

ADDRESSES: You may submit comments, identified by Docket No. CFPB–2023–0020, by any of the following methods:

- *Federal eRulemaking Portal:* <https://www.regulations.gov>. Follow the instructions for submitting comments.

- *Email:* DataBrokersRFI_2023@cfpb.gov. Include Docket No. CFPB–2023–0020 in the subject line of the message.

- *Mail/Hand Delivery/Courier:* Comment Intake—Request for Information Regarding Data Brokers, Consumer Financial Protection Bureau, 1700 G Street, NW, Washington, DC 20552. Because paper mail in the Washington, DC area and at the CFPB is subject to delay, commenters are encouraged to submit comments electronically.

Instructions: The CFPB encourages the early submission of comments. All submissions should include the agency name and docket number for this request for information. Please note the number of the topic on which you are commenting at the top of each response (you do not need to address all topics.) In general, all comments received will be posted without change to <https://www.regulations.gov>. All comments, including attachments and other supporting materials, will become part of the public record and subject to public disclosure. Sensitive personal information, such as account numbers or Social Security numbers, should not be included. Comments generally will not be edited to remove any identifying or contact information.

FOR FURTHER INFORMATION CONTACT: Erie Meyer, Chief Technologist and Senior Advisor, Office of the Director; Davida Farrar, Counsel, Office of Consumer Populations, at 202–435–7700. If you require this document in an alternative electronic format, please contact CFPB_Accessibility@cfpb.gov.

SUPPLEMENTARY INFORMATION: On March 15, 2023, the Bureau issued a request for information seeking information from the public on the data broker industry. Data brokers is an umbrella term to describe firms that collect, aggregate, sell, resell, license, or otherwise share consumers' personal information with other parties. Data brokers encompass actors such as first-party data brokers that interact with consumers directly, as well as third-party data brokers with whom the consumer does not have a direct relationship. Data brokers include firms that specialize in preparing employment background screening reports and credit reports. Data brokers collect information from public and private sources for purposes including marketing and advertising, building and

refining proprietary algorithms, credit and insurance underwriting, consumer-authorized data porting, fraud detection, criminal background checks, identity verification, and people search databases.

This request for information seeks comments from the public on data brokers. The submissions in response to this request for information will serve to assist the CFPB and policymakers in understanding the current state of business practices in exercising enforcement, supervision, regulatory, and other authorities. The CFPB welcomes stakeholders to submit data, analysis, research, and other information about data brokers. The CFPB also requests input from individuals who have interacted with or have been affected by data broker business practices.

The Bureau has determined that it is appropriate to extend until July 15, 2023, the comment period on this request for information. This extension will allow interested persons more time to pull together the requested information for submission. The comment period will now close on July 15, 2023.

Paul Hannah,

Senior Counsel, Consumer Financial Protection Bureau.

BILLING CODE 4810–AM–P

DEPARTMENT OF DEFENSE

Department of the Army

[Docket ID: USA–2023–HQ–0004]

Submission for OMB Review; Comment Request

AGENCY: Department of the Army, Department of Defense (DoD).

ACTION: 30-Day information collection notice.

SUMMARY: The DoD has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

DATES: Consideration will be given to all comments received by July 13, 2023.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open

for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Angela Duncan, 571–372–7574, whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Program Executive Office Enterprise Information Systems (PEO EIS) Climate Survey; OMB Control Number 0702–0153.

Type of Request: Revision.

Number of Respondents: 1,618.

Responses per Respondent: 1.

Annual Responses: 1,618.

Average Burden per Response: 30 minutes.

Annual Burden Hours: 809.

Needs and Uses: The Program Executive Office Enterprise Information Systems Climate Survey (PEO EIS) Climate Survey is seeking feedback from its civilian, military, and contractor personnel to assess how they feel about the organization and their work environment. The responses will enable PEO EIS leadership to assess and determine where changes are required. PEO EIS will distribute this Climate Survey using the MilSuite survey feature, which enables PEO EIS to create a custom survey for distribution organization-wide with advanced survey statistics to capture, review, and share the responses. Respondents will access and provide their responses to the collection instrument online. They will receive a link via email that takes them directly to the PEO EIS Climate Survey in MilSuite. The PEO EIS Operations Team will review the survey responses and provide data and subsequent analysis to PEO EIS leadership. The results will enable leadership to communicate areas for improvement, actions they plan to take or have been taken, and if the changes address the area in need of improvement with its personnel. Additionally, since the survey is annual, PEO EIS will be able to review and analyze data year to year to identify trends. This climate survey was previously fielded to only one branch of PEO EIS, but will be expanded to include the entire organization.

