

Nasdaq also proposes to clarify that an issuer that applies for listing on one tier of Nasdaq, but prior to listing decides to apply to list instead on the other tier, is not required to pay an additional application fee in connection with its revised application. For example, an issuer that submits an application for inclusion of a class of securities in the Nasdaq National Market is required to pay a \$5,000 nonrefundable application fee that is submitted with the issuer's application. If prior to listing the issuer decides to apply to list on the Nasdaq Capital Market instead, the issuer would not be required to pay an additional \$5,000 application fee in connection with its revised application.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 15A of the Act,⁸ in general, and with Sections 15A(b)(5)⁹ and 15A(b)(6)¹⁰ of the Act, in particular, in that it provides for the equitable allocation of reasonable fees, dues, and other charges among members and issuers and other persons using any facility or system which the Nasdaq operates or controls, and is designed to remove impediments to and perfect the mechanism of a free and open market and a national market system. Nasdaq believes the proposed rule change provides for an equitable allocation of reasonable fees because, although Capital Market issuers that transfer their listing to the National Market would continue to pay an entry fee for each class of securities listed, such fee would be reduced in recognition that these issuers already paid an entry fee upon listing on the Capital Market, and that there is a corresponding reduction in the time and effort necessary to process listing applications of such companies. In addition, the proposed rule change should enhance competition among markets by allowing issuers to better evaluate the benefits of maintaining a listing on Nasdaq.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Nasdaq has neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, and Nasdaq provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five days prior to the filing date,¹¹ the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6) thereunder.¹³

The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The NASD proposes to amend NASD Rule 2111 to delete two references to NASD Rule 6440(f)(2) in light of SR-NASD-2004-045,⁶ which repealed that rule and will be implemented January 9, 2006. Correspondingly, the NASD will implement the instant proposed rule change on January 9, 2006. The text of the proposed rule change is below. Proposed deletions are in [brackets].

2111. Trading Ahead of Customer Market Orders

This version of the rule does not become effective until January 9, 2006.

(a)-(d) No change.

(e) This rule applies to limit orders that are marketable at the time they are received by the member or become marketable at a later time. Such limit orders shall be treated as market orders for purposes of this rule, however, these orders must continue to be executed at their limit price or better. If a customer limit order is not marketable when received, the limit order must be provided the full protections of IM-2110-2 [or Rule 6440(f)(2), as applicable]. In addition, if the limit order was marketable when received and then becomes non-marketable, once the limit order becomes non-marketable, it must be provided the full protections of IM-2110-2 [or Rule 6440(f)(2), as applicable].

(f)-(g) No change.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the NASD included statements concerning the purpose of, and basis for, the proposed rule change and discussed any

comments it received on the proposal. The text of these statements may be examined at the places specified in Item IV below. The NASD has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On August 9, 2005, the Commission approved proposed rule change SR-NASD-2004-045 adopting NASD Rule 2111 ("Trading Ahead of Customer Market Orders"), which will be implemented on January 9, 2006. NASD Rule 2111 prohibits a member from trading for its own account at prices that would satisfy a customer market order in a Nasdaq or exchange-listed security, unless the member immediately thereafter executes the customer market order. In addition, NASD Rule 2111 provides that if a customer limit order is not marketable when received, or if the limit order is marketable when received and then becomes non-marketable, the limit order must be provided the full protections of IM-2110-2 (the "Manning Rule") or Rule 6440(f)(2), as applicable.⁷

On October 24, 2005, the NASD filed SR-NASD-2005-124 seeking to repeal NASD Rule 6440(f) because it overlaps and is generally duplicative of new NASD Rule 2111 and the Manning Rule, as amended.⁸ SR-NASD-2005-124 was filed for immediate effectiveness and the implementation date is January 9, 2006. In light of the repeal of NASD Rule 6440(f), the references to NASD Rule 6440(f)(2) in NASD Rule 2111 should be deleted.

2. Statutory Basis

The NASD believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act, which requires, among other things, that NASD rules be designed to prevent fraudulent and manipulative

acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. The NASD believes that the proposed rule change will further the goals of improving the treatment of market orders and enhancing the integrity of the market by bringing consistency and clarity to its conduct rules.

B. Self-Regulatory Organization's Statement on Burden on Competition

The NASD believes that the proposed rule change will not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The NASD has neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰ At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹¹

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

⁵ As required by Rule 19b-4(f)(6)(iii), 17 CFR 240.19b-4(f)(6)(iii), the NASD submitted written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing.

