Priorities: This competition includes three absolute priorities and one competitive preference priority that are explained in the following paragraphs. These priorities are from the notice of final discretionary grant priorities for FY 2009, published in the **Federal Register** on November 21, 2008 (73 FR 70627).

Absolute Priorities: For FY 2009 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are absolute priorities. These priorities are:

Priority 1—Mathematics. Projects that support activities to enable students to achieve proficiency or advanced proficiency in mathematics.

Priority 2—Science. Projects that support activities to enable students to achieve proficiency or advanced proficiency in science.

Priority 3—Student Achievement Data. Projects that collect pre- and post-intervention test data to assess the effect of the projects on the academic achievement of student participants relative to appropriate comparison or control groups.

Note: All applicants must address Priority 3—Student Achievement Data. All applicants must also address either Priority 1—Mathematics or Priority 2—Science. Applicants may address both Priority 1—Mathematics and Priority 2—Science if they believe they have the capacity and personnel to successfully address both of these priorities. However, no additional points will be earned by addressing both the mathematics and science priorities.

Note: The Department suggests that applicants that are not part of a school system establish a relationship with their project's targeted school(s) to facilitate accessing the required pre- and post-intervention test data regarding proficiency and advanced proficiency.

Competitive Preference Priority: For FY 2009 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i) we award up to an additional 10 points to an application, depending on how well the application meets this priority.
