

EPA's federal advisory committees has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees provide independent advice to the EPA. Members of the public can submit comments on matters being considered by the EFAB for consideration by members as they develop their advice and recommendations to the EPA.

This document extends the comment period for an additional 30 days, from November 18, 2019 to December 18, 2019 in response to a stakeholder request.

DATES: The comment period for the document published on September 19, 2019 (84 FR 49293), is extended. Comments, identified by docket identification (ID) number EPA-HQ-OW-2019-0415, must be received on or before December 18, 2019.
