL approval before subcontracting to foreign government agencies for the provision of direct educational services.

#### 6. Prostitution

The USG is opposed to prostitution and related activities, which are inherently harmful and dehumanizing, and contribute to the phenomenon of trafficking in persons. U.S. nongovernmental organizations, and their subawardees, cannot use USG funds to lobby for, promote or advocate the legalization or regulation of prostitution as a legitimate form of work. Foreign non-governmental organizations, and their subawardees, that receive USG funds cannot lobby for, promote or advocate the legalization or regulation of prostitution as a legitimate form of work; this includes organizations receiving both general and traffickingrelated grants. It is the responsibility of the Grantees to ensure its subawardees meet these criteria.

## 7. Inherently Religious Activities

The USG is generally prohibited from providing direct financial assistance for inherently religious activities. Federal funds provided under a USDOLawarded Cooperative Agreement may not be used for religious instruction, worship, prayer, proselytizing or other inherently religious activities. Neutral, non-religious criteria that neither favor nor disfavor religion must be employed by the Grantee in the selection of subawardees. This provision must be included in all subawards issued under the Cooperative Agreement.

#### 8. Terrorism

Applicants are reminded that U.S. Executive Orders and U.S. law prohibit transactions with, and the provision of resources and support to, individuals and organizations associated with terrorism. It is the legal responsibility of Grantees to ensure compliance with these Executive Orders and laws. This provision must be included in all subawards issued under the Cooperative Agreement.

## V. Application Review Information

USDOL will screen all applications to determine whether all required elements are present and clearly identifiable, including the technical proposal, cost proposal, recent audits, partnership agreements where applicable, the Curricula Vitae of key personnel, and personnel agreements. A Technical Panel will objectively rate each complete application against the criteria described in this announcement. The panel recommendations to the Grant Officer are advisory in nature. The Grant Officer may elect to select one or more Grantees on the basis of the initial proposal submission, or the Grant Officer may establish a competitive or technically acceptable range for the purpose of selecting qualified applicants. If deemed appropriate, following the Grant Officer's call for the preparation and receipt of final revisions of proposals, the evaluation process described above will be repeated to consider such revisions. The Grant Officer will make a final selection determination based on what is most advantageous to the USG, considering factors such as panel findings based on the criteria listed below and the best value to the government, cost, and other factors. The Grant Officer's determination for award under this Solicitation is final.

#### A. The Review Process

The criteria below will serve as the basis upon which submitted applications will be evaluated. Technical aspects of the application will constitute 100 points of the total evaluation. Up to five (5) additional points will be given for leveraging non-Federal resources.

In order to assist USDOL in assessing the efficient and effective allocation of

project funding, the Applicant must submit a project budget that clearly details the costs for performing all of the requirements presented in this solicitation which is attached to the PRODOC in section II but does not count against the page limit, including producing all deliverables, reporting on implementation and progress, and monitoring progress. Applicants are reminded to budget for compliance with the administrative requirements set forth (copies of all regulations referenced in this solicitation are available at no cost, on-line, at http:// www.dol.gov). This includes the costs of performing activities such as travel to Washington, DC to meet with USDOL/ ILAB, financial audit, project closeout, project evaluation, document preparation (e.g., progress reports, project document), and ensuring compliance with procurement and property standards. The Project Budget must identify administrative costs separately from programmatic costs. In addition to the costs identified previously, administrative costs include indirect costs from the costs pool and the cost of activities, materials (e.g., project car), and personnel (e.g., administrative assistants, office drivers) that support the management and administration of the project, but do not provide direct services to project beneficiaries.

## B. Technical Approach—65 points

The extent to which the application sets forth a clear and supportable course of action to improve labor law compliance in Central America by: (a) Supporting the implementation of a career civil service; (b) attracting and retaining qualified, experienced and highly competent inspectorate staff; (c) increasing transparency and credibility within the labor inspectorate; (d) creating a smoother transition during changes in the administration; (e) creating more efficient and established personnel systems; and (f) retaining institutional strategic planning.

In developing the strategy, applicants are expected to take into consideration the following issues:

- The level of technical assistance that Central American Ministries of Labor have received in the past five (5) years and continue to receive from bilateral donors and international organizations;
- The need to ensure that the project strategy is consistent with any national strategy to increase labor law compliance.
- The need to sustain project improvements, including retaining the

new knowledge and practices of project-trained ministry staff.

