Therefore, for 2023, FGIS will assess supervision tonnage fee of \$0.003 per ton on domestic shipments officially inspected and/or weighed, including land carrier shipments to Canada and Mexico, performed by delegated States and/or designated agencies on or after April 1, 2023. The Schedule B fee will be published in FGIS Directive 9180.74 and on the agency's public website.

7 CFR 800.71(d) Miscellaneous Fees for Other Services Calculations

Registration certificates and renewals. FGIS calculates the application fee by multiply the Schedule A non-contract hourly rate (Table 1 in § 800.71(a)) by a quantity of five. The resulting fee is expected to cover FGIS personnel costs to review applications, fee publication expenses, and administrative expenses. The Schedule A non-contract hourly rate is \$69.50. Thus, the application fee for 2023 will be \$69.50 times 5, or \$347.50. The fee will be published on the agency's public website after **Federal Register** publication.

Designation amendments. FGIS calculates the rate using the **Federal Register** publication rate for three columns, plus one hour of noncontract hourly rate from § 800.71(a) Table 1 of Schedule A. The fee covers FGIS personnel costs, administrative expenses, and **Federal Register** publication costs. The **Federal Register** publication rate \$151 per column and the Schedule A non-contract hourly rate is \$69.50. FGIS calculates the fee will be \$522.50 for calendar year 2023. The fee will be published on the agency's public website after **Federal Register** publication.
