**SUPPLEMENTARY INFORMATION:** The U.S.-Chile Free Trade Agreement (FTA) entered into force on January 1, 2004. Article 3 of Chapter 19 (Environment) of the FTA establishes an Environment Affairs Council (the "Council"), which is required to meet once a year, or more often if agreed by the two governments, to discuss the implementation of, and progress under, Chapter 19. Chapter 19 requires that meetings of the Council include a public session, unless otherwise agreed by the two governments. Through this notice the Department announces that the first meeting of the Council will be held on July 22, 2004, in Santiago, Chile, to discuss issues of mutual concern related to Chapter 19 of the FTA, including matters related to the eight cooperation projects listed in Annex 19.3 of the FTA. The Agreement Between the Government of the United States of America and the Government of the Republic of Chile on Environmental Cooperation (the "Environmental Cooperation Agreement," or ECA) entered into force on May 1, 2004. The Commission is responsible for establishing and developing programs of work resulting from the ECA, examining and evaluating the cooperative activities under the ECA, making recommendations to the two governments on ways to improve cooperation under the ECA, and undertaking other activities as the two governments agree. Through this notice, the Department announces the first meeting of the Commission, to take place immediately following the Council meeting, on July 22, 2004 in Santiago.