 The need to engage local stakeholders in the design and implementation of the project strategy.

#### Points

Applicants will be evaluated on the clear identification and description of the specific strategy(s) the applicant proposes to use, and the effectiveness and attainability of project objectives by the end of the grant period. Proposals should include a work plan that is practical, manageable, and can achieve project results. Applicants must include an implementation plan that lists a schedule of activities and list of deliverables that would be completed by the Grantee each quarter. The strategy must include a sustainability plan outlining clearly how the project activities will be sustained when the project has been completed. (20 points)

Applicants will be evaluated on demonstrated familiarity with the major issues related to the components being addressed (Labor Inspectorate continuity, hiring and oversight mechanisms, accountability and management, and providing appropriate incentives, skills, and motivation). Applicants will be evaluated on the thorough and accurate assessment of the implementing environment and the problems that exist and clear identification of the specific problem(s) the applicant proposes to address. (10 points)

Applicants will be evaluated on their monitoring and evaluation plan for measuring project performance that includes challenging but realistic targets and measurable, verifiable project indicators that measure achievement of project objectives and performance in project implementation. The plan should show how the information and data will be collected and what systems will be put in place for self-assessment, monitoring, and continuous improvement. (5 points)

Applicants will be evaluated on their approach to expending funds in the most cost-effective method possible in order to achieve the project objectives. Applicants must submit an Outputsbased Budget, a sample of which is provided in Annex 1. Applicants must refer to its submitted budget in explaining how the budgeted funds will be utilized cost-effectively. In order to assist USDOL in assessing the efficient and effective allocation of project funding, applicants must submit, at minimum, supporting budget information indicating how the applicant arrived at estimating the costs of the following items/activities:

Salaries and benefits for all key personnel, 2-3 key activities proposed by the applicant under its project design, and meeting all USDOL closeout requirements. Applicants will be evaluated based on the clear identification of all project costs and efficient and effective allocation of funding. The project budget should clearly demonstrate that the total amount and distribution of funds is sufficient to cover the cost of all major project activities identified by the applicant in its proposal, management of the project, monitoring and evaluation, and project close-out and that the distribution of funds maximizes the provision of goods and/or services to project beneficiaries. Higher ratings may be given to applicants with low administrative costs and with a budget breakdown that provides a larger amount of resources to project activities. The Grant Officer reserves the right to negotiate administrative cost levels prior to award. Indirect cost charges should be based on allowable, allocable, and reasonable costs based on the applicable cost principles included in the OMB Circular A-122 and Indirect Charges Instructions included in Annex 2. This section will be evaluated in accordance with applicable Federal laws and regulations. Applicants should submit output-based budgets. A sample of an output-based budget format is included in Annex 1. The budget must comply with Federal cost principles (which can be found in the applicable OMB Circulars) and with ILAB budget requirements contained in the application instructions in Section VI of this solicitation. Applicants must also be required to include an indirect cost certification, the SF 424, SF 424A, and the Equal Employment Opportunity Commission (EEOC) survey. (15 points)

Applicants will be evaluated on the use of existing expertise from the recipient country in order to reduce costs and further develop local capacity. The proposal should identify specific organizations that are to carry out the work in each country. Local organizations will be rated on their ability to effectively carry out the proposed work, including experience implementing labor projects, their experience working with the Ministries of Labor in target countries, and their ability to implement activities in a timely manner. (10 points)

Applicants will be evaluated on a schedule of quarterly deliverables that will serve to determine the level of performance of the contractor. The identification of deliverables that are presented in the proposal should be objective, verifiable, and demonstrate

progress in achieving project objectives. (5 points)

• Institutional Qualifications/Past Performance—20 points

Applicants will be evaluated on prior experience in designing and implementing activities in developing countries, especially in Central America, related to the support of career civil service implementation; including but not limited to improving hiring and oversight mechanisms to strengthen continuity in the workforce, improving accountability and management, and providing civil servants with appropriate incentives, skills, and motivation. Applicants must include information as an attachment (which will not count towards the page limit) regarding previous grants or contract for the project(s) including: (a) The organization for which the work was done, (b) a contact person in that organization with his/her current phone number, (c) the dollar value of the grant, contract, or Grant for the project(s), (d) the time frame and professional effort, either directly by key personnel, by consultants, or under contractual arrangements involved in the project(s), (e) a brief summary of the work performed; and f) a brief summary of accomplishments. (10 points)

