SUMMARY: The Commission hereby gives notice that it will proceed with a full review pursuant to section 751(c)(5) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(5)) to determine whether revocation of the antidumping duty order on tin- and chromium-coated steel sheet from Japan would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. A schedule for the review will be established and announced at a later date. For further information concerning the conduct of this review and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

SUPPLEMENTARY INFORMATION:

Background.—In November 2009, the Commission issued unanimous negative preliminary determinations in which it found no reasonable indication that an industry in the United States was materially injured or threatened with material injury by reason of imports of CSSF from China and Taiwan that were allegedly sold in the United States at less-than-fair value and imports of subject merchandise from China that were allegedly subsidized by the Government of China. Nucor Fasteners Division, a domestic producer of CSSF and petitioner, contested the Commission's determination before the U.S. Court of International Trade (CIT). The CIT affirmed certain aspects of the Commission's determination, but remanded two issues to the Commission. It ordered the Commission to take "action consistent with {its} opinion." *Nucor Fasteners Division v. United States*, Slip. Op. 11–104 at 2, 31 (Ct. Int'l Trade Aug. 11, 2011).

Participation in the proceeding.—Only those persons who were interested parties to the original investigations (*i.e.*, persons listed on the Commission Secretary's service list) and participated in the appeal proceedings before the CIT may participate in the remand proceedings. Such persons need not re-file their appearance notices or protective order applications to participate in the remand proceedings. Business proprietary information ("BPI") referred to during the remand proceedings will be governed, as appropriate, by the administrative protective order issued in the original investigations.

Written submissions.—The Commission is not reopening the record in these remand proceedings for the submission of new factual information. Nonetheless, the Commission will permit the parties to file written comments pertaining to the issues that

are the subject of the CIT's remand instructions, specifically:

1. The nature of the action the Commission should take on remand to address the Court's finding that the Commission treated its import data as "comprehensive."

2. The nature of the action the Commission should take on remand to address the Court's finding that the Commission did not identify a rational basis for its "unqualified reliance on" the questionnaire response of a firm referred to in the Court's opinion as Producer A, which reported itself as a U.S. producer of the domestic like product CSSF.

Comments should be limited to no more than fifteen (15) double-spaced and single-sided pages of textual material, inclusive of appendices or other such attachments. The parties may not submit any new factual information in their comments and may not address any issue other than those listed above. Any such comments must be filed with the Commission no later than October 7, 2011.

All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 FR 68036 (Nov. 8, 2002).

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigation must be served on all other parties to the investigation (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Parties are also advised to consult with the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subpart A (19 CFR part 207) for provisions of general applicability concerning written submissions to the Commission.

By order of the Commission.

Issued: September 15, 2011.

Secretary to the Commission.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-710]

In the Matter of Certain Personal Data and Mobile Communications Devices and Related Software; Notice of Commission Determination To Review in Part a Final Initial Determination Finding a Violation of Section 337; Schedule for Filing Written Submissions on the Issues Under Review and on Remedy, the Public Interest and Bonding

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to review in part the final initial determination ("final ID") issued by the presiding administrative law judge ("ALJ") on July 15, 2011, finding a violation of section 337 of the Tariff Act of 1930, 19 U.S.C. 1337, in the above-captioned investigation.

FOR FURTHER INFORMATION CONTACT:

Sidney A. Rosenzweig, Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 708-2532. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on April 6, 2010, based on a complaint filed by Apple Inc., and its subsidiary NeXT Software, Inc., both of Cupertino, California (collectively, "Apple"), alleging a violation of section 337 in the importation, sale for importation, and sale within the United States after importation of certain personal data and mobile communications devices and related software. 75 FR 17434 (Apr. 6, 2010). The complaint named as respondents High Tech Computer Corp.

of Taiwan and its United States subsidiaries HTC America Inc. of Bellevue, Washington, and Exedia, Inc. of Houston, Texas (collectively, "HTC").

Several patents that had been asserted by Apple in this investigation were earlier asserted by Apple in Investigation No. 337-TA-704 against Nokia Corp. of Finland and Nokia Inc. of White Plains, New York (collectively, "Nokia"). On motion by the Commission investigative attorney ("IA") in the 704 investigation and by the respondents in both investigations, the Chief ALJ transferred Apple's assertion of overlapping patents against Nokia from the 704 investigation into the 710 investigation. *See* Inv. No. 337-TA-704, Order No. 5 (Apr. 26, 2010). However, Apple and Nokia entered a settlement agreement, and on July 21, 2011, the Commission determined not to review the presiding ALJ's termination of the investigation as to Nokia in the 710 investigation. HTC remains.

On July 15, 2011, the ALJ issued the final ID. By that time, the investigation had narrowed to certain claims of four patents: claims 1, 3, 8, 15, and 19 of U.S. Patent No. 5,946,647 ("the '647 patent"); claims 1, 2, 24, and 29 of U.S. Patent No. 6,343,263 ("the '263 patent"); claims 1, 5, and 6 of U.S. Patent No. 5,481,721 ("the '721 patent"); and claims 1 and 7 of U.S. Patent No. 6,275,983 ("the '983 patent"). The final ID found a violation of section 337 by HTC by virtue of the infringement of claims 1, 8, 15, and 19 of the '647 patent, and claims 1, 2, 24, and 29 of the '263 patent. The ALJ recommended the issuance of a limited exclusion order but that no bond be posted during the Presidential review period. The final ID found that claim 3 of the '647 patent was not infringed. In addition, the final ID found that Apple had demonstrated neither infringement nor Apple's own practice (for purposes of establishing the existence of a domestic industry) of claims 5 and 6 of the '721 patent and claims 1 and 7 of the '983 patent. The final ID concluded that HTC had not demonstrated that any of the asserted patent claims were invalid.

On August 1, 2011, HTC, Apple, and the IA each petitioned for review of the final ID. HTC and the IA challenge the ALJ's finding of a violation of section 337 for the '647 and '263 patents. In addition, HTC challenged some of the final ID's findings with respect to the '721 and '983 patents. Apple's petition challenges the ALJ's finding of no violation for the '721 and '983 patents. Apple does not contest the ALJ's determination that HTC did not infringe claim 3 of the '647 patent. On August
