

to the application of Supermel's G&A and interest expenses.⁶ For a detailed discussion of the aforementioned ministerial error allegation, as well as Commerce's analysis of Supermel's comments, see the Ministerial Error Memorandum.

Pursuant to 19 CFR 351.224(g)(1), Commerce's failure to apply Supermel's G&A and interest expenses is significant because its correction results in a change of at least five absolute percentage points in, but not less than 25 percent of, the estimated weighted-average dumping margin calculated in the *Preliminary Determination* (i.e., a change from an estimated weighted-average dumping margin of 29.61 percent to 10.52 percent). Therefore, we are correcting the ministerial error and amending our *Preliminary Determination* accordingly.⁷

Amended Preliminary Determination

We are amending the *Preliminary Determination* to reflect the correction of a significant ministerial error made in the margin calculation for Supermel in accordance with 19 CFR 351.224(e). In addition, because the preliminary all-others rate was based, in part, on the estimated weighted-average dumping margin calculated for Supermel, we are also amending the all-others rate.⁸ As a result of the correction of the ministerial error, the revised estimated weighted-average dumping margin for Supermel and the revised all-others rate are as follows:

Exporter/producer	Estimated weighted-average dumping margin (percent)
Apiário Diamante Comercial Exportadora Ltda/Apiário Diamante Produção e Comercial de Mel Ltda ⁹	10.52
All Others	9.38

⁶ See Memorandum, "Antidumping Duty Investigation of Raw Honey from Brazil: Allegation of a Ministerial Error in the Preliminary Determination," dated concurrently with this notice (Ministerial Error Memorandum).

⁷ *Id.*

⁸ In the *Preliminary Determination*, the rate calculated for the other mandatory respondent, Melbras Importadora E Exportadora Agroindustrial Ltda., was 7.89 percent. This rate was used along with Supermel's amended preliminary rate to establish the amended all-others rate, 9.38 percent. See Memorandum, "Less-Than-Fair-Value Investigation of Raw Honey from Brazil: Amended Calculation of All-Others Rate," dated concurrently with this notice.

Amended Cash Deposits and Suspension of Liquidation

The collection of cash deposits and suspension of liquidation will be revised according to the rates established in this amended preliminary determination, in accordance with section 733(d) of the Tariff Act of 1930, as amended (the Act). Because these amended rates result in reduced cash deposit rates, they will be effective retroactively to November 23, 2021, the date of publication of the *Preliminary Determination*.

International Trade Commission Notification

In accordance with section 733(f) of the Act, we intend to notify the International Trade Commission of our amended preliminary determination.

Disclosure

We intend to disclose the calculations performed to parties in this proceeding within five days after public announcement of the amended preliminary determination, in accordance with 19 CFR 351.224.

Notification to Interested Parties

This amended preliminary determination is issued and published in accordance with sections 733(f) and 777(i) of the Act, and 19 CFR 351.224(e).

Dated: December 10, 2021.

Ryan Majerus,

Deputy Assistant Secretary for Policy and Negotiations, Performing the Non-Exclusive Functions and Duties of The Assistant Secretary for Enforcement and Compliance.

Appendix—Scope of the Investigation

The merchandise covered by this investigation is raw honey. Raw honey is honey as it exists in the beehive or as obtained by extraction, settling and skimming, or coarse straining. Raw honey has not been filtered to a level that results in the removal of most or all of the pollen, e.g., a level that removes pollen to below 25 microns. The subject products include all grades, floral sources and colors of raw honey and also include organic raw honey.

Excluded from the scope is any honey that is packaged for retail sale (e.g., in bottles or other retail containers of five (5) lbs. or less).

The merchandise subject to this investigation is currently classifiable under statistical subheading 0409.00.0005, 0409.00.0035, 0409.00.0045, 0409.00.0056, and 0409.00.0065 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs

⁹ As discussed in the *Preliminary Determination* and the Single Entity Memorandum, we have determined that Apiário Diamante Comercial Exportadora Ltda and Apiário Diamante Produção e Comercial de Mel Ltda are affiliated and should be treated as a single entity.

purposes, the written description of the scope of this investigation is dispositive.

