Authority to take listed species is subject to conditions set forth in the permits. Permits and modifications are issued in accordance with and are subject to the ESA and NMFS regulations governing listed fish and wildlife permits (50 CFR parts 222-226).

Those individuals requesting a hearing on an application listed in this notice should set out the specific reasons why a hearing on that application would be appropriate (see **ADDRESSES**). The holding of such hearing is at the discretion of the Assistant Administrator for Fisheries, NOAA. All statements and opinions contained in the permit action summaries are those of the applicant and do not necessarily reflect the views of NMFS.

Species Covered in This Notice

The following species and evolutionarily significant units (ESU's) are covered in this notice:

Sea Turtles

Green turtle (*Chelonia mydas*)

Modification Requests Received

Permit 1231: The Recovery Plan for the U.S. Population of Atlantic Green Turtle states that the foremost problem in management and conservation of sea turtles is the lack of basic biological information. This study proposes to capture turtles living in the Indian River Lagoon Estuary of central Florida in Brevard and Indian River counties. The data provided by the study will include information regarding habitat requirements, seasonal distribution and abundance, movement and growth, feeding preferences, sex distribution and the prevalence and severity of fibropapilloma.

Modification #1 would authorize satellite tags to be deployed on eight (8) green turtles over the life of the permit. Turtles will be captured during netting operations under permit #1231 and #1144 in the Indian River Lagoon, FL.

In the event the limits established for that period have been exhausted by previous entries, such products shall be charged to the limits set forth in this directive.

These limits may be revised if Taiwan becomes a member of the World Trade Organization (WTO) and the WTO agreement is applied to Taiwan.

The conversion factors are as follows:

Category	Conversion factors (square meters equivalent/category unit)

Sincerely,
 Donald R. Foote,

SUPPLEMENTARY INFORMATION:

Background

The Corporation is a federal government corporation that encourages Americans of all ages and backgrounds to engage in community-based service to meet the nation's educational, public safety, environmental and other human needs. In doing so, the Corporation

fosters civic responsibility, strengthens the ties that bind us together as a people, and provides educational opportunity for those who make a substantial commitment to service. This year, the Corporation will support over 40,000 AmeriCorps members who perform substantial service in communities across the country and over one million students in service-learning programs, including programs at institutions of higher education. Since its inception in 1993, including the current class in service, more than 200,000 individuals have enrolled in AmeriCorps.

Under subtitle H of the National and Community Service Act, the Corporation may support innovative and model programs.

Under this authority the Corporation is now making available up to \$100,000 for the purpose of supporting efforts to conduct outreach to former AmeriCorps members to support their engaging in service activities with current AmeriCorps members and to identify and encourage model programs at institutions of higher education to enable former and current AmeriCorps members to receive additional education credits and benefits for their service.

The Corporation anticipates making a single award to an organization that has the capacity and experience to carry out the purposes described below. The award is anticipated to be for a 12-month period, with a suggested start date of February 1, 2001. Applicants should specify the period and start date.

Many individual programs in which AmeriCorps members participate conduct activities that accomplish these objectives. For example, individual programs invite former members to serve with current members on national days of service such as Martin Luther King, Jr. Day. Further, several programs in which AmeriCorps members serve are sponsored by organizations that partner with an institution of higher education to offer credit for service in AmeriCorps or scholarships to attend school based on service in AmeriCorps.

Although many local activities occur, there is a need for support for more systematic nationwide support to
