Needs and Uses: On July 21, 2005, the Commission released *Closed Captioning of Video Programming; Telecommunications for the Deaf, Inc. The *Closed Captioning Notice of Proposed Rulemaking* also sought comment on whether petitions for exemption from the closed captioning rules should be permitted (or required) to be filed electronically through the Commission's Electronic Comment Filing System, and whether video programming distributors should be required to submit compliance reports to the Commission in cases where the types of video programming that they air are still

subject to a phase-in period, or where the final required amount of captioning post phase-in (*e.g.*, pre-rule programming) is not 100 percent. Furthermore, the *Closed Captioning Notice of Proposed Rulemaking* sought comment on whether video programming distributors should be required to distribute contact information to their subscribers (if the video programming provider is a subscription service) and to place such information on their Web site, as well as providing it to the Commission for placement on its Web site.