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China: Final Results of Changed Circumstances Reviews, and Revocation of the Antidumping and Countervailing Duty Orders, in Part

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is revoking, in part, the antidumping duty (AD) and countervailing duty (CVD) orders on crystalline silicon photovoltaic cells, whether or not assembled into modules (solar cells), from the People's Republic of China (China) with respect to certain off-grid small portable crystalline silicon photovoltaic (CSPV) panels.

DATES: Applicable December 17, 2021.

FOR FURTHER INFORMATION CONTACT: Thomas Hanna, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0835.

SUPPLEMENTARY INFORMATION:

Background

On December 7, 2012, Commerce published the AD and CVD orders on solar cells from China.¹ On December 4, 2020, SOURCE Global, PBC (SOURCE Global), a U.S. importer of subject merchandise, requested, through changed circumstances reviews (CCRs), revocation of the *Orders* with respect to certain off-grid small portable CSPV panels, pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.216(b).²

¹ See *Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, from the People's Republic of China: Amended Final Determination of Sales at Less Than Fair Value, and Antidumping Duty Order*, 77 FR 73018 (December 7, 2012) (AD Order); see also *Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, from the People's Republic of China: Countervailing Duty Order*, 77 FR 73017 (December 7, 2012) (CVD Order) (collectively, *Orders*).

² See SOURCE Global's Letter, "Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled into Modules from the People's

Continued

On March 15, 2021, Commerce initiated the requested CCRs.³ In the *Initiation Notice*, we invited interested parties to provide comments and/or factual information regarding these CCRs, including comments on industry support and the proposed partial revocation language. We received no comments or factual information. On June 23, 2021, Commerce published notice of the preliminary results of these CCRs of the *Orders* and its intent to revoke the *Orders*, pursuant to section 751(b)(1) of the Act and 19 CFR 351.216(b), with respect to certain off-grid small portable CSPV panels.⁴ We invited interested parties to comment on the *Preliminary Results*. On July 12, 2021, Commerce received comments from SOURCE Global.⁵

Final Results of Changed Circumstances Reviews and Revocation of the Orders, in Part

In its comments, SOURCE Global agreed with, and supported, Commerce's *Preliminary Results* and requested that Commerce apply the revocation to the earliest possible date.⁶ Because no party submitted comments opposing the preliminary results of these CCRs, and the record contains no other information or evidence that calls into question the *Preliminary Results*, Commerce determines, pursuant to sections 751(d)(1) and 782(h) of the Act, and 19 CFR 351.222(g), that there are changed circumstances that warrant revocation of the *Orders*, in part. Specifically, because the producers accounting for substantially all of the production of the domestic like product to which the *Orders* pertain have not expressed interest in maintaining the relief provided by the *Orders* with respect to the off-grid small portable

CSPV panels, as described below, Commerce is revoking the *Orders*, in part, with respect to the following off-grid small portable CSPV panels:

Off-grid CSPV panels in rigid form with a glass cover, with each of the following physical characteristics, whether or not assembled into a fully completed off-grid hydropanel whose function is conversion of water vapor into liquid water:

- (A) A total power output of no more than 80 watts per panel;
- (B) A surface area of less than 5,000 square centimeters (cm²) per panel;
- (C) Do not include a built-in inverter;
- (D) Do not have a frame around the edges of the panel;
- (E) Include a clear glass back panel; and
- (F) Must include a permanently connected wire that terminates in a two-port rectangular connector.

The scope description will henceforth include the exclusion language articulated above.

Scope of the Orders

The merchandise covered by the *Orders* is crystalline silicon photovoltaic cells, and modules, laminates, and panels, consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including, but not limited to, modules, laminates, panels and building integrated materials.

The *Orders* cover crystalline silicon photovoltaic cells of thickness equal to or greater than 20 micrometers, having a p/n junction formed by any means, whether or not the cell has undergone other processing, including, but not limited to, cleaning, etching, coating, and/or addition of materials (including, but not limited to, metallization and conductor patterns) to collect and forward the electricity that is generated by the cell.

Merchandise under consideration may be described at the time of importation as parts for final finished products that are assembled after importation, including, but not limited to, modules, laminates, panels, building-integrated modules, building-integrated panels, or other finished goods kits. Such parts that otherwise meet the definition of merchandise under consideration are included in the scope of the *Orders*.

Excluded from the scope of the *Orders* are thin film photovoltaic products produced from amorphous silicon (a-Si), cadmium telluride (CdTe), or copper indium gallium selenide (CIGS).

