Effect of Election on Corporation

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Withdrawal of notice of proposed rulemaking.

SUMMARY: This document withdraws the proposed regulation seeking to clarify that if a bank is an S corporation within the meaning of section 1361(a)(1), its status as an S corporation does not affect the applicability of the special rules for banks under the Internal Revenue Code.

FOR FURTHER INFORMATION CONTACT: Laura Fields at (202) 622–3050 (not a toll-free number).

SUPPLEMENTARY INFORMATION:**Background**

On August 24, 2006, the Treasury Department and the IRS published in the **Federal Register** (71 FR 50007) a notice of proposed rulemaking under section 1363 (REG–158677–05), relating to the applicability of the special banking rules to banks that are S corporations within the meaning of section 1361(a)(1) of the Internal Revenue Code.

The Treasury Department and the IRS received written comments on the proposed regulation from various interested parties. The Treasury Department and the IRS have decided to withdraw the proposed regulation.

Safety Zones; Fireworks Displays Within the Fifth Coast Guard District

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to revise the list of permanent safety zones established for fireworks displays at various locations within the geographic boundary of the Fifth Coast Guard District. This action is necessary to protect the life and property of the maritime public from the hazards posed by fireworks displays. Entry into or movement within these proposed zones during the enforcement periods is prohibited without approval of the appropriate Captain of the Port.

DATES: Comments and related material must be received by the Coast Guard on or before November 25, 2011.

ADDRESSES: You may submit comments identified by docket number USCG–2011–0118 using any one of the following methods:

(1) *Federal eRulemaking Portal:*
<http://www.regulations.gov>.

(2) *Fax:* 202–493–2251.

(3) *Mail:* Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590–0001.

(4) *Hand delivery:* Same as mail address above, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202–366–9329.

To avoid duplication, please use only one of these four methods. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this proposed rule, call or e-mail Dennis Sens, Prevention Division, Fifth Coast Guard District; telephone 757–398–6204, e-mail Dennis.M.Sens@uscg.mil. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION:**Public Participation and Request for Comments**

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided.

Submitting Comments

If you submit a comment, please include the docket number for this rulemaking (USCG–2011–0118), indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online (via <http://www.regulations.gov>) or by fax, mail, or hand delivery, but please use only one of these means. If you submit a comment online via <http://www.regulations.gov>, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an e-mail address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to <http://www.regulations.gov>, click on the “submit a comment” box, which will then become highlighted in blue. In the “Document Type” drop down menu select “Proposed Rule” and insert “USCG–2011–0118” in the “Keyword” box. Click “Search” then click on the balloon shape in the “Actions” column. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period and may change the rule based on your comments.

Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, click on the “read comments” box, which will then

become highlighted in blue. In the “Keyword” box insert “USCG–2011–0118” and click “Search.” Click the “Open Docket Folder” in the “Actions” column. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. We have an agreement with the Department of Transportation to use the Docket Management Facility.

Privacy Act

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the **Federal Register** (73 FR 3316).

Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for one using one of the four methods specified under **ADDRESSES**. Please explain why you believe a public meeting would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

Basis and Purpose

In this rule the Coast Guard proposes to revise the list of permanent safety zones at 33 CFR 165.506, established for fireworks displays at various locations within the geographic boundary of the Fifth Coast Guard District. For a description of the geographical area of the Fifth District and subordinate Coast Guard Sectors—Captain of the Port Zones, please see 33 CFR 3.25. Currently there are 73 permanent safety zones that are established for annually recurring fireworks displays within the geographic boundaries of the Fifth Coast Guard District.

The Coast Guard proposes to revise the list of permanent safety zones at 33 CFR 165.506, established for fireworks displays, by adding 3 new locations, deleting 2 previously established locations and modifying 19 previously established locations within the geographic boundary of the Fifth Coast Guard District. This rule will increase the total number of permanent safety zones to 74 locations for fireworks displays within the boundary of the Fifth Coast Guard District.

This rule proposes to add 3 new safety zone locations to the permanent safety zones listed in 33 CFR 165.506. The new safety zones include locations at: North Atlantic Ocean, Atlantic City, NJ; Great Wicomico River, Mila, VA; and Cockrell’s Creek, Reedville, VA.

The 19 previously established safety zone locations proposed for modification by this rule are: Severn River and Spa Creek, Annapolis, MD; Baltimore Inner Harbor, Patapsco River, MD, (2 locations); Patuxent River, Calvert County, MD; Chesapeake Bay, Chesapeake Beach, MD; Potomac River, Charles County, MD; Potomac River, Charles County, MD near Mount Vernon; Potomac River, National Harbor, MD; Miles River, St. Michaels, MD; Tred Avon River, Oxford, MD; Upper Potomac River, Alexandria, VA; Anacostia River, Washington, DC; Potomac River, Prince William County, VA; North Atlantic Ocean, Ocean City, NJ; Chesapeake Bay, Norfolk, VA; North Atlantic Ocean, Virginia Beach, VA (2 locations); Pamlico River, Washington, NC; and Motts Channel, Banks Channel, Wrightsville Beach, NC. Safety zone modifications include revision to dates and minor changes to coordinates that define safety zone boundaries.