Applicants will be evaluated on their demonstration of strong financial management and internal control systems. If the applicant is a U.S.-based, non-profit organization already subject to the single audit requirements, the applicant's most recent single audit, as submitted to the Federal Audit Clearinghouse, must accompany the application as an attachment. In addition, applications must show that they have complied with report submission timeframes established in OMB Circular A-133. If an applicant is not in compliance with the requirements for completing their single audit, the application will be considered nonresponsive and will be rejected. If the applicant is a for-profit or foreignbased organization, a copy of its most current independent financial audit must accompany the application as an attachment. Applicants must also submit a copy of the most recent single audit report for all proposed U.S.-based, non-profit partners, Associates and subcontractors that are subject to the Single Audit Act. If the proposed Associate(s) or partner(s) is a for-profit or foreign-based organization, a copy of its most current independent financial audit should accompany the application as an attachment. If the audit submitted by the applicant reflects any adverse opinions, the application will not be further considered by the technical

review panel and will be rejected. USDOL reserves the right to ask further questions on any audit report submitted as part of an application. USDOL also reserves the right to place special conditions on Grantees if concerns are raised in their audit reports. In order to expedite the screening of applications and to ensure that the appropriate audits are attached to the proposals, the applicant must provide a cover sheet to the audit attachments listing all proposed partners and subcontractors. These attachments will not count toward the application page limit. (10 points)

• Experience of Personnel/ Management plan—15 points

The applicant must propose key personnel with prior experience directly related to the proposed work, including technical and language qualifications, professional competence, relevant academic background, and demonstrated experience. Applicants must submit a résumé for each key personnel proposed, which includes the individual's current employment status and previous work experience, including position title, duties performed, salary history, dates in position, employing organizations, and educational background. Duties must be clearly defined in terms of role performed (i.e., manager, team leader, consultant). Résumés must be included as attachments, which do not count against the page limitation. Management and professional technical staff members comprising the applicant's proposed team must be individuals who have prior experience with organizations working in similar efforts, and who are fully qualified to perform the work specified in the Scope of Work. (10 points)

The applicant must demonstrate successful performance of the proposed work depending heavily on the management of the project. Accordingly, in its evaluation of each application, USDOL will place emphasis on the applicant's management approach involved in accomplishing the assigned tasks. This section of the application must include sufficient information to judge management and staffing plans. Where subawards or outside assistance are proposed, organizational lines of authority and responsibility should be clearly delineated to ensure responsiveness to the needs of USDOL. (5 points)

• Leveraging of Grant Funding—5 points

USDOL will award up to five (5) additional rating points to applications that include non-Federal resources that significantly expand the size and scope

of project-related activities. These programs must not be financed by the project, but can complement and enhance project objectives. To be eligible for the additional points, the applicant must list the resource(s), the nature, and possible activities anticipated and any partnerships, linkages, or coordination of activities, cooperative funding, etc., including the specific value of such contributions.

#### VI. Award Administration Information

#### 1. Award Notices

The Grant Officer will notify applicants of designation results as follows:

Designation Letter: The designation letter signed by the Grant Officer will serve as official notice of an organization's designation. The designation letter will be accompanied by a Cooperative Agreement and ILAB's Management Procedures and Guidelines (MPG).

Non-Designation Letter: Any organization not designated will be notified formally of the non-designation and given the basic reasons for the determination. Notification of designation by a person or entity other than the Grant Officer is not valid.

2. Administrative and National Policy Requirements

#### A. General

Grantees are subject to applicable U.S. Federal laws (including provisions of appropriations law) and regulations, Executive Orders, applicable OMB Circulars, and USDOL policies. If during project implementation a Grantee is found in violation of USG laws and regulations, the terms of the Cooperative Agreement awarded under this solicitation may be modified by USDOL, costs may be disallowed and recovered, the Cooperative Agreement may be terminated, and USDOL may take other action permitted by law. Determinations of allowable costs will be made in accordance with the applicable U.S. Federal cost principles.

#### B. Audits

After award, Grantees must also submit an annual independent audit regardless of grant amount.

i. For U.S. based non-profit organizations expending \$500,000 or more in a year in Federal awards: a "single" or "program specific" audit conducted under the provisions of OMB Circular A–133 is required.

ii. For all other organizations (including foreign-based and private forprofit grantees): an audit conducted in accordance with the U.S. Government Accountability Office's (GAO) "Government Auditing Standards" is required. The audit must address the following:

(a) Compliance with the Department's regulations and the provisions of the Cooperative Agreement; and

(b) Reliability of the organization's financial and performance reports.

