Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in

34 CFR parts 74, 75, 77, 79, 80, 81, 82, 85, 86, and 99. (b) The regulations in 34 CFR parts 385 and 386.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

Selection Criteria: In evaluating an application for a new grant under this competition, we use the selection criteria in 34 CFR 385.31 and 386.20. The selection criteria to be used for this competition will be provided in the application package for this competition.

Priorities: This competition focuses on projects designed to meet the priorities in the regulations for this program (34 CFR 386.1). The priority

areas of personnel shortages are listed in the chart published in this notice.

Under 34 CFR 75.105(c)(3) and 34 CFR 386.1, we consider only applications that propose to provide training in the areas of personnel shortages listed in the chart.

Performance Measures: The Government Performance and Results Act (GPRA) of 1993 directs Federal departments and agencies to improve the effectiveness of their programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals. Program officials must develop performance measures for all of their grant programs to assess their performance and effectiveness. The Rehabilitation Services Administration (RSA) has established a set of indicators to assess the effectiveness of the Rehabilitation Training program and will use the following indicator for the Rehabilitation Long-Term Training program projects:

- The percentage of graduates fulfilling their paycheck requirement through acceptable employment.

Each grantee must report annually on this indicator using the electronic grantee reporting system administered by RSA for this purpose.

Application Procedures

Note: Some of the procedures in these instructions for transmitting applications differ from those in the Education Department General Administrative Regulations (EDGAR) (34 CFR 75.102). Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed regulations. However, these amendments make procedural changes only and do not establish new substantive policy. Therefore, under 5 U.S.C. 553(b)(A), the Secretary has determined that proposed rulemaking is not required.

Pilot Project for Electronic Submission of Applications

The Department is continuing to expand its pilot project for electronic submission of applications to include additional formula grant programs and additional discretionary grant competitions. The Rehabilitation Long-Term Training program (CFDA numbers 84.129C, 84.129E, 84.129F, 84.129Q, and 84.129R) is one of the programs included in the pilot project. If you are an applicant under the Rehabilitation Long-Term Training program, you may submit your application to us in either electronic or paper format.

The pilot project involves the use of the Electronic Grant Application System (e-Application). Users of e-Application

will be entering data on-line while completing their applications. You may not e-mail a soft copy of a grant application to us. If you participate in this voluntary pilot project by submitting an application electronically, the data you enter on-line will be saved into a database. We request your participation in e-Application. We shall continue to evaluate its success and solicit suggestions for its improvement.

If you participate in e-Application, please note the following:

- Your participation is voluntary.
- When you enter the e-Application system, you will find information about its hours of operation. We strongly recommend that you do not wait until the application deadline date to initiate an e-Application package.
- You will not receive additional point value because you submit a grant application in electronic format, nor will we penalize you if you submit an application in paper format.
- You may submit all documents electronically, including the Application for Federal Education Assistance (ED 424), Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.
- Your e-Application must comply with any page limit requirements described in this notice.
- After you electronically submit your application, you will receive an automatic acknowledgement, which will include a PR/Award number (an identifying number unique to your application).
- Within three working days after submitting your electronic application, fax a signed copy of the Application for Federal Education Assistance (ED 424) to the Application Control Center after following these steps:
 1. Print ED 424 from e-Application.
 2. The institution's Authorizing Representative must sign this form.
 3. Place the PR/Award number in the upper right hand corner of the hard copy signature page of the ED 424.
 4. Fax the signed ED 424 to the Application Control Center at (202) 260-1349.
- We may request that you give us original signatures on other forms at a later date.
- **Application Deadline Date Extension in Case of System Unavailability:** If you elect to participate in the e-Application pilot for the Rehabilitation Long-Term Training program and you are prevented from submitting your application on the application deadline date because the e-

Application system is unavailable, we will grant you an extension of one business day in order to transmit your application electronically, by mail, or by hand delivery. For us to grant this extension—

1. You must be a registered user of e-Application, and have initiated an e-Application for this competition; and

2. (a) The e-Application system must be unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or

(b) The e-Application system must be unavailable for any period of time during the last hour of operation (that is, for any period of time between 3:30 and 4:30 p.m., Washington, DC time) on the application deadline date.

The Department must acknowledge and confirm these periods of unavailability before granting you an extension. To request this extension or to confirm the Department's acknowledgement of any system unavailability, you may contact either (1) the person listed elsewhere in this notice under FOR FURTHER INFORMATION CONTACT or (2) the e-GRANTS help desk at 1-888-336-8930.

You may access the electronic grant application for the Rehabilitation Long-Term Training program at: <http://e-grants.ed.gov>.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Western Area Power Administration

Boulder Canyon Project—Base Charge and Rates

AGENCY: Western Area Power Administration, DOE.