Also excluded from the scope of the *Orders* are crystalline silicon photovoltaic cells, not exceeding 10,000 mm² in surface area, that are permanently integrated into a consumer

good whose function is other than power generation and that consumes the electricity generated by the integrated crystalline silicon photovoltaic cell.

Where more than one cell is permanently integrated into a consumer good, the surface area for purposes of this exclusion shall be the total combined surface area of all cells that are integrated into the consumer good.

Additionally, excluded from the scope of the *Orders* are panels with surface area from 3,450 mm² to 33,782 mm² with one black wire and one red wire (each of type 22 AWG or 24 AWG not more than 206 mm in length when measured from panel extrusion), and not exceeding 2.9 volts, 1.1 amps, and 3.19 watts. For the purposes of this exclusion, no panel shall contain an internal battery or external computer peripheral ports.

Also excluded from the scope of the *Orders* are:

1. Off grid CSPV panels in rigid form with a glass cover, with the following characteristics:

- (A) A total power output of 100 watts or less per panel;
- (B) a maximum surface area of 8,000 cm² per panel;
- (C) do not include a built-in inverter;
- (D) must include a permanently connected wire that terminates in either an 8mm male barrel connector, or a two-port rectangular connector with two pins in square housings of different colors;
- (E) must include visible parallel grid collector metallic wire lines every 1–4 millimeters across each solar cell; and
- (F) must be in individual retail packaging (for purposes of this provision, retail packaging typically includes graphics, the product name, its description and/or features, and foam for transport); and

2. Off grid CSPV panels without a glass cover, with the following characteristics:

- (A) A total power output of 100 watts or less per panel;
- (B) a maximum surface area of 8,000 cm² per panel;
- (C) do not include a built-in inverter;
- (D) must include visible parallel grid collector metallic wire lines every 1–4 millimeters across each solar cell; and
- (E) each panel is

1. permanently integrated into a consumer good;

2. encased in a laminated material without stitching, or

3. has all of the following characteristics:

- (i) The panel is encased in sewn fabric with visible stitching, (ii) includes a mesh zippered storage pocket, and (iii) includes a permanently attached wire that terminates in a female USB–A connector.

In addition, the following CSPV panels are excluded from the scope of the *Orders*:

Off-grid CSPV panels in rigid form with a glass cover, with each of the following physical characteristics,

Republic of China; Request for Changed Circumstances Review on Certain Off-Grid Portable Small Panels and Consumer Products Containing Such Panels,” dated December 4, 2020.

³ See *Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, from the People's Republic of China: Notice of Initiation of Changed Circumstances Reviews, and Consideration of Revocation of the Antidumping and Countervailing Duty Orders in Part*, 86 FR 16585 (March 30, 2021) (*Initiation Notice*).

⁴ See *Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, from the People's Republic of China: Preliminary Results of Changed Circumstances Reviews, and Intent To Revoke the Antidumping and Countervailing Duty Orders, in Part*, 86 FR 33982 (June 28, 2021) (*Preliminary Results*).

⁵ See SOURCE Global's Letter, “Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled into Modules from the People's Republic of China; SOURCE Global, PBC Changed Circumstances Review Request; SOURCE Global, PBC Comments on Preliminary Results of Reviews,” dated July 12, 2021 (SOURCE Global's Comments).

⁶ *Id.* at 4.

whether or not assembled into a fully completed off-grid hydropanel whose function is conversion of water vapor into liquid water:

- (A) A total power output of no more than 80 watts per panel;
- (B) A surface area of less than 5,000 square centimeters (cm²) per panel;
- (C) Do not include a built-in inverter;
- (D) Do not have a frame around the edges of the panel;
- (E) Include a clear glass back panel; and
- (F) Must include a permanently connected wire that terminates in a two-port rectangular connector.

Modules, laminates, and panels produced in a third-country from cells produced in China are covered by the *Orders*; however, modules, laminates, and panels produced in China from cells produced in a third-country are not covered by the *Orders*.

