

applicable deadlines.<sup>1</sup> Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information until further notice.<sup>2</sup>

Pursuant to 19 CFR 351.103(d)(1), to be included on the public service list for the Section 129 segment of the aforementioned proceeding, all interested parties, including parties that were part of the public service list in the underlying investigation and any parties otherwise notified of Commerce's commencement of this Section 129 proceeding, must file a letter of appearance. The letter of appearance must be filed separately from any other document (with the exception of an application for administrative protective order (APO) access; parties applying for and granted APO access would automatically be on the public service list). Parties wishing to enter an appearance or submit information with regard to this proceeding must upload their filing(s) to the relevant case number. Additionally, for each submission made in ACCESS, parties must select "S 129—SEC 129" as the segment and enter "DS577" in the segment specific information field.

#### Submission of Factual Information

Except as requested or allowed by Commerce, the administrative record is closed for submitting new factual information. Specifically, Commerce will be seeking new factual information in addition to information already on the record of the investigation, and will provide interested parties an opportunity to submit factual information to rebut, clarify, or correct such factual information. Commerce will establish a timeline for the submission of this factual information at a later date.

Factual information is defined in 19 CFR 351.102(b)(21) as: (i) Evidence submitted in response to questionnaires; (ii) evidence submitted in support of allegations; (iii) publicly available information to value factors under 19 CFR 351.408(c) or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2); (iv) evidence placed on the record by Commerce; and (v) evidence other than factual information described in (i)–(iv). The regulation requires any party, when submitting factual information, to specify under which subsection of 19 CFR 351.102(b)(21) the information is being

submitted and, if the information is submitted to rebut, clarify, or correct factual information already on the record, to provide an explanation identifying the information already on the record that the factual information seeks to rebut, clarify, or correct.

#### Extension of Time Limits Regulation

Parties may request an extension of time limits before the expiration of a time limit. In general, an extension request will be considered untimely if it is filed after the expiration of the time limit.<sup>3</sup> For submissions that are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. Eastern Time on the due date. Under certain circumstances, we may elect to specify a different time limit by which extension requests will be considered untimely for submissions which are due from multiple parties simultaneously. In such a case, we will inform parties in the letter or memorandum setting forth the deadline (including a specified time) by which extension requests must be filed to be considered timely. An extension request must be made in a separate, stand-alone submission; under limited circumstances we will grant untimely-field requests for an extension of time limits.<sup>4</sup>

#### Certification Requirements

Any party submitting factual information in an antidumping or CVD proceeding must certify to the accuracy and completeness of that information.<sup>5</sup> Parties must use the certification formats provided in 19 CFR 351.303(g).<sup>6</sup> Commerce intends to reject factual submissions if the submitting party does not comply with the applicable revised certification requirements.

#### Notification to Interested Parties

Interested parties may submit applications for disclosure under APO in accordance with 19 CFR 351.305. Parties wishing to participate in this proceeding should ensure that they meet the requirements of these procedures at 19 CFR 351.103(d) and enter their appearance. Representatives of interested parties may submit

applications for disclosure under APO in accordance with 19 CFR 351.305.

#### Circular Welded Carbon-Quality Steel Pipe From the United Arab Emirates: Final Results of Antidumping Duty Administrative Review; 2019–2020

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce,

**SUMMARY:** The U.S. Department of Commerce (Commerce) determines that producers and/or exporters subject to this administrative review made sales of subject merchandise at prices less than normal value during the period of review (POR), December 1, 2019, through November 30, 2020.

**DATES:** Applicable July 11, 2022.

**FOR FURTHER INFORMATION CONTACT:** Benjamin A. Luberda or Steven Seifert, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2185 or (202) 482–3350, respectively.

#### SUPPLEMENTARY INFORMATION:

<sup>1</sup> See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 86 FR 35481 (July 6, 2021); see also *Certain Carbon and Alloy Steel Cut-To-Length Plate From Belgium: Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review; 2020–2021*, 87 FR 34244 (June 6, 2022).

#### Background

This review covers five producers/exporters of the subject merchandise. Commerce selected two mandatory respondents for individual examination: Ajmal Steel Tubes & Pipes Ind. L.L.C./Ajmal Steel Tubes & Pipes Ind. L.L.C.-Branch-1 (collectively, Ajmal)<sup>1</sup> and Universal Tube and Plastic Industries, Ltd./THL Tube and Pipe Industries LLC/KHK Scaffolding and Formwork LLC (collectively, Universal).<sup>2</sup> The producers/exporters not selected for individual examination are Conares Metal Supply Limited, TSI Metal Industries L.L.C.,<sup>3</sup> and K.D. Industries Inc.