ACTION: Notice of base charge and rates.

SUMMARY: The Deputy Secretary of the Department of Energy (DOE) has approved Rate Schedule BCP-F6, FY 2004 Base Charge and Rates (Rates) for Boulder Canyon Project (BCP) electric service provided by the Western Area Power Administration (Western). The

Rates will provide sufficient revenue to pay all annual costs, including interest expense, and investment repayment within the allowable period.

DATES: The Rates will be effective the first day of the first full billing period beginning on or after October 1, 2003. These Rates will stay in effect through September 30, 2004, or until other Rates replace them.

FOR FURTHER INFORMATION CONTACT: Mr. Jack Murray, Rates Team Lead, Desert Southwest Customer Service Region, Western Area Power Administration, PO Box 6457, Phoenix, AZ 85005-6457, telephone (602) 352-2442, e-mail jmurray@wapa.gov.

SUPPLEMENTARY INFORMATION: The Deputy Secretary of DOE approved the existing Rate Schedule BCP-F6 for BCP electric service on September 18, 2000 (Rate Order No. WAPA-94, 65 FR 60933, October 13, 2000), on an interim basis. Rate Schedule BCP-F6, effective October 1, 2000, through September 30, 2005, allows for an annual recalculation of the rates. On July 31, 2001, the Federal Energy Regulatory Commission (FERC) approved Rate Order No. WAPA-94 on a final basis.

Under Rate Schedule BCP-F6, the existing composite rate, effective on October 1, 2002, was 11.16 mills per kilowatthour (mills/kWh), the base charge was \$50,761,729, the energy rate was 5.58 mills/kWh, and the capacity rate was \$1.08 per kilowattmonth (kWmonth). The newly calculated Rates for BCP electric service, to be effective October 1, 2003, will result in an overall composite rate of 12.91 mills/kWh. This is an increase of approximately 16 percent when compared with the existing BCP electric service composite rate. The increase is due to an increase in the annual base charge and a decrease in the projected energy sales. The Fiscal Year (FY) 2004 base charge is increasing to \$51,719,075. The increase is due mainly to a reduction in visitor service revenues resulting from fewer tours at the Hoover Dam. The FY 2004 energy rate of 6.46 mills/kWh is approximately a 16-percent increase from the existing energy rate of 5.58 mills/kWh. The increase in the energy rate is due to a decrease in the projected energy sales resulting from lake elevations continuing to drop due to poor hydrology in the lower Colorado River basin. The FY 2004 capacity rate of \$1.17/kWmonth is approximately an 8-percent increase from the existing \$1.08/kWmonth capacity rate. The capacity rate is increasing due to decreased generation ratings resulting from lower lake elevations. Another factor that contributes to the increase in

the energy and capacity rates is the increase in the annual base charge.

The following summarizes the steps taken by Western to ensure involvement of all interested parties in determining the Rates:

1. A **Federal Register** (FR) notice was published on February 27, 2003 (68 FR 9078), announcing the proposed rate adjustment process, initiating a public consultation and comment period, announcing public information and public comment forums, and presenting procedures for public participation.

2. On March 7, 2003, a letter was mailed from Western's Desert Southwest Customer Service Region to the BCP Contractors and other interested parties announcing an informal customer meeting, and public information and comment forums. The BCP Contractors consist of Municipalities in Arizona and Nevada, States Agencies from Arizona, Nevada, and Southern California and an Investor Owned Utility from Southern California.

3. Discussion of the proposed Rates was initiated at an informal BCP Contractor meeting held March 19, 2003, in Phoenix, Arizona. At this informal meeting, representatives from Western and the Bureau of Reclamation (Reclamation) explained the basis for estimates used to calculate the Rates. A question and answer session was held.

4. At the public information forum held on April 1, 2003, in Phoenix, Arizona, Western and Reclamation representatives explained the proposed Rates for FY 2004 in greater detail. A question and answer session was held.

5. A public comment forum was held on April 23, 2003, in Phoenix, Arizona, to give the public an opportunity to comment for the record. Four persons representing customers made oral comments.

6. One comment letter was received during the 90-day consultation and comment period. The consultation and comment period ended May 28, 2003. All comments were considered in developing the Rates for FY 2004. Written comments were received from: Irrigation & Electrical Districts Association of Arizona, AZ.

Comments and responses, paraphrased for brevity, are presented below.

Agency Accountability

Comment: The Contractors stressed the importance of accountability, for both Western and the U. S. Bureau of Reclamation, under the implementation agreement processes, and indicated that there appears to be something wrong in the processes. Similarly, concern was expressed over the significant increases