The Coast Guard typically receives numerous applications for fireworks displays in these general areas. Previously, a temporary safety zone was established on an emergency basis for each display. This limited the opportunity for public comment. Establishing permanent safety zones through notice and comment rulemaking provides the public the opportunity to comment on the safety zone locations, size, and length of time the zones will be enforced.

Each year organizations in the Fifth Coast Guard District sponsor fireworks displays in the same general location and time period. Each event uses a barge or an on-shore site near the shoreline as the fireworks launch platform. A safety zone is used to control vessel movement within a specified distance surrounding the launch platforms to ensure the safety of persons and property. Coast Guard personnel on scene may allow boaters within the safety zone if conditions permit.

The Coast Guard would publish notices in the **Federal Register** if an event sponsor reported a change to the listed event venue or date. In the case of inclement weather the event usually will be conducted on the day following the date listed in the Table to § 165.506. Coast Guard Captains of the Port would give notice of the enforcement of each safety zone by all appropriate means to provide the widest dissemination of

notice among the affected segments of the public. This would include publication in the Local Notice to Mariners and Marine Information Broadcasts. Marine information and facsimile broadcasts may also be made for these events, beginning 24 to 48 hours before the event. Fireworks barges or launch sites on land used in the locations stated in this rulemaking would also display a sign labeled “FIREWORKS—DANGER—STAY AWAY” * * * The sign would be affixed to the port and starboard side of the barge or mounted on a post 3 feet above ground level when on land and in close proximity to the shoreline facing the water. This sign provides on scene notice that the safety zone is or will be enforced on that day. The sign will be diamond shaped, 4 feet by 4 feet with a 3-inch orange retro-reflective border. The word “DANGER” shall be 10-inch black block letters centered on the sign with the words “FIREWORKS” and “STAY AWAY” in 6 inch black block letters placed above and below the word “DANGER” respectively on a white background. There would also be a Coast Guard patrol vessel on scene 30 minutes before the display is scheduled to start until 30 minutes after its completion to enforce the safety zone.

The enforcement period for these proposed safety zones is from 5:30 p.m. to 1 a.m. local time. However, vessels may enter, remain in, or transit through these safety zones during this timeframe if authorized by the Captain of the Port or designated Coast Guard patrol personnel on scene, as provided for in 33 CFR 165.23.

This rule is being proposed to provide for the safety of life on navigable waters during the events and to give the marine community the opportunity to comment on the proposed zone locations, size, and length of time the zones will be active.

Discussion of Proposed Rule

The Coast Guard proposes to revise the regulations at 33 CFR 165.506 by adding the following 3 permanent safety zone locations.

North Atlantic Ocean, Atlantic City, NJ, Safety Zone

The waters of the North Atlantic Ocean within a 500 yard radius of the fireworks barge located at latitude 39°20′58″ N, longitude 074°25′58″ W, near the shoreline at Atlantic City, NJ.

Great Wicomico River, Mila, VA, Safety Zone

All waters of the Great Wicomico River located within a 420 foot radius of the fireworks display at approximate

position latitude 37°50'31" N, longitude 076°19'42" W near Mila, Virginia.

Cockrell's Creek, Reedville, VA, Safety Zone

All waters of Cockrell's Creek located within a 420 foot radius of the fireworks

display at approximate position latitude 37°49'54" N, longitude 076°16'44" W near Reedville, Virginia.

The Coast Guard proposes to revise regulations at 33 CFR 165.506 by modifying 19 existing permanent safety

zone locations. The following table shows where these 19 existing permanent safety zones are listed within the Table to 33 CFR 165.506 and describes the revisions that are being made to these safety zones.

Number	Table to § 165.506 section	Location	Revision
1	a.11	N. Atlantic Ocean, Ocean City, NJ	Event date.

19	d.10	Motts Channel, Banks Channel, Wrightsville Beach, NC	Event date.

The Coast Guard proposes to amend regulations at 33 CFR 165.506 by

disestablishing the following 2 permanent safety zones. All coordinates

listed for the following safety zones reference Datum NAD 1983.

