SUPPLEMENTARY INFORMATION:

Background

This document contains final regulations amending the Procedure and Administration Regulations (26 CFR Part 301) under section 6103(j)(1)(B) of the Internal Revenue Code (Code). The final regulations contain rules relating to the disclosure of corporate tax return information to the Bureau of Economic Analysis (Bureau) of the Department of

Commerce for the purpose of, but only to the extent necessary in, structuring national economic accounts and conducting related statistical activities authorized by law.

Section 6103(j)(1)(B) provides that, upon written request from the Secretary of Commerce, the Secretary of the Treasury shall furnish to BEA return information that is prescribed by Treasury regulations for the purpose of, but only to the extent necessary in, structuring of national economic accounts and conducting related statistical activities authorized by law. Prior regulations under section 6103(j)(1)(B) permitted the disclosure to BEA of return information from corporate returns processed by the IRS's Statistics of Income Division for its corporate sample file.

By letter dated December 18, 2003, the Department of Commerce requested disclosure of certain items of return information obtained from all corporate returns, not just those processed by the IRS's Statistics of Income Division for its corporate sample file. Proposed regulations (REG-148864-03, 2006-2 CB 320; 71 FR 38323) and temporary regulations (TD 9267, 71 FR 38262) were published in the **Federal Register** on July 6, 2006. The Department of Commerce thereafter submitted comments requesting certain technical corrections to the items of corporate return information authorized to be disclosed. No other comments were received, and no public hearing was requested or held. After consideration of the comments received from the Department of Commerce, the proposed regulations, as amended by this Treasury decision, are adopted as final regulations, and the corresponding temporary regulations are removed. See § 601.601(d)(2)(ii)(b). These final regulations generally retain the provisions of the proposed regulations with the inclusion of the additional requested items as explained in more detail in this preamble.

Explanation and Summary of Comments

Proposed § 301.6103(j)(1)-1(c)(3) provided an itemized description of the corporate tax return information authorized to be disclosed to the Bureau for the purpose of structuring national economic accounts and conducting related statistical activities required by law. In its comments, the Department of Commerce requested that certain additional items of corporate tax return information that are essential to the Bureau's ability to measure accurately U.S. economic activity be included in the itemized list in the final regulations.

Most of the additional items of corporate tax return information to which the Department of Commerce requests access are slightly different variants of the same items authorized in the proposed regulations. The inclusion of these items will enable the Bureau to measure accurately corporate profits, gross domestic product, and other measures of activity in the economy. After consideration of these comments, the Treasury Department and IRS have included the additional requested items in the final regulations.

Special Analyses

It has been determined that this Treasury decision is not a significant regulatory action as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations. Because the regulations do not impose a collection of information on small entities, the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. Pursuant to section 7805(f) of the Internal Revenue Code, the notice of proposed rulemaking preceding these regulations was submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on their impact on small businesses.

Drafting Information

The principal author of these regulations is Robin M. Tuczak, Office of the Associate Chief Counsel (Procedure & Administration).

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Part 4044

Allocation of Assets in Single-Employer Plans; Interest Assumptions for Valuing Benefits

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: Pension Benefit Guaranty Corporation’s regulation on Allocation of Assets in Single-Employer Plans prescribes interest assumptions for valuing benefits under terminating single-employer plans. This final rule amends the asset allocation regulation to adopt interest assumptions for plans with valuation dates in the first quarter of 2009. As discussed below, PBGC has published a separate final rule dealing with interest assumptions under its regulation on Benefits Payable in Terminated Single-Employer Plans for January 2009. Interest assumptions are also published on PBGC’s Web site (<http://www.pbgc.gov>).

DATES: Effective January 1, 2009.

FOR FURTHER INFORMATION CONTACT:

Catherine B. Klion, Manager, Regulatory and Policy Division, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005, 202–326–4024. (TTY/TDD users may call the Federal relay service toll-free at 1–800–877–8339 and ask to be connected to 202–326–4024.)

SUPPLEMENTARY INFORMATION: PBGC’s regulations prescribe actuarial assumptions—including interest assumptions—for valuing and paying plan benefits of terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974 (ERISA). The interest assumptions are intended to reflect current conditions in the financial and annuity markets.

These interest assumptions are found in two PBGC regulations: The regulation on Benefits Payable in Terminated Single-Employer Plans (29 CFR Part 4022) and the regulation on Allocation of Assets in Single-Employer Plans (29 CFR Part 4044). PBGC normally updates the assumptions under the two regulations each month in a single rulemaking document. Because of delays in obtaining data used in setting the assumptions for January 2009, PBGC is publishing two rulemaking documents to update the two regulations. This document is a final rule updating the asset allocation
