

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[RTID: 0648–XC064]

Taking and Importing of Marine Mammals

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; new five-year affirmative finding for Peru.

SUMMARY: The NMFS Assistant Administrator (Assistant Administrator) has issued a new 5-year affirmative finding for the Government of Peru under the Marine Mammal Protection Act (MMPA). This affirmative finding will allow the importation into the United States of yellowfin tuna and yellowfin tuna products harvested in the eastern tropical Pacific Ocean (ETP), in compliance with the Agreement on the International Dolphin Conservation Program (AIDCP), by purse seine vessels operating under Peru's jurisdiction or exported from Peru. NMFS bases the affirmative finding determination on reviews of documentary evidence submitted by the Government of Peru and of information obtained from the Inter-American Tropical Tuna Commission (IATTC).

DATES: This new affirmative finding is effective for the five-year period of April 1, 2022, through March 31, 2027.

FOR FURTHER INFORMATION CONTACT: Justin Greenman, West Coast Region, NMFS, by mail: 501 W Ocean Blvd., Suite 4200, Long Beach, CA 90802, email: justin.greenman@noaa.gov, or phone: (562) 980–3264.

SUPPLEMENTARY INFORMATION: The MMPA, 16 U.S.C. 1361 *et seq.*, allows for importation into the United States of yellowfin tuna harvested by purse seine vessels in the ETP from a nation with jurisdiction over purse seine vessels with carrying capacity greater than 400 short tons that harvest tuna in the ETP only if the nation has an “affirmative finding” issued by the NMFS Assistant Administrator. *See* Section 101(a)(2)(B) of the MMPA, 16 U.S.C. 1371(a)(2)(B); *see also* 50 CFR 216.24(f)(6)(i). If requested by the government of such a nation, the Assistant Administrator will determine whether to make an affirmative finding based upon documentary evidence provided by the government, the IATTC, or the Department of State.

The affirmative finding process requires that the harvesting nation is

meeting its obligations under the AIDCP and its obligations of membership in the IATTC. Every 5 years, the government of the harvesting nation must request a new affirmative finding and submit the required documentary evidence directly to the Assistant Administrator. On an annual basis, NMFS must determine whether the harvesting nation continues to meet the requirements of their 5-year affirmative finding. NMFS does this by reviewing the documentary evidence from the last year. A nation may provide information related to compliance with AIDCP and IATTC measures directly to NMFS on an annual basis or may authorize the IATTC to release the information to NMFS to annually renew an affirmative finding determination without an application from the harvesting nation.

An affirmative finding will be terminated, in consultation with the Secretary of State, if the Assistant Administrator determines that the requirements of 50 CFR 216.24(f) are no longer being met or that a nation is consistently failing to take enforcement actions on violations, thereby diminishing the effectiveness of the AIDCP.

As a part of the affirmative finding process set forth in 50 CFR 216.24(f)(8), the Assistant Administrator considered documentary evidence submitted by the Government of Peru and obtained from the IATTC and has determined that Peru has met the MMPA's requirements to receive a new five-year affirmative finding.

After consultation with the Department of State, the Assistant Administrator issued a new 5-year affirmative finding to Peru, allowing the importation into the United States of yellowfin tuna and products derived from yellowfin tuna harvested in the ETP by purse seine vessels operating under Peru's jurisdiction or exported from Peru. Issuance of a new five-year affirmative finding for Peru does not affect implementation of an intermediary nation embargo under 50 CFR 216.24(f)(9), which applies to exports from a nation that exports to the United States yellowfin tuna or yellowfin tuna products that was subject to a ban on importation into the United States under section 101(a)(2)(B) of the MMPA, 16 U.S.C. 1371(a)(2)(B).

This new affirmative finding for Peru is for the five-year period of April 1, 2022, through March 31, 2027, subject to subsequent annual reviews by NMFS.

Dated: July 26, 2022.

