Notice of Lodging of Proposed Consent Decree Under the Clean Water Act

On April 29, 2024, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Southern District of Ohio in the lawsuit entitled *United States and the State of Ohio v. Sunoco Pipeline, L.P. et al.*, Civil Action No. 1:24-cv-00238-SJD.

The complaint filed in the above matter alleges that Defendants Sunoco Pipeline L.P. and Mid-Valley Pipeline Company violated the Clean Water Act when crude oil escaped from a ruptured pipeline and flowed into waters of the United States. 33 U.S.C. 1321(b)(3). SUPPLEMENTARY INFORMATION: DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

The collection of actual Unemployment Insurance (UI) administrative cost data from states' accounting records and projected expenditures for upcoming years is accomplished through the RJM data collection instrument. The data collected consist of program expenditures and hours worked by state staff, broken out by functional activity, for the most recently completed Federal fiscal year. These actual cost data, in combination with projected workloads, are used by ETA's UI administrative resource allocation model to distribute states' UI program administration funds. Section 303(a)(6) of the Social Security Act authorizes this information collection.

This information collection is subjected to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB control number 1205–0430.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, (e.g., permitting electronic submission of responses).
