Title: RUS Form 675, Certification of Authority.

OMB Control Number: 0572–0074.

Type of Request: Extension of a currently approved collection.

Abstract: The Rural Utilities Service (RUS) manages loan programs in accordance with the Rural Electrification Act of 1936, as amended (7 U.S.C. 901 et seq.) (RE Act). A major factor in managing loan programs is controlling the advance of funds. One reason to control funds is so that the actual borrowers get their money. The use of RUS Form 675 allows this control to be achieved by providing a list of authorized signatures against which signatures requesting funds are compared. RUS Form 675 provides an effective control against the unauthorized release of funds by providing a list of authorized signatures. OMB Circular A–123, Management Accountability and Control, states that information should be maintained on a current basis and that cash should be protected from unauthorized use. Form 675 allows borrowers to keep RUS up-to-date of any changes in signature authority and controls the release funds only to authorized borrower representatives.

Estimate of Burden: Public reporting for this collection of information is estimated to average .10 hours per response.

Respondents: Business or other for profit; Not-for-profit institutions; and State, Local, or Tribal government.

Estimated Number of Respondents: 350.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 35.0 hours.

Copies of this information collection can be obtained from Joyce McNeil, Program Development and Regulatory Analysis, at (202) 690–1078. FAX: (202) 720–8435.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
