Lastly, to provide an opportunity to respondents to review, this notice includes a burden statement that will be made available on HUD's website:

The public reporting burden for this collection of information for the Admission and Occupancy Requirements of Public Housing is estimated to average 24 hours, including the time for reviewing instructions, searching existing data sources, gathering, and maintaining the data needed, and completing and reviewing the collection of information.

Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions to reduce this burden, to the Reports Management Officer, Paperwork Reduction Project, to the Office of Information Technology, U.S. Department of Housing and Urban Development, Washington, DC 20410–3600. When providing comments, please refer to OMB Approval No. 2577–0230. HUD may not conduct and sponsor, and a person is not required to respond to, a collection of information unless the collection displays a valid control number.

This collection of information is required to ensure that public housing agencies have written documentation of their respective admission and occupancy policies for both the public and HUD pursuant to regulations found at 24 CFR 903.7 and 960. The information will be used to provide HUD with sufficient information to enable a determination that HUD statutory and regulatory requirements have been met. No assurances of confidentiality are provided for this information collection.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on August 31, 2022 at 87 FR 53484.

A. Overview of Information Collection

Title of Information Collection: Housing Opportunity Through Modernization Act of 2016 (HOTMA): Public Housing Waiting List Data Collection Tool.

OMB Approval Number: 2577–XXXX.

Type of Request: New Collection.

Form Number: Form HUD–XXXXX.

Description of the Need for the Information and Proposed Use:

This collection of information implements a statutory requirement made by Section 103 of the Housing Opportunity Through Modernization Act of 2016 (HOTMA). HOTMA was signed into law on July 29, 2016 (Public Law 114–201, 130 Stat. 782). Section 103 of HOTMA amends section 16(a) of the United States Housing Act of 1937 (42 U.S.C. 1437n(a)) (1937 Act).

Section 103 of HOTMA states that after a public housing family has been over-income for two consecutive years, a public housing agency (PHA) must either: (1) charge the over-income family a monthly rent that is the higher of fair market rent under section 8(c) for the dwelling unit or the monthly amount of public housing subsidy provided for the dwelling unit; or (2) terminate the

tenancy of the over-income family no later than 6 months after the end of the two-year period. Additionally, pursuant to section 103 of HOTMA, PHAs must submit an annual report on two specific data points: 1. The number of over-income families residing in public housing and 2. the number of families on the public housing waiting lists.

The number of over-income families currently residing in public housing is already being collected via the form HUD-50058. Therefore, PHAs will be allowed to use income data already provided by form HUD-50058, under OMB approval number 2577-0083, which is submitted electronically in the PIH Information Center (PIC) system to satisfy the first data requirement to report the annual number of over-income families residing in public housing. The requirement for PHAs to report on the number of over-income

families will be satisfied with currently-existing 50058 reporting requirements and HUD will compile this with the data provided on the number of families on the public housing waiting list for the public report.

The requirement for PHAs to report on the number of families on the public housing waiting list is new and so has resulted in the need to for this collection of information request. Each PHA will now be required to submit the total number of families on the public housing waiting lists annually utilizing the newly created electronic Public Housing Waiting List Data Collection Tool. The data on the total number of unduplicated families on the public housing waiting list will be provided by the PHA in the aggregate and no personally identifiable information will be collected. Section 103 of HOTMA permits HUD to determine the format of

these annual reports and HUD has elected to utilize PIC data when possible as this will result in no additional burden to the PHA. Per the requirements of Section 103 of HOTMA, HUD will compile the data provided in PIC and the new data that will be collected via the electronic Public Housing Waiting List Data Collection Tool to publish this information annually in a publicly available report.

Respondents: State, Local or Tribal Government.

Estimated Number of Respondents: 2,774 (This number excludes HCV-only PHA's).

Estimated Number of Responses: 2,774 (This number excludes HCV-only PHA's).

Frequency of Response: Annually.

Average Hours per Response: 0.5 of an hour (30 min).

Total Estimated Burdens: 1,387 hours.
