

quantities in a timely manner under the AGOA.

SUMMARY: On August 23, 2004, the Chairman of CITA received a petition from Textiles Erre Emme Ltda. of Bogota, Colombia, alleging that certain polyester monofilament texturized, raw, white yarn, of denier 20D/F1, classified in subheading 5402.33.30 of the Harmonized Tariff Schedule of the United States (HTSUS), for use in women's and children's apparel, cannot be supplied by the domestic industry in commercial quantities in a timely manner, and requesting that such apparel made from such yarn be eligible for preferential treatment under the ATPDEA. Based on currently available information, CITA has determined that these subject yarns can be supplied by the domestic industry in commercial quantities in a timely manner and therefore denies the request.

FOR FURTHER INFORMATION CONTACT: Shikha Bhatnagar, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-3400.

SUPPLEMENTARY INFORMATION:

Authority: Section 204 (b)(3)(B)(ii) of the ATPDEA, Presidential Proclamation 7616 of October 31, 2002, Executive Order 13277 of November 19, 2002, and the United States Trade Representative's Notice of Further Assignment of Functions of November 25, 2002.

Background

The ATPDEA provides for quota- and duty-free treatment for qualifying textile and apparel products. Such treatment is generally limited to products manufactured from yarns and fabrics formed in the United States or a beneficiary country. The ATPDEA also provides for quota- and duty-free treatment for apparel articles that are both cut (or knit-to-shape) and sewn or otherwise assembled in one or more ATPDEA beneficiary countries from fabric or yarn that is not formed in the United States or a beneficiary country, if it has been determined that such fabric or yarn cannot be supplied by the domestic industry in commercial quantities in a timely manner. Pursuant to Executive Order No. 13277 (67 FR 70305) and the United States Trade Representative's Notice of Redesignation of Authority and Further Assignment of Functions (67 FR 71606), the President's authority to determine whether yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the ATPDEA has been delegated to CITA.

On August 23, 2004, the Chairman of CITA received a petition from Textiles

Erre Emme Ltda of Bogota, Colombia, alleging that certain polyester monofilament texturized, raw, white yarn, of denier 20D/F1, classified in subheading 5402.33.30 of the Harmonized Tariff Schedule of the United States (HTSUS), for use in women's and children's apparel, cannot be supplied by the domestic industry in commercial quantities in a timely manner. The petitioner requested quota- and duty-free treatment under the ATPDEA for such apparel that are woven or knit in one or more ATPDEA beneficiary countries from such yarn.

On August 31, 2004, CITA solicited public comments regarding this request, particularly with respect to whether these yarns can be supplied by the domestic industry in commercial quantities in a timely manner. On September 16, 2004, CITA and USTR offered to hold consultations with the Senate Finance Committee and the House Ways and Means Committee. Neither Committee has requested consultations on this request. We also requested the advice of the U.S. International Trade Commission and the relevant Industry Trade Advisory Committees.

CITA has determined that certain polyester monofilament texturized, raw, white yarn, of denier 20D/F1, classified in subheading 5402.33.30 of the Harmonized Tariff Schedule of the United States (HTSUS), for use in women's and children's apparel can be supplied by the domestic industry in commercial quantities in a timely manner. Textiles Erre Emme Ltda.'s request is denied.

D. Michael Hutchinson,

Acting Chairman, Committee for the Implementation of Textile Agreements.

DATES: Comments, protests or requests to intervene must be submitted on or before November 15, 2004.

ADDRESSES: Comments, protests or requests to intervene should be addressed as follows: Office of Coal & Power Systems (FE-27), Office of Fossil Energy, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585-0350 (FAX 202-287-5736).

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated and require authorization under section 202(e) of the Federal Power Act (FPA) (16 U.S.C. § 824a(e)).

On August 8, 1997, the Office of Fossil Energy (FE) of the Department of Energy (DOE) authorized DYPM, formerly Electric Clearinghouse, Inc., to transmit electric energy from the United States to Canada as a power marketer (Order No. EA-122). On October 15, 1999, that authorization to export electricity was renewed in EA-122-A for a period of five years which expired on October 15, 2004.

On October 18, 2004, the FE received an application from DYPM to renew its authorization to transmit energy from the United States to Canada for a term of five years. DYPM, a Texas corporation having its principal place of business in Houston, Texas is a power marketer that does not own or control any electric generation or transmission facilities nor does it have any franchised service territory in the United States.

In its application DYPM notes that it has had no electricity export transactions to Canada in the past several months. However, DYPM requests DOE to expedite the processing of its application in order to take advantage of certain market situations that could necessitate DYPM to make sales into the Ontario Independent Electricity Market Operator.

Accordingly, DOE has shortened the public comment period to 15 days.

DYPM proposes to export electric energy to Canada and to arrange for the delivery of those exports over the international transmission facilities owned by Basin Electric Power Cooperative, Bonneville Power Administration, Eastern Maine Electric Cooperative, International Transmission Company, Joint Owners of the Highgate Project, Long Sault, Inc., Maine Electric Power Company, Maine Public Service Company, Minnesota Power, Inc., Minnkota Power Cooperative, New York Power Authority, Niagara Mohawk Power Corporation, Northern States Power, Vermont Electric Power Company and Vermont Electric Transmission Company.

The construction of each of the international transmission facilities to be utilized by DYPM as more fully described in the application, has previously been authorized by a Presidential permit issued pursuant to Executive Order 10485, as amended.

Fifteen copies of

each petition and protest should be filed with the DOE on or before the date listed above.

Comments on the DYPM application to export to electric energy to Canada should be clearly marked with Docket EA-122-B. Additional copies are to be filed directly with Betsy R. Carr, Sr. Director & Regulatory Counsel, and Steven F. Dalhoff, Director, Regulatory Affairs, Dynegy Power Marketing, Inc., 1000 Louisiana, Suite 5800, Houston, TX 77002-5050.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above or by accessing the Fossil Energy Home Page at <http://www.fe.doe.gov>. Upon reaching the Fossil Energy home page select "Electricity Regulation," and then "Pending Proceedings" from the options menus.