Janet Coit,

*Assistant Administrator for Fisheries,
National Marine Fisheries Service.*

Taking and Importing of Marine Mammals

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; affirmative finding annual renewals for Colombia, Ecuador, El Salvador, Guatemala, Mexico, and Spain.

SUMMARY: The NMFS Assistant Administrator (Assistant Administrator) has completed an affirmative finding annual renewal for the Governments of Colombia, Ecuador, El Salvador, Guatemala, Mexico, and Spain (referred to hereafter as “The Nations”) under the Marine Mammal Protection Act (MMPA). These affirmative findings will continue to allow the importation into the United States of yellowfin tuna and yellowfin tuna products harvested in the eastern tropical Pacific Ocean (ETP) for 1 year, in compliance with the Agreement on the International Dolphin Conservation Program (AIDCP), by purse seine vessels operating under The Nations' jurisdiction or exported from The Nations. NMFS bases the affirmative finding annual renewals on reviews of documentary evidence submitted by the Governments of The Nations and of information obtained from the Inter-American Tropical Tuna Commission (IATTC).

DATES: These affirmative finding annual renewals are effective for the one-year period of April 1, 2022, through March 31, 2023.

FOR FURTHER INFORMATION CONTACT: Justin Greenman, West Coast Region, NMFS, by mail: 501 W Ocean Blvd., Suite 4200, Long Beach, CA 90802, email: justin.greenman@noaa.gov, or phone: (562) 980–3264.

SUPPLEMENTARY INFORMATION: The MMPA, 16 U.S.C. 1361 *et seq.*, allows for importation into the United States of yellowfin tuna harvested by purse seine vessels in the ETP from a nation with jurisdiction over purse seine vessels with carrying capacity greater than 400

short tons that harvest tuna in the ETP only if the nation has an “affirmative finding” issued by the NMFS Assistant Administrator. *See* Section 101(a)(2)(B) of the MMPA, 16 U.S.C. 1371(a)(2)(B); *see also* 50 CFR 216.24(f)(6)(i). If requested by the government of such a nation, the Assistant Administrator will determine whether to make an affirmative finding based upon documentary evidence provided by the government, the IATTC, or the Department of State.

The affirmative finding process requires that the harvesting nation is meeting its obligations under the AIDCP and its obligations of membership in the IATTC. Every 5 years, the government of the harvesting nation must request a new affirmative finding and submit the required documentary evidence directly to the Assistant Administrator. On an annual basis, NMFS must determine whether the harvesting nation continues to meet the requirements of their 5-year affirmative finding. NMFS does this by reviewing the documentary evidence from the last year. A nation may provide information related to compliance with AIDCP and IATTC measures directly to NMFS on an annual basis or may authorize the IATTC to release the information to NMFS to annually renew an affirmative finding determination without an application from the harvesting nation.

An affirmative finding will be terminated, in consultation with the Secretary of State, if the Assistant Administrator determines that the requirements of 50 CFR 216.24(f) are no longer being met or that a nation is consistently failing to take enforcement actions on violations, thereby diminishing the effectiveness of the AIDCP.

As a part of the affirmative finding process set forth in 50 CFR 216.24(f)(8), for this annual renewal, the Assistant Administrator considered documentary evidence submitted by the Governments of The Nations and obtained from the IATTC and has determined that The Nations have met the MMPA’s requirements to receive affirmative finding annual renewals.

After consultation with the Department of State, the Assistant Administrator issued affirmative finding annual renewals to The Nations, allowing the continued importation into the United States of yellowfin tuna and products derived from yellowfin tuna harvested in the ETP by purse seine vessels operating under The Nations’ jurisdiction or exported from The Nations. Issuance of affirmative finding annual renewals for The Nations does not affect implementation of an

intermediary nation embargo under 50 CFR 216.24(f)(9), which applies to exports from a nation that exports to the United States yellowfin tuna or yellowfin tuna products that was subject to a ban on importation into the United States under section 101(a)(2)(B) of the MMPA, 16 U.S.C. 1371(a)(2)(B).

