

Captain Cook State Recreational Area to Pt. Possession. The DEIS analyzes the potential impacts of constructing and operating a 138 kV transmission line along both the Enstar and Tesoro Routes. The DEIS evaluates a number of routing alternatives and related system improvements between the proposed substation connections, as well as alternative technologies and the no-action alternative.

The RUS, USACE, and USFWS will issue final decisions regarding the IPG proposal at the conclusion of the environmental review process.

Regardless of which routing alternatives are selected, certain construction activities will require a Department of the Army permit. A copy of the Public Notice of Application for Permit is included in the DEIS. Comments on the permit application may be submitted to the USACE directly or may be included with other comments on the DEIS.

The USFWS must decide whether to issue a right-of-way permit to the IPG to construct and operate the proposed facilities on lands within the KNWR. The decision will be made in accordance with the requirements of Title XI of the Alaska National Interest Lands Conservation Act (ANILCA) (Pub. L. 96-487) for access by transportation and utility systems across conservation system units in Alaska. Title XI of ANILCA stipulates that public hearings be held in Washington, DC and Alaska during the DEIS review period.

The USFWS must also prepare a compatibility determination in accordance with the requirements of the National Wildlife Refuge System Administration Act (16 U.S.C. 668dd), as amended, for any proposed facilities on lands within the KNWR. The compatibility determination will be prepared by the USFWS following the public review and comment period on the DEIS. Public comments received during the review will be used in the compatibility determination process.

Copies of the DEIS are available for public review at the following public libraries in Anchorage: Z.J. Loussac Public Library; Chugiak-Eagle Public Library; Gerrish (Girdwood) Branch Library; Mountain View Branch Library; Muldoon Branch Library; and the Samson-Diamond Public Library. Copies will also be available for review at the following libraries on the Kenai Peninsula: Hope Community Library; Cooper Landing Community Library; Soldotna Public Library; and Kenai Community Library. In Washington, D.C., copies are available for review at RUS offices. A copy of the DEIS is also available for review online at <http://www.usda.gov/rus/water/ees/eis.htm>.

Public comments concerning the adequacy and accuracy of the DEIS will be accepted during a 60 day comment period ending December 5, 2001. Comments should be sent to Lawrence R. Wolfe at the address provided above.