Costs for audits or attestation engagements should be included in direct or indirect costs, whichever is appropriate.

Please Note: USDOL generally allows the costs to be allocated based on the following (applicable to U.S. based agencies only): 1) A-133 "single audit" costs as part of the indirect cost rate/pool for organizations with more than one Federal source of funding. Organizations with only one Federal source could charge the A-133 single audit cost as direct costs; 2) A-133 "compliance supplement" costs—as direct costs for Federal sources only through a cost allocation methodology approved by the Federal cognizant agency; or 3) A-133 program specific audits as direct costs. Any deviations from the above must be explained and justified in the application.

appears impossible for key personnel to continue work on the project as planned. The Grantee must nominate, through the submission of a formal project revision, new personnel; however, the Grantee must obtain approval from the Grant Officer before all changes to key personnel are formalized. If the Grant Officer is unable to approve the key personnel change, she or he reserves the right to terminate the Cooperative Agreement or disallow costs.

- The USDOL logo may be applied to USDOL-funded material prepared for public distribution, including posters, videos, pamphlets, research documents, national survey results, impact evaluations, best practice reports, and other publications of public interest. The Grantee(s) must consult with USDOL on whether the logo may be used on any such items prior to final draft or final preparation for distribution. In no event shall the USDOL logo be placed on any item until USDOL has given the Grantee written permission to use the logo on the item.
- All documents should include the following notice: "This document does not necessarily reflect the views or policies of the U.S. Department of Labor, nor does mention of trade names, commercial products, or organizations imply endorsement by the U.S. Government."

## H. Privacy and Freedom of Information

Any information submitted in response to this solicitation will be subject to the provisions of the Privacy Act and the Freedom of Information Act, as appropriate.

#### I. Site Visits

USDOL, through its authorized representatives, has the right, at all reasonable times, to make site visits to review project accomplishments and management control systems and to provide such technical assistance as may be required. If USDOL makes any site visit on the premises of the Grantee or a subawardee(s) under this grant, the Grantee must provide and must require its subawardee(s) to provide all reasonable facilities and assistance for the safety and convenience of the Government representatives in the performance of their duties. #### **ANNEX 2:**

## INDIRECT CHARGES

This clause is applicable to all entities (non-profit, for-profit organizations, and State and local organizations, etc.) receiving Federal cost reimbursable grants or contracts.

Indirect cost charges should be based on allowable, allocable, and reasonable costs based on the applicable cost principles<sup>1</sup>. It is important to highlight the submission requirements of indirect cost proposals. As an example, OMB Circular A-122, Attachment A, Section E. 2. Negotiation and Approval of Indirect Rates, states:

- <u>A non-profit organization which has not previously established an indirect cost rate</u> with a Federal agency <u>shall</u> submit its initial indirect cost proposal immediately after the organization is advised that an award will be made and, <u>in no event, later than three months</u> after the effective date of the award.
- <u>Organizations that have previously established indirect cost rates</u> submit a new indirect cost proposal to the cognizant agency<sup>2</sup> <u>within six months after the close of each fiscal year.</u>

Negotiated Indirect Cost Rate Agreements (NICRAs) are used to support indirect cost claims. These documents should be current at the time of the award (See statement on "Adequate NICRAs" further below). The final rates in the NICRAs are used for "close-out" purposes.

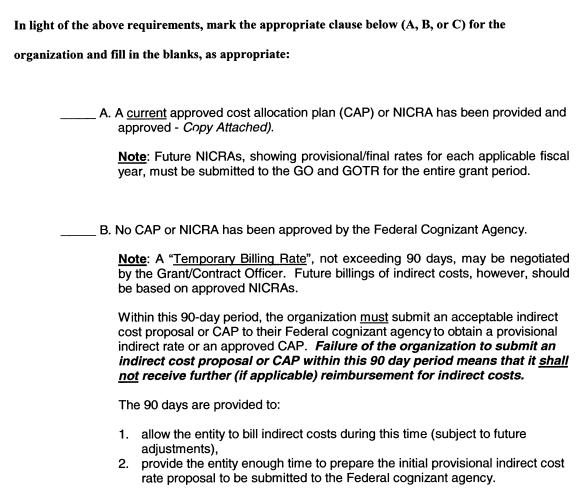

Regarding allocable costs, attachment A of the Circular, also states:

Any cost allocable to a particular award or other cost objective under these principles
 <u>may not be shifted</u> to other Federal awards to overcome funding deficiencies, or to
 avoid restrictions imposed by law or by the terms of the award.

