

("Commission") is soliciting comments on the collections of information summarized below. The Commission plans to submit these existing collections of information to the Office of Management and Budget ("OMB") for extension and approval.

Rule 203A-2(f), which is entitled "Internet Investment Advisers," exempts from the prohibition on Commission registration an Internet investment adviser who provides investment advice to all of its clients exclusively through computer software-based models or applications, termed under the rule as "interactive websites."¹ These advisers generally would not meet the statutory thresholds set out in section 203A of the Advisers Act—they do not manage \$25 million or more in assets and do not advise registered investment companies.² Eligibility under rule 203A-2(f) is conditioned on an adviser maintaining in an easily accessible place, for a period of not less than five years from the filing of Form ADV relying on the rule,³ a record demonstrating that the adviser's advisory business has been conducted through an interactive website in accordance with the rule.

This record maintenance requirement is a "collection of information" for PRA purposes. The Commission believes that approximately 25 advisers are registered with the Commission under rule 203-2A(f), which involves a recordkeeping requirement manifesting in approximately four burden hours per year per adviser and results in an estimated 100 of total burden hours (4 × 25) for all advisers.

This collection of information is mandatory, as it is used by Commission staff in its examination and oversight program in order to determine continued Commission registration eligibility for advisers registered under this rule. Responses generally are kept confidential pursuant to section 210(b) of the Advisers Act.⁴ Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the

functions of the agency, including whether the information will have practical utility; (b) The accuracy of the agency's estimate of the burden of the collection of information; (c) Ways to enhance the quality, utility, and clarity of the information collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to R. Corey Booth, Director/Chief Information Officer, Office of Information Technology, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549.
