

EPA. The information is also useful to identify trends of adverse effects across the industry that may not be apparent to any one chemical company. This ICR addresses the information reporting and recordkeeping requirements found in 40 CFR part 717.

Responses to the collection of information are mandatory (see 40 CFR part 717). Respondents may claim all or part of a notice as CBI. EPA will disclose information that is covered by a CBI claim only to the extent permitted by, and in accordance with, the procedures in 40 CFR part 2.

Burden statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 1.36 hours per response. Burden is defined in 5 CFR 1320.3(b).

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Respondents/Affected Entities: Entities potentially affected by this ICR are companies that manufacture, process, import, or distribute in commerce chemical substances or mixtures.

Estimated total number of potential respondents: 13,160.

Frequency of response: On occasion.

Estimated total average number of responses for each respondent: 1.4.

Estimated total annual burden hours: 25,527 hours.

Estimated total annual costs: \$1,911,471. This includes an estimated burden cost of \$1,911,471 and an estimated cost of \$0 for capital investment or maintenance and operational costs.

III. Are there changes in the estimates from the last approval?

There is a decrease of 1,451 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This decrease reflects EPA's estimate of a fewer number of potential respondents affected by the reporting requirement. This change is an adjustment.

IV. What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** document pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the

opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Authority: 44 U.S.C. 3501 *et seq.*

Dated: March 4, 2016.

James Jones,

Assistant Administrator, Office of Chemical Safety and Pollution Prevention.
