**SUPPLEMENTARY INFORMATION:**

**I. Introduction**

During the period from January 5, 2021, to January 14, 2021, the NRC granted five exemptions in response to requests submitted by five licensees from December 18, 2020, to January 6, 2021. These exemptions temporarily allow the licensees to deviate from certain requirements (as cited below) of various parts of chapter I of title 10 of the *Code of Federal Regulations* (10 CFR).

The exemptions from certain requirements of 10 CFR part 26, “Fitness for Duty Programs,” for Union Electric Company (for Callaway Plant, Unit No. 1); for DTE Electric Company (for Fermi-2); and for Southern Nuclear Operating Company, Inc. (for Edwin I. Hatch Nuclear Plant, Unit Nos. 1 and 2) afford these licensees temporary relief from the work-hour control requirements of 10 CFR 26.205(d)(1) through (d)(7). The exemptions from 10 CFR 26.205(d)(1) through (d)(7) will help to ensure that the control of work hours and management of worker fatigue does not unduly limit licensee flexibility in using personnel resources to most effectively manage the impacts of the COVID–19 PHE on maintaining the safe operation of these facilities. Specifically, these licensees have stated that their staffing levels are affected or are expected to be affected by the COVID–19 PHE, and they can no longer meet or likely will not meet the work-hour control requirements of 10 CFR 26.205(d)(1) through (d)(7). These licensees have committed to site-specific COVID–19 PHE fatigue-management controls for personnel specified in 10 CFR 26.4(a).

The exemptions from certain requirements of 10 CFR part 73, appendix B, “General Criteria for Security Personnel,” section VI, “Nuclear Power Reactor Training and Qualification Plan for Personnel Performing Security Program Duties,” for NextEra Energy Duane Arnold, LLC (for Duane Arnold Energy Center) and for Arizona Public Service Company (for Palo Verde Nuclear Generating Station, Units 1, 2, and 3) will help to ensure that these regulatory requirements do

not unduly limit licensee flexibility in using personnel resources to most effectively manage the impacts of the COVID–19 PHE on maintaining the safe and secure operation of these facilities and the implementation of the licensees’ NRC-approved security plans, protective strategy, and implementing procedures. These licensees have committed to certain security measures to ensure response readiness and for their security personnel to maintain performance capability.

The NRC is providing compiled tables of exemptions using a single **Federal Register** notice for COVID–19 related exemptions instead of issuing individual **Federal Register** notices for each exemption. The compiled tables in this notice provide transparency regarding the number and type of exemptions the NRC has issued. Additionally, the NRC publishes tables of approved regulatory actions related to the COVID–19 PHE on its public website at <https://www.nrc.gov/about-nrc/covid-19/reactors/licensing-actions.html>.

**II. Availability of Documents**

The tables in this notice provide the facility name, docket number, document description, and ADAMS accession number for each exemption issued. Additional details on each exemption issued, including the exemption request submitted by the respective licensee and the NRC’s decision, are provided in each exemption approval listed in the tables in this notice. For additional directions on accessing information in ADAMS, see the **ADDRESSES** section of this document.

## OFFICE OF PERSONNEL MANAGEMENT

### Comment Request for Review of a Revised Information Collection: Customer Satisfaction Surveys

**AGENCY:** Office of Personnel Management.

**ACTION:** 60-Day notice and request for comments.

**SUMMARY:** The Office of Personnel Management (OPM) intends to submit to the Office of Management and Budget (OMB) a request for review of a currently approved collection, Customer Satisfaction Surveys. Approval of these surveys is necessary to collect information on Federal agency and program performance.

**DATES:** Comments are encouraged and will be accepted until April 26, 2021.

**ADDRESSES:** Interested persons are invited to submit written comments on the proposed information collection to Human Resources Strategy and Evaluation Solutions, Office of Personnel Management, 1900 E Street, RM 2469 NW, Washington, DC 20415, Attention: Coty Hoover, C/O Henry Thibodeaux, or via email to [Organizational\\_Assessment@opm.gov](mailto:Organizational_Assessment@opm.gov).

**FOR FURTHER INFORMATION CONTACT:** A copy of this information collection request (ICR), with applicable supporting documentation, may be obtained by contacting Human Resources Strategy and Evaluation Solutions, Office of Personnel Management, 1900 E Street, RM 2469 NW, Washington, DC 20415, Attention: Coty Hoover, C/O Henry Thibodeaux, via email to [Organizational\\_Assessment@opm.gov](mailto:Organizational_Assessment@opm.gov), or 202–606–8001.

**SUPPLEMENTARY INFORMATION:** As required by the Paperwork Reduction Act of 1995, (Pub. L. 104–13, 44 U.S.C. chapter 35) as amended by the Clinger-Cohen Act (Pub. L. 104–106), OPM is soliciting comments for this collection. The previous collection (OMB No. 3206–0236, published in the **Federal Register** on December 27, 2017 at 82 FR 61340) has a clearance that expires September 30, 2021. Comments are particularly invited on:

1. Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Whether our estimate of the public burden of this collection is accurate, and based on valid assumptions and methodology; and
3. Ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of the appropriate technological collection techniques or other forms of information technology.

OPM’s Human Resources Strategy and Evaluation Solutions performs assessment and related consultation

activities for Federal agencies on a reimbursable basis. The assessment is authorized by various statutes and regulations: Section 4702 of Title 5, U.S.C.; E.O. 12862; E.O. 13715; Section 1128 of the National Defense Authorization Act for Fiscal Year 2004, Public Law 108–136; 5 U.S.C. 1101 note, 1103(a)(5), 1104, 1302, 3301, 3302, 4702, 7701 note; E.O. 13197, 66 FR 7853, 3 CFR 748 (2002); E.O. 10577, 12 FR 1259, 3 CFR, 1954–1958 Comp., p. 218; and Section 4703 of Title 5, United States Code.

This collection request includes surveys we currently use and plan to use during the next three years to measure agency performance in providing services to meet customer needs. These surveys consist of Likert-type, mark-one, and mark-all-that-apply items, and may include a small number of open-ended comment items. Administration of OPM’s Customer Satisfaction Surveys (OMB No. 3206–0236) typically consists of approximately 20 standard items drawn from an item bank of approximately 50 items; client agencies usually add a small number of custom items to assess satisfaction with specific products and services. The survey is almost always administered electronically.