Number	Date	Location	Regulated area
(b) Coast Guard Sector Baltimore—COTP Zone			
10	July 4th	Patuxent River, Solomons Island, Calvert County, MD, Safety Zone.	All waters of the Patuxent River within a 400 yard radius of the fireworks barge located at latitude 38°19'03" N, longitude 076°26'07.6" W.
11	July 4th	Patuxent River, Solomons Island, MD, Safety Zone.	All waters of Patuxent River within a 300 yard radius of the fireworks barge in an area bound by the following points: latitude 38°19'42" N, longitude 076°28'02" W; thence to latitude 38°19'26" N, longitude 076°28'18" W; thence to latitude 38°18'48" N, longitude 076°27'42" W; thence to latitude 38°19'06" N, longitude 076°27'25" W; thence to the point of origin, located near Solomons Island, MD.

Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes and executive orders.

Regulatory Planning and Review

This NPRM has not been designated a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and

benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation is unnecessary. This finding is based on the short amount of time that vessels would be restricted from the zones, and the small zone sizes positioned in low vessel traffic areas. Vessels would not be precluded from getting underway, or mooring at any piers or marinas currently located in the vicinity of the proposed safety zones. Advance

notifications would also be made to the local maritime community by issuing Local Notice to Mariners, Marine information and facsimile broadcasts so mariners can adjust their plans accordingly. Notifications to the public for most events will usually be made by local newspapers, radio and TV stations. The Coast Guard anticipates that these safety zones will only be enforced 2 to 3 times per year.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this proposed rule would have a significant economic impact on a

substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule, if promulgated, will not have a significant economic impact on a substantial number of small entities. This rule will affect the following entities some of which may be small entities: The owners and operators of vessels intending to transit or anchor in the proposed safety zones during the times these zones are enforced.

These proposed safety zones will not have a significant economic impact on a substantial number of small entities for the following reasons: The enforcement period will be short in duration and, in many of the zones, vessels can transit safely around the safety zones. Generally, blanket permission to enter, remain in, or transit through these safety zones will be given except during the period that the Coast Guard patrol vessel is present. Before the enforcement period, we will issue maritime advisories widely.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

Collection of Information

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this proposed rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or Tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This proposed rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This proposed rule does not have Tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes.

Energy Effects

We have analyzed this proposed rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. A preliminary environmental analysis checklist supporting this preliminary determination is available in the docket where indicated under **ADDRESSES**. This proposed rule involves implementation of regulations within 33 CFR Part 165 that establish safety zones on navigable waters of the United States, and, therefore paragraph (34)(g) of figure 2–1 applies. These safety zones are enforced for the duration of the

fireworks displays, which are launched from or adjacent to navigable waters of the United States and may have potential for negative impact on the safety or other interest of waterway users and shore side activities in the event area. The category of activities includes fireworks launched from barges at or near the shoreline that generally rely on the use of navigable waters as a safety buffer. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, and Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6, 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

2. Revise § 165.506 to read as follows:

§ 165.506 Safety Zones; Fifth Coast Guard District Fireworks Displays.

(a) *Regulations.* (1) The general regulations contained in 33 CFR 165.23 apply.

(2) The following regulations apply to the fireworks safety zones listed in the Table to § 165.506. These regulations will be enforced annually, for the duration of each fireworks event listed in the Table to § 165.506. In the case of inclement weather, the event may be

conducted on the day following the date listed in the Table to § 165.506. Annual notice of the exact dates and times of the enforcement period of the regulation with respect to each safety zone, the geographical area, and other details concerning the nature of the fireworks event will be published in Local Notices to Mariners and via Broadcast Notice to Mariners over VHF–FM marine band radio.

(3) All persons and vessels shall comply with the instructions of the Coast Guard Captain of the Port or the designated on-scene-patrol personnel. Those personnel are comprised of commissioned, warrant, and petty officers of the U.S. Coast Guard. Other Federal, State and local agencies may assist these personnel in the enforcement of the safety zone. Upon being hailed by a U.S. Coast Guard vessel by siren, radio, flashing light or other means, the operator of a vessel shall proceed as directed.

(b) *Notification.* (1) Fireworks barges and launch sites on land that operate within the regulated areas contained in the Table to § 165.506 will have a sign affixed to the port and starboard side of the barge or mounted on a post 3 feet above ground level when on land immediately adjacent to the shoreline and facing the water labeled “FIREWORKS—DANGER—STAY AWAY.” This will provide on scene notice that the safety zone will be enforced on that day. This notice will consist of a diamond shaped sign 4 feet by 4 feet with a 3-inch orange retro reflective border. The word “DANGER” shall be 10 inch black block letters centered on the sign with the words “FIREWORKS” and “STAY AWAY” in 6 inch black block letters placed above and below the word “DANGER” respectively on a white background.

(2) Coast Guard Captains of the Port in the Fifth Coast Guard District will

notify the public of the enforcement of these safety zones by all appropriate means to effect the widest publicity among the affected segments of the public. Publication in the Local Notice to Mariners, marine information broadcasts, and facsimile broadcasts may be made for these events, beginning 24 to 48 hours before the event is scheduled to begin, to notify the public.