⁷ At the time that the NASD filed SR-NASD-2004-045 in March of 2004, the Manning Rule afforded limit order protection to Nasdaq securities and NASD Rule 6440(f)(2) afforded a similar protection to exchange-listed securities. In August of 2005, the Commission approved SR-NASD-2004-089, which extended the Manning Rule to exchange-listed securities. See Securities Exchange Act Release No. 52210 (August 4, 2005), 70 FR 46897 (August 11, 2005) (SR-NASD-2004-089).

⁸ NASD Rule 6440(f) generally prohibits a member from buying (selling) an exchange-listed security for its own account while such member holds an unexecuted market order or unexecuted limit order to buy (sell) such security for a customer.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–53017; File No. SR–NASD–2005–150]

Self-Regulatory Organizations; National Association of Securities Dealers, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Modify Nasdaq's Minimum Pricing Increment Rules

December 22, 2005.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) ¹ and Rule 19b–4 thereunder,² notice is hereby given that on December 22, 2005, the National Association of Securities Dealers, Inc. (“NASD”), through its subsidiary, The Nasdaq Stock Market, Inc. (“Nasdaq”), filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by Nasdaq. Nasdaq filed this proposal pursuant to section 19(b)(3)(A) of the Act ³ and Rule 19b–4(f)(6) thereunder,⁴ therefore making the proposed rule change effective immediately upon filing. Nasdaq intends for this rule change to become operative on January 31, 2006. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

Nasdaq proposes to modify NASD Rules 4613, 4701, 4710, 4901, 4904, and 6330 to align Nasdaq's rules on minimum pricing increments with the corresponding provisions in the Commission's Regulation NMS.

The text of the proposed rule change is below. Proposed new language is in *italics*; proposed deletions are in brackets.

* * * * *

4613. Character of Quotations

(a) Quotation Requirements and Obligations

(1) Two-Sided Quote Obligation. For each security in which a member is registered as a market maker, the member shall be willing to buy and sell such security for its own account on a continuous basis and shall enter and maintain a two-sided quotation (“Principal Quote”), which is attributed to the market maker by a special maker participant identifier (“MPID”) and is displayed in the Nasdaq Quotation Montage

at all times, subject to the procedures for excused withdrawal set forth in Rule 4619.

(A) No change

(B) Minimum Price Variation [for Decimal-based Quotations]—The minimum quotation increment for Nasdaq *National Market and Capital Market* securities [authorized for decimal pricing] shall be \$0.01 for quotations priced at or above \$1.00 per share and \$0.0001 for quotations priced below \$1.00 per share; provided, however, that if the Securities and Exchange Commission (“SEC”) permits, with respect to any security, the display, rank or acceptance of quotations priced at or above \$1.00 per share in an increment smaller than \$0.01, then the minimum quotation increment for such a security shall be the minimum permitted by the SEC or \$0.0001, whichever is greater. Quotations failing to meet this standard shall be rejected.

(2) and (3) No change

(b) through (e) No change

4701. Definitions

Unless stated otherwise, the terms described below shall have the following meaning:

(a) through (ll) No change

(mm) The term “Pegged” shall mean, for priced limit orders so designated, that after entry into the Nasdaq Market Center, the price of the order is automatically adjusted by the Nasdaq Market Center in response to changes in either the Nasdaq Market Center inside bid or offer or the national best bid or offer, as appropriate. A Nasdaq Market Center Participant may enter either a Regular Pegged Order or a Reverse Pegged Order.

A Nasdaq Market Center Participant entering a Regular Pegged Order may specify that the price of the order will deviate from either the Nasdaq inside quote on the same side of the market or the national best bid or offer on the same side of the market by an offset amount of \$0 to \$0.99. A Nasdaq Market Center Participant entering a Reverse Pegged Order may specify that the price of the order will deviate from either the Nasdaq inside quote on the contra side of the market or the national best bid or offer on the contra side of the market by an offset amount of \$0.01 to \$0.99. The market participant entering a Pegged Order may (but is not required to) specify a cap price, to define a price at which pegging of the order will stop and the order will be permanently converted into an unpegged limit order. Pegged Orders shall not be available for ITS Securities. Pegged orders shall not be eligible for routing as set out in Rule 4714. *Offset amounts for Pegged Orders are priced in \$0.01 increments. However, if at any time an offset amount specified by a Nasdaq Market Center Participant does not result in an offer or a bid that is fully compliant with the minimum price variation provisions of Rule 4613, then, for an offer, the applicable offset amount will be the smallest amount that results in a compliant order and is greater than the specified offset amount, and, for a bid, the applicable offset amount will be the largest amount that results in a compliant order and is smaller than the specified offset amount.*

(nn) The term “Discretionary” shall mean,
