SUPPLEMENTARY INFORMATION: Notice of this proposed administrative settlement is made in accordance with the Section 122(i) of CECLA. Parties to the Settlement Agreement include the EPA, BLM, DOI, and Barrick. The Site that is the subject of this Settlement Agreement includes all portions of the Cordero Mercury Mine calcine tailings pile where CERCLA hazardous substances are located. Under this Settlement Agreement, Barrick agrees to carry out a removal action involving the grading,

capping and fencing of the calcine tailings pile. The performance of this work by Barrick shall be approved and monitored by BLM in consultation with DOI and EPA. The settlement includes a covenant not to sue Barrick pursuant to Sections 106 or 107(a) of CERCLA.

Under the Settlement Agreement, Barrick also agrees to pay EPA \$230,000 in past response costs. This represents a compromise payment for past costs incurred by EPA. In addition, Barrick agrees to pay BLM \$50,000 in prepayment of anticipated future response costs. Both EPA and BLM are entitled to reimbursement of additional future response costs, but EPA will not seek reimbursement for the first \$30,000 of any future response costs that it incurs. EPA will consider all comments received on the Settlement Agreement in accordance with the **DATES** and **ADDRESSES** sections of this Notice and may modify or withdraw its consent to the Settlement Agreement if comments received disclose facts or considerations that indicate that the settlement is inappropriate, improper, or inadequate.
