

## Cash-Deposit Requirements

The following cash-deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) for CPZ, the cash deposit rate will be that established in the final results of this review, except if the rate is zero or de minimis no cash deposit will be required; (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 60.95 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these preliminary results of review in accordance with sections 751(a)(2)(B) and 777(i)(1) of the Act, and 19 CFR 351.221(b).

Dated: June 30, 2008.

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

Fishery regulations do not generally affect scientific research activities conducted by a scientific research vessel. Any persons planning to conduct research must submit a scientific research plan to ensure that the activities are considered research and not fishing. The researchers are required to submit reports of their scientific research activity after its completion. The National Marine Fisheries Service (NMFS) may also grant exemptions from fishery regulations for educational or other activities (e.g., the testing of fishing gear). The applications for these exemptions must be submitted, as well as reports on activities.

##### II. Method of Collection

Information may be submitted on paper or via e-mail, and in some cases by telephone.