<sup>1</sup> We collapsed Ajmal Steel Tubes & Pipes Ind. L.L.C. and Noble Steel Industries L.L.C. (Noble Steel) together in the final results of the 2016–2017 administrative review. See *Circular Welded Carbon-Quality Steel Pipe from the United Arab Emirates: Final Results of Antidumping Duty Administrative Review; 2016–2017*, 84 FR 44845 (August 27, 2019) (CWP from the UAE 2016–2017 Final Results). Because there is no information on the record of this administrative review that would lead us to revisit this determination, we are continuing to treat these companies as part of a single entity for the purposes of this administrative review. Moreover, in the *Preliminary Results*, we preliminarily found that Ajmal Steel Tubes & Pipes Ind., L.L.C.-Branch-1 (Ajmal Branch 1) is the successor-in-interest to Noble Steel. See Memorandum, “Preliminary Successor-In-Interest Determination for Determination for Ajmal Steel Tubes & Pipes Ind. L.L.C.-Branch-1,” dated December 30, 2021. No party has challenged this determination for the final results. Accordingly, we continue to find that Ajmal Branch 1 is the successor-in-interest to Noble Steel.

<sup>2</sup> Commerce previously determined that Universal is a single entity consisting of the following three producers/exporters of subject merchandise: Universal Tube and Plastic Industries, Ltd.; KHK Scaffolding and Framework LLC; and Universal Tube and Pipe Industries LLC (UTP). See *Circular Welded Carbon-Quality Steel Pipe from the United Arab Emirates: Affirmative Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination*, 81 FR 36882 (June 8, 2016), and accompanying Preliminary Decision Memorandum (PDM), unchanged in *Circular Welded Carbon-Quality Steel Pipe from the United Arab Emirates: Final Determination of Sales at Less Than Fair Value*, 81 FR 75030 (October 28, 2016), and accompanying Issues and Decision Memorandum. Because there is no information on the record of this administrative review that would lead us to revisit this determination, we are continuing to treat these companies as part of a single entity for the purposes of this administrative review. Additionally, we previously determined that THL Tube and Pipe Industries LLC is the successor-in-interest to UTP. See CWP from the UAE 2016–2017 Final Results.

<sup>3</sup> On December 30, 2021, we preliminarily found that TSI Metal Industries L.L.C. (TSI Metal) is the successor-in-interest to Tiger Steel Industries L.L.C. (Tiger Steel). See Memorandum, “Preliminary Successor-In-Interest Determination for TSI Metal Industries L.L.C.,” dated December 30, 2021. No party has challenged this determination for the final results. Thus, we continue to find that TSI Metal is the successor-in-interest to Tiger Steel. Accordingly, we will notify U.S. Customs and Border Protection (CBP) of this determination and assign Tiger Steel’s company-specific case number and cash deposit rate to TSI Metal.

On January 7, 2022, Commerce published the *Preliminary Results*.<sup>4</sup> On April 25, 2022, we postponed the final results until July 1, 2022.<sup>5</sup> A summary of the events that occurred since Commerce published the *Preliminary Results*, as well as a full discussion of the issues raised by interested parties for these final results, may be found in the Issues and Decision Memorandum.<sup>6</sup> The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

#### Scope of the Order<sup>7</sup>

The merchandise subject to the order is welded carbon-quality steel pipes and tube, of circular cross-section, with an outside diameter not more than nominal 16 inches (406.4 mm), regardless of wall thickness, surface finish, end finish, or industry specification, and generally known as standard pipe, fence pipe and tube, sprinkler pipe, or structural pipe (although subject product may also be referred to as mechanical tubing). The products subject to this order are currently classifiable in Harmonized Tariff Schedule of the United States (HTSUS) statistical reporting numbers 7306.19.1010, 7306.19.1050, 7306.19.5110, 7306.19.5150, 7306.30.1000, 7306.30.5015, 7306.30.5020, 7306.30.5025, 7306.30.5032, 7306.30.5040, 7306.30.5055, 7306.30.5085, 7306.30.5090, 7306.50.1000,