Merchandise covered by the *Orders* is currently classified in the Harmonized Tariff System of the United States (HTSUS) under subheadings 8501.61.0000, 8507.20.80, 8541.40.6020, 8541.40.6030, and 8501.31.8000. These HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of the *Orders* is dispositive.⁷

Application of the Final Results of Reviews

SOURCE Global requested that Commerce apply the final results of these reviews to “all unliquidated entries of the merchandise covered by the revocation that are not covered by the final results of an administrative review or automatic liquidation instruction.”⁸ Section 751(d)(3) of the Act provides that “[a] determination under this section to revoke an order . . . shall apply with respect to unliquidated entries of the subject merchandise which are entered, or withdrawn from warehouse, for consumption on or after the date determined by the administering authority.” Commerce’s general practice is to instruct U.S. Customs and Border Protection (CBP) to liquidate without regard to antidumping and countervailing duties, and to refund any estimated antidumping and countervailing duties on, all unliquidated entries of the merchandise covered by a revocation that are not covered by the final results of an administrative review or automatic liquidation.⁹

Consistent with this practice, we are applying the final results of these CCRs to all unliquidated entries of the merchandise covered by the revocations which have been entered, or withdrawn from warehouse, for consumption on or after December 1, 2020, for the *AD Order*, and January 1, 2020, for the *CVD Order*. These are the beginning dates of the earliest periods of review not covered by the final results of an administrative review or automatic liquidation instructions (*i.e.*, December 1, 2020 through November 30, 2021 for the *AD Order* and January 1, 2020 through December 31, 2020 for the *CVD Order*).

Instructions to CBP

Because we determine that there are changed circumstances that warrant the revocation of the *Orders*, in part, we will instruct CBP to liquidate without regard to antidumping and countervailing duties, and to refund any estimated antidumping and countervailing duties on, all unliquidated entries of the merchandise covered by this partial revocation on or after December 1, 2020, for purposes of the *AD Order* and January 1, 2020, for purposes of the *CVD Order*.

Commerce intends to issue instructions to CBP no earlier than 35 days after the date of publication of these final results of CCRs in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Notification to Interested Parties

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or

Kingdom: Notice of Final Results of Changed Circumstances Review and Revocation of Order, in Part, 72 FR 65706 (November 23, 2007); Notice of Final Results of Antidumping Duty Changed Circumstances Review and Revocation of Order In Part: Certain Corrosion-Resistant Carbon Steel Flat Products from Germany, 71 FR 66163 (November 13, 2006); Notice of Final Results of Antidumping Duty Changed Circumstances Reviews and Revocation of Orders in Part: Certain Corrosion-Resistant Carbon Steel Flat Products from Canada and Germany, 71 FR 14498 (March 22, 2006); and Notice of Final Results of Antidumping Duty Changed Circumstances Review, and Determination to Revoke Order in Part: Certain Cased Pencils from the People's Republic of China, 68 FR 62428 (November 4, 2003).

conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing these final results of CCRs in accordance with sections 751(b) and 777(i) of the Act, and 19 CFR 351.216, 19 CFR 351.221(c)(3), and 19 CFR 351.222.

Dated: December 10, 2021.

Ryan Majerus,

Deputy Assistant Secretary for Policy and Negotiations, Performing the Non-Exclusive Functions and Duties of the Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

Limitation of Duty-Free Imports of Apparel Articles Assembled in Haiti Under the Caribbean Basin Economic Recovery Act (CBERA), as Amended by the Haitian Hemispheric Opportunity Through Partnership Encouragement Act (HOPE)

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notification of annual quantitative limit on imports of certain apparel from Haiti.

SUMMARY: CBERA, as amended, provides duty-free treatment for certain apparel articles imported directly from Haiti. One of the preferences is known as the “value-added” provision, which requires that apparel meet a minimum threshold percentage of value added in Haiti, the United States, and/or certain beneficiary countries. The provision is subject to a quantitative limitation, which is calculated as a percentage of total apparel imports into the United States for each 12-month period. For the period from December 20, 2021 through December 19, 2022, the quantity of imports eligible for preferential treatment under the value-added provision is 367,770,223 square meters equivalent.

DATES: The new limitations become effective December 20, 2021.

FOR FURTHER INFORMATION CONTACT: Laurie Mease, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482–2043.

SUPPLEMENTARY INFORMATION:

Authority: Section 213A of the Caribbean Basin Economic Recovery Act (19 U.S.C. 2703a) (“CBERA”), as amended; and as implemented by
