

bars, rods, profiles, plates, sheets, strip, foil, tubes, pipes, tube or pipe fittings, nails, tacks, drawing pins, and staples); aluminum products (including plates, sheets, strip, tubes, pipes, and tube or pipe fittings); hand tools; spanners and wrenches; padlocks and locks; base metal products (including mountings, fittings, castors, stoppers, caps, lids, and sign plates); taps, cocks, and valves for pipes, boilers, shells, and vats; portable electric lamps; electric heating equipments; microphones, loudspeakers, headphones, and earphones; sound reproducing devices; radio and television receivers; electrical resistors; electrical switching apparatuses; electric lamps; insulated wire, cable, and conductors; motor vehicle bodies, parts, and accessories; instruments, meters, and counters; seats and other furniture; and cigarette and other lighters. Duty rates on these categories range from duty-free to 12.5%.

Zone procedures would exempt Komatsu from Customs duty payments on foreign components used in export production. On domestic shipments, the company would be able to defer Customs duty payments on foreign materials, and to choose the duty rate that applies to the finished products (duty free) instead of the rates otherwise applicable to the foreign input materials (noted above). The company would also be exempt from duty payments on foreign merchandise that becomes scrap/waste (scrap rate estimated at 5% to 7% of parts). FTZ procedures will help Komatsu to implement a more cost-effective system for handling Customs requirements (including reduced Customs merchandise processing fees). FTZ status may also make a site eligible for benefits provided under state/local programs. The application indicates that the savings from zone procedures would help improve the facilities' international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is October 16, 2000. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to October 31, 2000.

A copy of the application and the accompanying exhibits will be available

for public inspection at each of the following locations:

### Foreign-Trade Zones Board

[Order No. 1113]

#### Expansion of Foreign-Trade Zone 20 Norfolk-Newport News, Virginia, Area

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

*Whereas*, the Virginia Port Authority, grantee of Foreign-Trade Zone 20 (Norfolk-Newport News, Virginia, area), submitted an application to the Board for authority to expand FTZ 20 to include sites in Accomack County, Virginia, at the Goddard Space Flight Center-Wallops Flight Facility (Site 14) and the Accomack Airport Industrial Park (Site 15), adjacent to the Norfolk-Newport News Customs port of entry (FTZ Docket 44-98; filed 9/15/98; amended on 6/2/99 and 7/24/00);

*Whereas*, notice inviting public comment was given in the **Federal Register** (63 FR 51338, 9/25/98) and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

*Whereas*, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations are satisfied, and that the proposal, as amended, is in the public interest;

*Now, Therefore*, the Board hereby orders:

The application to expand FTZ 20, as amended, is approved, subject to the Act and the Board's regulations, including Section 400.28, and further subject to the Board's standard 2,000-acre activation limit for the overall zone project.

Signed at Washington, DC, this 28th day of July 2000.

**Troy H. Cribb,**

*Acting Assistant Secretary of Commerce for  
Import Administration, Alternate Chairman,  
Foreign-Trade Zones Board.*

### International Trade Administration

[A-201-806]

#### Carbon Steel Wire Rope From Mexico; Final Results of Antidumping Duty Administrative and New Shipper Reviews

**AGENCY:** Import Administration,  
International Trade Administration,  
Department of Commerce.

**ACTION:** Notice of final results of  
antidumping duty administrative and  
new shipper reviews.

**SUMMARY:** On April 7, 2000, the Department of Commerce (the Department) published the preliminary results of the administrative and new shipper reviews of the antidumping duty order on carbon steel wire rope from Mexico (65 FR 18283). The merchandise covered by this order is carbon steel wire rope. Steel wire rope encompasses ropes, cables, and cordage of iron or carbon steel, other than stranded wire, not fitted with fittings or made up into articles, and not made up of brass plated wire. Excluded from this review is stainless steel wire rope and all forms of stranded wire, with the following exception. Based on the affirmative final determination of circumvention of the antidumping duty order, 60 FR 10831 (Feb. 28, 1995), the Department has determined that steel wire strand, when manufactured in Mexico by Camesa, S.A. de C.V. (Camesa) and imported into the United States for use in the production of steel wire rope, falls within the scope of the antidumping duty order on steel wire rope from Mexico. The reviews cover two manufacturers, Camesa and Cablesa, S.A. de C.V. The period of review is March 1, 1998 through February 28, 1999. We received no comments on our preliminary results and have made no changes to our calculations. The final weighted-average dumping margins for the reviewed firms are listed below in the section entitled Final Results of the Review.

**EFFECTIVE DATE:** August 17, 2000.