<sup>&</sup>lt;sup>1</sup> OMB Circular A-122 for non-profit organizations or OMB Circular A-87 for State and local organizations available at: <a href="http://www.whitehouse.gov/omb/circulars/index.html">http://www.whitehouse.gov/omb/circulars/index.html</a>; Federal Acquisition Regulations, Part 31.2 for for-profit organizations available at <a href="http://www.arnet.gov/far/">http://www.arnet.gov/far/</a>.

<sup>&</sup>lt;sup>2</sup> Federal agency providing the preponderance of direct Federal funds.

----

In light of the above, a temporary billing rate of (N/A or %) \_\_\_\_\_\_% has been approved by\_\_\_\_\_(grant/contracting officer at the Departmental agency; example: ETA, OASAM, etc.) for the first *90 days* of the grant/contract period. This rate is based on the fact that the organization has not established a NICRA or approved CAP.

#### DOL - Federal Cognizant Agency

If DOL is the Federal cognizant agency, please contact Victor M. Lopez, Chief, Division of Cost Determination (DCD) at 202-693-4106. DCD's main phone number is 202-693-4100. For more information, visit DCD's website available at: <a href="http://www.dol.gov/oasam/programs/boc/costdeterminationguide/main.htm">http://www.dol.gov/oasam/programs/boc/costdeterminationguide/main.htm</a>.

C. No indirect costs are claimed in the proposed budget.

Notes: As stated previously,

 Any cost allocable to a particular award or other cost objective under these principles <u>may not be shifted</u> to other Federal awards to overcome funding deficiencies, or to avoid restrictions imposed by law or by the terms of the award.

In light of the above statement, a "Certificate of Direct Costs" must be completed in support of future claims of direct costs (see attached).

----

### **Adequate NICRAs**

Some federal agencies issue indirect cost rate agreements that are effective "until amended." These rate agreements will not be accepted by the grant officer if the last negotiated fiscal year shown in the agreement is more than one year past the date of the DOL award.

For example, a provisional rate approved for FYE 12/31/03 "until amended" will not be accepted for any DOL award issued after 12/31/04. This statement is based on the federal cost principles (see footnote 1 above) that require organizations to submit a final indirect cost proposal to the Federal cognizant agency no later than six months after the entity's fiscal year ends.

Following the example above, by 6/30/04 the organization should have submitted a new indirect rate proposal to its federal cognizant agency for review and negotiation.

#### **CERTIFICATE OF DIRECT COSTS**

The following must be filled in for organizations that are not proposing any indirect costs.

This is to certify that:

| 1. | All costs budgeted and to be claimed under this proposal supporting the period, through are allowable in accordance with the requirements of grants/contracts to which they apply and with the Federal cost principles; i.e., (please check those applicable cost principles): |
|----|--|
|    | OMB Circular A-87, Cost Principles for State, Local and Federally recognized Indian Tribal Governments.  OMB Circular A-122, Cost Principles for Non-Profit Organizations Federal Acquisition Regulation (FAR), Subpart 31.2, Cost Principles for Commercial Organizations.    |
| 2. | Claimed costs <u>do not</u> include any costs which are unallowable under applicable Federal cost principles. For example:   |

advertising, contributions and donations, bad debts, entertainment costs, fines and penalties, general government expenses, and defense of fraud proceedings;

- The requirements standards on lobbying costs for non-profit (A-122) and commercial (FAR)
  organizations have been complied with and,
- 4. All costs included in the proposal are <u>properly allocable</u> to U.S. Department of Labor grants/contracts on the basis of a beneficial or casual relationship between the expenses incurred and the agreements to which they are allocated in accordance with applicable Federal cost principles.

Subject to the provisions of the Program Fraud Civil Remedies Act of 1986, (31 USC 3801 et seq.), and the Department of Labor's implementing regulations, (29 CFR Part 22), the False Claims Act (18 USC 287 and 31 USC 3729); and the False Statements Act (18 USC 1001), I declare to the best of my knowledge the foregoing is true and correct.
