We have an agreement with the Department of Transportation (DOT) to use their Docket Management Facility. Please see DOT's "Privacy Act" paragraph below.

Submitting comments: If you submit a comment, please include your name and address, identify the docket number for this rulemaking (USCG-2004-16877), indicate the specific section of this document to which each comment applies, and give the reason for each comment. You may submit your comments and material by electronic means, mail, fax, or delivery to the Docket Management Facility at the address under **ADDRESSES**; but please submit your comments and material by only one means. If you submit them by mail or delivery, submit them in an unbound format, no larger than 8 1/2 by 11 inches, suitable for copying and electronic filing. If you submit them by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope.

Viewing comments and documents: To view comments, as well as documents mentioned in this preamble as being available in the docket, go to <http://dms.dot.gov> at any time and conduct a simple search using the docket number. You may also visit the Docket Management Facility in room PL-401 on the Plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Privacy Act: Anyone can search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review the Department of Transportation's Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477), or you may visit <http://dms.dot.gov>.

Receipt of application; determination. On September 3, 2003, the Coast Guard and MARAD received an application from BHP Billiton LNG International Inc. ("Port Cabrillo"), 1360 Post Oak Boulevard, Suite 150, Houston, Texas 77056-3020 for all federal authorizations required for a license to own, construct and operate a deepwater port off the coast of California. Supplemental information was furnished at our request on December 9, 2003. On January 5, 2004, we determined that the application contains all information required by the Deepwater Port Act. The application and related documentation supplied by the applicant (except for certain protected information specified in 33 U.S.C. 1513) may be viewed in the public docket (see **ADDRESSES**).

Background. According to the Deepwater Port Act of 1974, as amended (the Act; 33 U.S.C. 1501 *et seq.*), a deepwater port is a fixed or floating manmade structure other than a vessel, or a group of structures, located beyond State seaward boundaries and used or intended for use as a port or terminal for the transportation, storage, and further handling of oil or natural gas for transportation to any State.

A deepwater port must be licensed, and the Act provides that a license applicant submit detailed plans for its facility to the Secretary of Transportation, along with its application. The Secretary has delegated the processing of deepwater port applications to the Coast Guard and MARAD. The Act allows 21 days following receipt of the application to determine if it contains all required information. If it does, we must publish a notice of application in the **Federal Register** and summarize the plans. This notice is intended to meet those requirements of the Act and to provide general information about the procedure that will be followed in considering the application.

Application procedure. The application is considered on its merits. Under the Act, we must hold at least one public hearing within 240 days from the date this notice is published. A separate **Federal Register** notice will
