

DEPARTMENT OF TRANSPORTATION**Federal Highway Administration****Environmental Impact Statement: State Route (SR)-108, Davis and Weber Counties, UT**

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Intent to Prepare an Environmental Impact Statement (EIS).

SUMMARY: The FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for a proposed roadway improvement on SR-108 in Davis and Weber Counties, Utah.

FOR FURTHER INFORMATION CONTACT:

Todd Emery, Transportation and Environmental Engineer, Federal Highway Administration, 2520 West 4700 South, Suite 9A, Salt Lake City, UT 84118, Telephone: (801) 963-0078, x. 227. Charles Mace, Project Manager, Utah Department of Transportation, 166 West Southwell Street, Ogden, UT 84404, Telephone (803) 620-1685. To receive project updates, please provide your name and address to one of the above addresses.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Utah Department of Transportation, will prepare an EIS on a proposal to improve SR-108 in Davis and Weber Counties. The proposed improvements would involve reconstruction of the existing SR-108 between SR-127 (West Antelope Drive) in Syracuse and SR-126 (1900 West) in West Haven, a distance of about 9.5 miles. The project would go through the cities of Syracuse, West Point, Clinton, Roy, and West Haven, Utah.

Improvements to SR-108 are necessary to provide for projected 2035 travel demand, and improve safety and regional mobility. Alternatives under consideration include (1) Taking no-action (no-build); (2) using alternative travel modes; (3) employing access control and transportation demand management to improve the efficiency of the existing road network; and (4) widening the existing two-lane roadway to five lanes or the appropriate number of lanes to address travel demand needs. Incorporated into and studied with the various build alternatives will be design variations for key intersections along the roadway. In addition, alternatives identified in the scoping process will be evaluated in the EIS.

Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, State, and local agencies, and to private organizations

and citizens who have previously expressed or are known to have interest in this proposal. A series of public meetings to solicit input on the project, identify potential alternatives, and obtain information about the community will be held in the proximity of the project starting in late July 2006. Information on the time and location of the public meeting will be provided to the community in local news papers and fliers through the mail. In addition, a public hearing to seek input on the alternatives evaluated in detail will be held after the draft EIS has been prepared. The draft EIS will be available for public and agency review and comment before the public hearing.

To ensure that a full range of issues related to the proposed action is addressed and all significant issues are identified, comments and suggestions are invited from all interested parties. Comments or questions concerning the proposed action and the EIS should be directed to the FHWA or the Utah Department of Transportation at the addresses provided above.

Background

U.S. Secretary of Transportation Norman Y. Mineta announced on March 7, 2006, the five medical experts who will serve on FMCSA's new MRB. Section 4116 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU, Pub. L. 109-59) requires the Secretary of Transportation with the advice of the MRB and a Chief Medical Examiner to "establish, review, and revise medical standards for operators of commercial motor vehicles (CMVs) that will ensure that the physical condition of operators is adequate to enable them to operate the vehicles safely." FMCSA is planning updates to the physical qualification

regulations of CMV drivers, and the MRB will provide the necessary science-based guidance to establish realistic and responsible medical standards.

The MRB will operate in accordance with FACA as announced in the **Federal Register** (70 FR 57642, October 3, 2005). The MRB will be charged initially with the review of all current FMCSR medical standards (49 CFR 391.41), as well as proposing new science-based standards and guidelines to ensure that drivers operating CMVs in interstate commerce, as defined in CFR 390.5, are physically qualified to do so.

Meeting Participation

Attendance is open to the interested public, including medical examiners, motor carriers, drivers, and representatives of medical and scientific associations. The public can participate in a listening session which will be held from 2 p.m.-5 p.m. at the same location. Written comments for the MRB meeting will also be accepted beginning on July 26, 2006 and continuing until September 15, 2006, and should include the docket number that is listed in the **ADDRESSES** section. During the MRB meeting (1100-1200), oral comments may be limited depending on how many persons wish to comment; and will be accepted on a first come, first serve basis as requestors register at the meeting. The comments must directly address relevant medical and scientific issues on the MRB meeting agenda. For more information, view the following Web site: <http://www.fmcsa.dot.gov/mrb>.

Issued on: June 19, 2006.

DEPARTMENT OF TRANSPORTATION

Maritime Administration

[Docket No.: 2006-25166]

Requested Administrative Waiver of the Coastwise Trade Laws

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel AURORA.

SUMMARY: As authorized by Public Law 105-383 and Public Law 107-295, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build

requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below. The complete application is given in DOT docket 2006-25166 at <http://dms.dot.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with Public Law 105-383 and MARAD's regulations at 46 CFR part 388 (68 FR 23084; April 30, 2003), that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR part 388.

DATES: Submit comments on or before July 26, 2006.

ADDRESSES: Comments should refer to docket number MARAD-2006 25166. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. DOT Dockets, Room PL-401, Department of Transportation, 400 7th St., SW., Washington, DC 20590-0001. You may also send comments electronically via the Internet at <http://dmses.dot.gov/submit/>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10 a.m. and 5 p.m., e.t., Monday through Friday, except Federal holidays. An electronic version of this document and all documents entered into this docket is available on the World Wide Web at <http://dms.dot.gov>.