These affirmative finding annual renewals for The Nations are for the 1-year period of April 1, 2022, through March 31, 2023. The Nations’ individual 5-year affirmative findings, which have varying start and end dates, remain valid. Ecuador, Guatemala, Mexico, and Spain’s 5-year affirmative findings will remain valid through March 31, 2025. Colombia’s 5-year affirmative finding will remain valid through March 31, 2024, and El Salvador’s 5-year affirmative finding will remain valid through March 31, 2023, subject to subsequent annual reviews by NMFS.

Dated: July 26, 2022.

Janet Coit,

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Public Meeting of the Science Advisory Board

AGENCY: Office of Oceanic and Atmospheric Research (OAR), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice of public meeting.

SUMMARY: This notice sets forth the schedule and proposed agenda for the meeting of the Science Advisory Board (SAB). The members will discuss issues outlined in the section on Matters to be Considered.

DATES: The meeting is scheduled for Tuesday, August 30, 2022, 9:30 a.m.–5:00 p.m. Eastern Daylight Time (EDT) and Wednesday, August 31, 2022, 9:00 a.m.–12:30 p.m. Eastern Daylight Time (EDT). The time and the agenda topics described below are subject to change. For the latest agenda, please refer to the SAB website: <https://sab.noaa.gov/index.php/current-meetings/>.

ADDRESSES: The August 30–31, 2022 meeting will be held at the Double Tree by Hilton Silver Spring Washington, DC North located at 8777 Georgia Ave., Silver Spring, MD 20910. The link for the webinar registration for the August 30–31, 2022 meeting may be found here:

<https://sab.noaa.gov/index.php/current-meetings/>.

FOR FURTHER INFORMATION CONTACT: Dr. Cynthia Decker, Executive Director, SSMC3, Room 11230, 1315 East-West Hwy., Silver Spring, MD 20910; Phone Number: 202–936–5847; Email: Cynthia.Decker@noaa.gov; or visit the SAB website at <https://sab.noaa.gov/index.php/current-meetings/>.

SUPPLEMENTARY INFORMATION: The NOAA Science Advisory Board (SAB) was established by a Decision Memorandum dated September 25, 1997, and is the only Federal Advisory Committee with responsibility to advise the Under Secretary of Commerce for Oceans and Atmosphere on strategies for research, education, and application of science to operations and information services. SAB activities and advice provide necessary input to ensure that National Oceanic and Atmospheric Administration (NOAA) science programs are of the highest quality and provide optimal support to resource management.

Status: The August 30–31, 2022 meeting will be open to public participation with a 15-minute public comment period at 4:45 p.m. Eastern Daylight Time (EDT) on Tuesday, August 30, 2022. The SAB expects that public statements presented at its meetings will not be repetitive of previously submitted verbal or written statements. In general, each individual or group making a verbal presentation will be limited to a total time of three minutes. Written comments for the August 30–31, 2022 meeting should be received in the SAB Executive Director’s Office by August 18, 2022 to provide sufficient time for SAB review. Written comments received by the SAB Executive Director after this date will be distributed to the SAB, but may not be reviewed prior to the meeting date.

Special Accommodations: This meeting is physically accessible to people with disabilities. Requests for special accommodations may be directed to the Executive Director no later than 12 p.m. on August 18, 2022.

Matters to be Considered: The meeting on August 30–31, 2022 will include the (1) NOAA Update; (2) NOAA Science Update; (3) Review of the Cooperative Institute for Modelling the Earth System (CIMES); (4) NOAA Response to SAB Climate Working Group Report: Advancing Earth System Prediction; (5) Tsunami Science & Technology Advisory Panel Strategic Plan; (6) NOAA Response to SAB Climate Working Group Review of the Climate and Fisheries Initiative Implementation Approach; (7) Updates
