## II. Data

*Title:* Truth in Savings.

*OMB Number:* 3133-0134.

*Form Number:* None.

*Type of Review:* Reinstatement, with change, of a previously approved collection.

*Description:* The Truth in Savings Act (TISA) requires depository institutions to disclose to consumers certain information, including interest rates, dividends, bonuses, and fees associated with their deposit accounts and accompanying services. Clear and uniform disclosures of the interest rates payable on deposit accounts and the fees assessable against them by depository institutions permits consumers to make meaningful decisions about their finances.

Under TISA, NCUA must promulgate regulations substantially similar to those issued by the Consumer Financial Protection Bureau, taking into account the nature of credit unions. See 12 U.S.C. 4311. NCUA's regulations governing all credit unions are found in 12 CFR Part 707.

## NATIONAL CREDIT UNION ADMINISTRATION

### Agency Information Collection Activities: Submission to OMB for Reinstatement, With Change, of a Previously Approved Collection; Comment Request

**AGENCY:** National Credit Union Administration (NCUA).

**ACTION:** Request for comment.

**SUMMARY:** The NCUA intends to submit the following information collection to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35). This information collection is published to obtain comments from the public. Part 712 of the National Credit Union Administration's (NCUA) regulations implements authority in the Federal Credit Union Act relating to federal credit union (FCU) lending or investment activity with credit union service organizations (CUSOs). The rule addresses NCUA's safety and soundness concerns for activities conducted by CUSOs and imposes certain recordkeeping obligations on FCUs that have relations with or conduct operations through CUSOs. The rule also imposes regulatory limits on the ability of FCUs to recapitalize their CUSOs in certain circumstances. Although the CUSO rule generally only applies to federal credit unions (FCUs), the rule extends to all federally insured credit unions the provisions ensuring that credit union regulators have access to books and records and that CUSOs are operated as separate legal entities; however, the rule also contains a procedure through which state regulators may seek an exemption from the access to records provisions for credit unions in their state. NCUA has no direct regulatory authority over CUSOs.

**DATES:** Comments will be accepted until October 4, 2013.

**ADDRESSES:** Interested parties are invited to submit written comments to

the NCUA Contact and the OMB Reviewer listed below:

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract and Request for Comments

NCUA is amending/reinstating the collection for 3133-0149.

Requirements in the rule are:

(i) The credit union must obtain a written agreement from the CUSO, before making a loan to or investment in the CUSO, that the CUSO will: Follow generally accepted accounting principles (GAAP); will prepare financial statements at least quarterly and obtain an annual opinion audit from a certified public accountant; and agree to provide access to its books and records to the NCUA;

(ii) The credit union must obtain a written legal opinion confirming the CUSO is established in a legally sufficient way to limit the credit union's exposure to loss of its loans or investments in the CUSO;

(iii) Any FCU that is less than adequately capitalized must seek NCUA approval before recapitalizing a CUSO that has become insolvent.

These requirements enable NCUA to monitor an FCU's involvement with its CUSO for safety and soundness purposes and help to assure that CUSOs are properly established and maintained in accordance with applicable state law.

The burden of this rule has decreased. The timeframe for credit unions to amend existing agreements with their CUSOs is over, thus eliminating the initial burden of the rule as approved in 2008.

The information collection requirements now are one-time obligations that help NCUA assure the continued safety and soundness of the industry. The rule also requires certain less than adequately capitalized FCUs to obtain NCUA's prior approval before recapitalizing an insolvent CUSO, helping

minimize the risk of loss to the National Credit Union Share Insurance Fund (NCUSIF).

The NCUA requests that you send your comments on this collection to the location listed in the addresses section. Your comments should address: (a) The necessity of the information collection for the proper performance of NCUA, including whether the information will have practical utility; (b) the accuracy of our estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents such as through the use of automated collection techniques or other forms of information technology. It is NCUA's policy to make all comments available to the public for review.

## NUCLEAR REGULATORY COMMISSION

[Docket Nos. 52-027 and 52-028; NRC-2008-0441]

### Virgil C. Summer Nuclear Station, Units 2 and 3; South Carolina Electric and Gas; Change to the Containment Structure for Additional Electrical Penetration Assemblies

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Exemption and combined license amendment; issuance.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) is granting both an exemption to allow a departure from the certification information of Tier 1 of the generic design control document (DCD) and License Amendment No. 6 to Combined Licenses (COL), NPF-93 and NPF-94. The COLs were issued to South Carolina Electric and Gas (SCE&G) and South Carolina Public Service Authority (Santee Cooper) (the licensee), for construction and operation of the Virgil C. Summer Nuclear Station (VCSNS), Units 2 and 3 located in Fairfield County, South Carolina. The amendment changes requested adding four electrical penetration assemblies to the containment vessel and shield building in order to support the current electrical loads required within containment. This request includes changes to Tier 1 information located in Tables 2.2.1-1 and 2.2.3-6 as well as Figure 2.2.1-1 of the Updated Final Safety Analysis Report (UFSAR), as well as the corresponding information in Appendix C of the COL. The granting of the exemption allows the Tier 1 changes asked for in the amendment. Because the acceptability of the exemption was determined in part by the acceptability of the amendment, the exemption and amendment are being issued concurrently.

## SUPPLEMENTARY INFORMATION:

### I. Introduction

The NRC is granting an exemption from Paragraph B of Section III, "Scope and Contents," of Appendix D, "Design Certification Rule for the AP1000," to Part 52 of Title 10 of the *Code of Federal Regulations* (10 CFR) and issuing License Amendment No. 6 to COLs, NPF-93 and NPF-94, to the licensee. The exemption is required by Paragraph A.4 of Section VIII, "Processes for Changes and Departures," Appendix D to 10 CFR Part 52 to allow the licensee to depart from Tier 1 information. With the requested amendment, the licensee sought to add additional electrical penetration assemblies to containment and the shield building. As part of this request, the licensee needed to change Tier 1 information located in Tables 2.2.1-1 and 2.2.3-6 as well as Figure 2.2.1-1 of the UFSAR. These changes were necessary in order to support the electrical loads within containment. No additional loads or modifications to existing loads are required as part of this request.

Part of the justification for granting the exemption was provided by the review of the amendment. Because the
