

(UMRA) (Pub. L. 104–4, 109 Stat. 48) for State, local and Tribal governments, or the private sector of \$100 million or more in any one year. Thus, the proposed rule is not subject to the requirements of sections 202 and 205 of the UMRA.

E. Executive Order 13132 (Federalism Assessment)

This action has been analyzed in accordance with the principles and criteria contained in E.O. 13132. The FHWA has determined that this action does not have sufficient federalism implications to warrant the preparation of a federalism assessment. The FHWA has also determined that this action does not preempt any State law or State regulation or affect the States' ability to discharge traditional State governmental functions.

F. Paperwork Reduction Act

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless the collection displays a currently valid Office of Management and Budget (OMB) control number. This proposed rule is deregulatory and so would not impose any additional information collection requirements.

G. National Environmental Policy Act

FHWA has analyzed this proposed rule pursuant to the NEPA and has determined that it is categorically excluded under 23 CFR 771.117(c)(2), which applies to the promulgation of rules, regulations, and directives. Categorically excluded actions meet the criteria for categorical exclusions under 23 CFR 771.117(a) and normally do not require any further NEPA approvals by FHWA. This proposed rule would remove requirements regarding safety, bridge, pavement, and congestion management systems that are currently outdated. FHWA does not anticipate any adverse environmental impacts from this proposed rule, and no unusual circumstances are present under 23 CFR 771.117(b).

H. Executive Order 13175 (Tribal Consultation)

Executive Order 13175 requires Federal agencies to consult and coordinate with Tribes on a government-to-government basis on policies that have Tribal implications, including regulations, legislative comments or proposed legislation, and other policy statements or actions that have substantial direct effects on one or

more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes. FHWA has assessed the impact of this proposed rule on Indian Tribes and determined that since this rulemaking would only remove outdated regulations that deal with a program that has been superseded by the Tribal Transportation Program, this rulemaking would not have Tribal implications that require consultation under Executive Order 13175 or DOT Order 5301.1A.

I. Regulation Identifier Number

A RIN is assigned to each regulatory action listed in the Unified Agenda of Federal Regulations. The Regulatory Information Service Center publishes the Unified Agenda in the spring and fall of each year. The RIN contained in the heading of this document can be used to cross reference this action with the Unified Agenda.

J. Rulemaking Summary, 5 U.S.C. 553(b)(4)

As required by 5 U.S.C. 553(b)(4), a summary of this proposed rule can be found at [regulations.gov](https://www.regulations.gov), under the docket number.
