

–0.35" w.c. Once the external static pressure is set, do not adjust the test duct for the remainder of the test. Measure furnace fan electrical input power (E_{Max}), fuel or electric resistance heat kit input energy ($Q_{IN, Max}$), external static pressure (ESP_{Max}), steady-state efficiency for this setting ($Effy_{SS, Max}$) as specified in sections 11.2 and 11.3 of ASHRAE 103–2007, outlet air temperature ($T_{Max, Out}$), and temperature rise (ΔT_{Max}).

(3) *Representations*. ECR may not make representations about the energy use of a basic model listed in paragraph (1) of this Order for compliance, marketing, or other purposes, unless the basic model has been tested in accordance with the provisions set forth in the Order and such representations fairly disclose the results of such testing.

(4) This waiver shall remain in effect according to the provisions of 10 CFR 430.27.

(5) DOE issues this waiver on the condition that the statements, representations, and information provided by ECR are valid and on the condition that ECR makes no representation on any public-facing materials, including websites, marketing materials, product spec sheets, labels, nameplates, *etc.*, that these basic models are designed to be installed in systems that provide both heating and cooling. If ECR makes any modifications to the controls or configurations of these basic models, such modifications will render the waiver invalid with respect to that basic model, and ECR will either be required to use the current Federal test method or submit a new application for a test procedure waiver. DOE may rescind or modify this waiver at any time if it determines the factual basis underlying the petition for waiver is incorrect, or the results from the alternate test procedure are unrepresentative of a basic model's true energy consumption characteristics. 10 CFR 430.27(k)(1). Likewise, ECR may request that DOE rescind or modify the waiver if ECR discovers an error in the information provided to DOE as part of its petition, determines that the waiver is no longer needed, or for other appropriate reasons. 10 CFR 430.27(k)(2).

(6) Granting of this waiver does not release ECR from the various certification requirements set forth at 10 CFR part 429.

Signing Authority

This document of the Department of Energy was signed on March 4, 2021, by Kelly Speakes-Backman, Principal Deputy Assistant Secretary and Acting

Assistant Secretary for Energy Efficiency and Renewable Energy, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on March 4, 2021.

Treena V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. EL21–56–000]

Louisiana Public Service Commission, Arkansas Public Service Commission, Council of the City of New Orleans, Louisiana, v. System Energy Resources, Inc., Entergy Services, LLC, Entergy Operations, Inc., Entergy Corporation; Notice of Complaint

Take notice that on March 2, 2021, pursuant to sections 206, 306, and 309 of the Federal Power Act, 16 U.S.C. 824e, 825e, and 825h and Rule 206 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.206, Louisiana Public Service Commission, Arkansas Public Service Commission, and Council of The City of New Orleans, Louisiana (Complainants) filed a formal complaint against System Energy Resources, Inc. (SERI), Entergy Services, LLC, Entergy Operations, Inc., and Entergy Corporation, (collectively, Respondents) alleging that SERI has violated the obligation of prudent utility management in operating the Grand Gulf nuclear unit, resulting in large overcharges to its four affiliated customers, Entergy Arkansas, LLC, Entergy Louisiana, LLC, Entergy New Orleans, LLC, and Entergy Mississippi, LLC and their customers, pursuant to a Unit Power Sales Agreement, all as more fully explained in the complaint.

The Complainants certify that copies of the complaint were served on the

contacts listed for Respondents in the Commission's list of Corporate Officials.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<https://www.ferc.gov/>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID–19), issued by the President on March 13, 2020. For assistance, contact the Federal Energy Regulatory Commission at FERCOnlineSupport@ferc.gov, or call toll-free, (886) 208–3676 or TTY, (202) 502–8659.

Comment Date: 5:00 p.m. Eastern Time on March 22, 2021.

Dated: March 3, 2021.

Kimberly D. Bose,
Secretary.