(c) *Contact Information.* Questions about safety zones and related events should be addressed to the local Coast Guard Captain of the Port for the area in which the event is occurring. Contact information is listed below. For a description of the geographical area of each Coast Guard Sector—Captain of the Port zone, please see 33 CFR 3.25.

(1) Coast Guard Sector Delaware Bay—Captain of the Port Zone, Philadelphia, Pennsylvania: (215) 271–4944.

(2) Coast Guard Sector Baltimore—Captain of the Port Zone, Baltimore, Maryland: (410) 576–2525.

(3) Coast Guard Sector Hampton Roads—Captain of the Port Zone, Norfolk, Virginia: (757) 483–8567.

(4) Coast Guard Sector North Carolina—Captain of the Port Zone, Wilmington, North Carolina: (877) 229–0770 or (910) 772–2200.

(d) *Enforcement Period.* The safety zones in the Table to § 165.506 will be enforced from 5:30 p.m. to 1 a.m. each day a barge with a “FIREWORKS—DANGER—STAY AWAY” sign on the port and starboard side is on-scene or a “FIREWORKS—DANGER—STAY AWAY” sign is posted on land adjacent to the shoreline, in a location listed in the Table to § 165.506. Vessels may not enter, remain in, or transit through the safety zones during these enforcement periods unless authorized by the Captain of the Port or designated Coast Guard patrol personnel on scene.

Negotiated Rulemaking Committee, Negotiator Nominations and Schedule of Committee Meetings—Teacher Preparation and TEACH Grant Programs

AGENCY: Office of Postsecondary Education, Department of Education.

ACTION: Intent to establish negotiated rulemaking committees.

SUMMARY: We announce our intention to establish a negotiated rulemaking committee to prepare proposed regulations under Title II and Title IV of the Higher Education Act of 1965, as amended (HEA). The committee will include representatives of organizations or groups with interests that are significantly affected by the topics proposed for negotiation. We request nominations for individual negotiators who represent key stakeholder constituencies for the issues to be negotiated to serve on the committee and we set a schedule for committee meetings.

DATES: We must receive your nominations for negotiators to serve on the committee on or before November 25, 2011. The dates, times, and locations of the committee meetings are set out in the *Schedule for Negotiations* section under **SUPPLEMENTARY INFORMATION**, below.

SUPPLEMENTARY INFORMATION: On May 5, 2011, we published a notice in the **Federal Register** (76 FR 25650) announcing our intent to establish one or more negotiated rulemaking committees to develop proposed regulations under the HEA. In addition, we announced our intent to develop these proposed regulations by following the negotiated rulemaking procedures in Section 492 of the HEA.

The notice also announced a series of three regional hearings at which interested parties could comment on the topics suggested by the Department and suggest additional topics for consideration for action by the negotiating committees. We also held four public roundtable discussions to complement the regional hearings. The hearings and roundtables were held in: Nashville, Tennessee (roundtable only); Tacoma, Washington; Chicago, Illinois; and Charleston, South Carolina. We invited parties to comment and submit topics for consideration in writing as well. (Transcripts from the regional hearings can be found at <http://www2.ed.gov/policy/highered/reg/hearulemaking/2011/hearings.html>. Written comments may be viewed through the Federal eRulemaking Portal at <http://www.regulations.gov>. Instructions for finding comments are available on the site under “How to Use Regulations.gov” in the Help section. Individuals can enter docket ID ED-

2011-OPE-0003 in the “Enter Keyword or ID” search box to locate the appropriate docket.) *Regulatory Issues:* After consideration of the information received at the regional hearings, in the roundtable discussions, and in writing, we have decided to establish a negotiating committee to address teacher preparation program issues in Title II of the HEA and in the Teacher Education Assistance for College and Higher Education (TEACH) Grant Program authorized by Title IV of the HEA.

We list the topics the committee is likely to address in the *Committee Topics* section, below.

We intend to select negotiators for the committee who represent the interests significantly affected by the topics proposed for negotiations. In so doing, we will follow the requirement in Section 492(b)(1) of the HEA that the individuals selected must have demonstrated expertise or experience in the relevant subjects under negotiation. We will also select individual negotiators who reflect the diversity among program participants, in accordance with Section 492(b)(1) of the HEA. Our goal is to establish a committee that will allow significantly affected parties to be represented while keeping the committee size manageable.

The committee may create subgroups on particular topics that may involve additional individuals who are not members of the committee. Individuals who are not selected as members of the committee will be able to attend the meetings, have access to the individuals representing their constituencies, and participate in informal working groups on various issues between the meetings. The committee meetings will be open to the public.

The Department has identified the following constituencies as having interests that are significantly affected by the topics proposed for negotiations. The Department plans to seat as negotiators individuals from organizations or groups representing these constituencies:

- Postsecondary students, including legal assistance organizations that represent students.
- Teachers.
