

both of the existing sites as “magnet” sites. The ASF allows for the possible exemption of one magnet site from the “sunset” time limits that generally apply to sites under the ASF, and the applicant proposes that Site 1 be so exempted. No subzones/usage-driven sites are being requested at this time. The application would have no impact on FTZ 42’s previously authorized subzone.

In accordance with the FTZ Board’s regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board’s Executive Secretary at the address below. The closing period for their receipt is March 27, 2015. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to April 13, 2015.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the “Reading Room” section of the FTZ Board’s Web site, which is accessible via www.trade.gov/ftz. For further information, contact Camille Evans at Camille.Evans@trade.gov or (202) 482–2350.

Foreign-Trade Zones Board

[B–01–2015]

Foreign-Trade Zone (FTZ) 174—Pima County, Arizona, Notification of Proposed Production Activity, Global Solar Energy, Inc., (Thin Film Photovoltaic Solar Products), Tucson, Arizona

Tucson Regional Economic Opportunities, Inc., grantee of FTZ 174, submitted a notification of proposed production activity to the FTZ Board on behalf of Global Solar Energy, Inc. (Global Solar), located in Tucson, Arizona. The notification conforming to the requirements of the regulations of

the FTZ Board (15 CFR 400.22) was received on January 14, 2015.

A separate application for subzone designation at the Global Solar facility is planned and will be processed under Section 400.31 of the FTZ Board’s regulations. The facility is used for the production of thin film photovoltaic solar cells, strings, panels, and photovoltaic-coated stainless steel rolls based on copper-indium-gallium-diselenide (CIGS) technology. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials/components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Global Solar from customs duty payments on the foreign status materials/components used in export production (estimated to be 35% of annual shipments). On its domestic sales, Global Solar would be able to choose the duty rate during customs entry procedures that applies to the thin film photovoltaic solar products (duty free) for the foreign-status materials/components noted below. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The materials/components sourced from abroad include: Indium metal shot; gallium metal shot; selenium shot; gallium liquid; copper pellets; diodes; custom junction-boxes (unpotted); monolithic targets; stainless steel substrates; polymer film rolls; ethylene tetrafluoroethylene film rolls; junction-box pottant catalyst; junction-box pottant; and plastic slit input rolls (duty rates range from free to 4.2%). The request indicates that the stainless steel substrates (HTSUS 7220.20.1060 and 7220.20.1080) are subject to an antidumping/countervailing duty (AD/CVD) order. The FTZ Board’s regulations (15 CFR 400.14(e)) require that merchandise subject to AD/CVD actions be admitted to the proposed subzone in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board’s Executive Secretary at the address below. The closing period for their receipt is March 9, 2015.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the “Reading Room” section of the FTZ

Board’s Web site, which is accessible via www.trade.gov/ftz.

FOR FURTHER INFORMATION CONTACT: Brett Wiedoff, Staff Officer; telephone: (503) 820-2424.

SUPPLEMENTARY INFORMATION: The primary purpose of the webinar is to develop a reasonable range of alternatives for the vessel movement monitoring (VMM) agenda item scheduled for the Pacific Council's April 2015 meeting in Rohnert Park, CA. The EC will discuss options to monitor the movement of fishing vessels in the commercial groundfish fishery. The EC will also discuss options for fishpot gear deployment, derelict gear removal options, and fishery declaration enhancements. Other pertinent items that are on the Pacific Council's agenda for the March 2015 meeting in Vancouver, WA may be addressed if time allows. Actions will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the EC's intent to take final action to address the emergency. Public comment may be accommodated if time allows, at the discretion of the EC Chair.

Special Accommodations

The listening station at the Pacific Council office is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt, at (503) 820-2280, at least 5 days prior to the meeting date.