Affected Public: Individuals or households.

Frequency: Annually.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Ms. Jasmeet Sehra.

You may also submit comments and recommendations, identified by Docket ID number and title, by the following method:

• *Federal eRulemaking Portal*: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Instructions: All submissions received must include the agency name, Docket ID number, and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

DOD Clearance Officer: Ms. Angela Duncan.

Requests for copies of the information collection proposal should be sent to Ms. Duncan at whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

Dated: June 5, 2023.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

[Docket ID: USA-2023-HQ-0006]

Submission for OMB Review; Comment Request

AGENCY: U.S. Army Corps of Engineers, Department of Defense (DoD).

ACTION: 30-Day information collection notice.

SUMMARY: The DoD has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

DATES: Consideration will be given to all comments received by July 13, 2023.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Angela Duncan, 571-372-7574, whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

SUPPLEMENTARY INFORMATION:

Title; *Associated Form*; and *OMB Number*: Red River Navigation

Transportation Rate Survey; OMB Control Number 0710-RRNS.

Type of Request: New.

Number of Respondents: 100.

Responses per Respondent: 1.

Annual Responses: 100.

Average Burden per Response: 60 minutes.

Annual Burden Hours: 100.

Needs and Uses: The U.S. Army Corps of Engineers (USACE) operates and maintains much of the nation's inland navigation infrastructure of locks, dams, and channels. Inland navigation improvement studies conducted by the Corps typically use surveys of shippers, carriers, and others to estimate the impacts on proposed waterway traffic of alternative capital and operations and maintenance investment strategies. The data are used to estimate, among other things, alternative mode cost, shipper response to changes in waterway transportation cost and reliability. This information is used in planning studies for evaluated of projected benefits associated with various plans. The USACE Tulsa District (SWT) and the Red River Waterway Commission request approval of a survey instrument that collects information from business owners to analyze potential benefits associated with a proposed navigation channel along the Red River from Denison Dam to Index, AR. The survey will assist in analyzing how businesses in the region currently transport their commodities and how the option of a navigable waterway would affect these movements. Respondents will be businesses in the study area that could use the proposed navigation channel. Respondents will be identified based on analysis of data from the Surface Transportation Board and with the assistance of the Red River Valley Association, which has numerous contacts with regional business and industry groups. These businesses will be selected based on primary types and volume of commodities shipped and surveys will be provided to respondents with the opportunity to respond. SWT will conduct follow-up phone calls if necessary. Surveys will be conducted using telephone and in-person interviews, as well as via an online survey platform. The Red River Valley Association will assist in garnering industry support for completion of the survey. Information from the questionnaire items for the collection of planning data is needed to formulate and evaluate alternative water resources development plans in accordance with the Principles and Guidelines for Water Related Land Resources Implementation Studies, promulgated by the U.S. Water

Resources Council, 1983, which specifically identifies interviews with shippers, carriers and port officials as well as commodity consultants and experts to; identify commodity types, study area, commodity flow, estimate transportation cost and forecast waterway use. In the Corps of Engineers Engineering Regulation 1105-2-100, "Planning Guidance Notebook," benefits are defined as transportation cost reduction benefits, including shift of mode and shift of origin-destination and new movement benefits. Failure to gather this information would result in Corps studies relying on incomplete or dated information regarding the cost and use of the navigation systems and the impacts of proposed capital improvements.

Affected Public: Business or other for-profit.

Frequency: Once.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Mr. Matthew Oreska.

You may also submit comments and recommendations, identified by Docket ID number and title, by the following method:

• *Federal eRulemaking Portal*: <http://www.regulations.gov>. Follow the instructions for submitting comments.
