

Abstract: This Information Collection Request addresses reporting and recordkeeping requirements found in the Asbestos-Containing Materials in Schools Rule (“AHERA Rule” a.k.a. “Schools Rule”) and the Asbestos Model Accreditation Plan (MAP) Rule.

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Form number(s): None.

Respondents/affected entities: Entities potentially affected by this ICR include elementary and secondary school districts and states and the North American Industrial Classification System (NAICS) codes identified in question 12 of the ICR.

Respondent's obligation to respond: Mandatory, per 15 U.S.C. 2643, 15 U.S.C. 2601 and 15 U.S.C. 2646.

Estimated number of potential respondents: 129,640.

Frequency of response: On occasion.

Total estimated burden: 2,414,694 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated costs: \$152,203,002. (per year), includes no annualized capital investment or maintenance and operational costs.

III. Are there changes in the estimates from the last approval?

There is a decrease of 185,985 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This change, which is discussed in more detail in the ICR, reflects a steadily declining number of schools with friable asbestos containing materials (ACM). This change is an adjustment.

IV. What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** document pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Authority: 44 U.S.C. 3501 *et seq.*

Dated: July 18, 2025.

Nancy B. Beck,

*Principal Deputy Assistant Administrator,
Office of Chemical Safety and Pollution
Prevention.*

BILLING CODE 6560–50–P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–0703; FR ID 304438]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before September 22, 2025. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email to PRA@fcc.gov and to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418–2918.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060–0703.

Title: Determining Costs of Regulated Cable Equipment and Installation, FCC Form 1205.

Form Number: FCC Form 1205.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 400 respondents; 600 responses.

Estimated Time per Response: 4–12 hours.

Frequency of Response: Recordkeeping requirement, Annual reporting requirement, Third party disclosure requirement.

Obligation To Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in Section 301(j) of the Telecommunications Act of 1996 and 623(a)(7) of the Communications Act of 1934, as amended.

Total Annual Burden: 4,800 hours.

Total Annual Cost: \$360,000.

Needs and Uses: Information derived from FCC Form 1205 filings is used to facilitate the review of equipment and installation rates. This information is then reviewed by each cable system's respective local franchising authority. Section 76.923 records are kept by cable operators in order to demonstrate that charges for the sale and lease of equipment for installation have been developed in accordance with the Commission's rules. The Commission modified the language in 47 CFR 76.923 in 90 FR 31145 (July 14, 2025), FCC 25–33, to exclude from regulation equipment that is used to receive tiers other than the basic tier of service. Due to this exclusion, fewer FCC Form 1205 filings will be filed with the Commission. Therefore, Commission is requesting approval of this revision to the information collection that reduces the paperwork burden.

Federal Communications Commission.

Marlene Dortch,
Secretary.
