Federal Register

Vol. 86, No. 246

Tuesday, December 28, 2021

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

## DEPARTMENT OF AGRICULTURE

### Submission for OMB Review; Comment Request

December 22, 2021.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by January 27, 2022 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

### Animal and Plant Health Inspection Service

*Title:* Specimen Submission.

*OMB Control Number:* 0579–0090.

*Summary of Collection:* The Animal Health Protection Act of 2002 (AHPA) is the primary Federal law governing the protection of animal health. The law gives the Secretary of Agriculture broad authority to detect, control, or eradicate pests or diseases of livestock or poultry. Disease prevention is the most effective method for maintaining a healthy animal population and for enhancing the United States' ability to globally compete in the trade of animals and animal products. VS Forms 10–4 and 10–4A, Specimen Submission are critical components of APHIS' disease surveillance mission. They are used routinely when specimens (such as blood, milk, tissue, or urine) from any animal (including cattle, swine, sheep, goats, horses, and poultry) are submitted to APHIS' National Veterinary Services Laboratories (NVSL) for disease testing. VS Form 5–38, Parasite Submission form, is completed by State veterinarians or other State representatives, accredited veterinarians, private laboratories, research institutions, and owners or producer.

*Need and Use of the Information:* Using the Specimen Submission Form and Continuation Sheet (APHIS VS 10–4 & 10–4A), State or Federal veterinarians, accredited veterinarians, or other State and Federal representatives will document the collection and submission of specimens for laboratory analysis. The form identifies the individual animal from which the specimen is taken as well as the animal's herd or flock; the type of specimen submitted, and the purpose of submitting the specimen. Occasionally the time pressures exerted by or field conditions existing during a disease outbreak leave submitters no time to find or fill out the 10–4; thus, a Nonconforming Submission using whatever scrap of paper is handy. The National Tick Surveillance Program is based on the information submitted on the Parasite Submission Form (VS 5–38), in addition to critical surveillance information needed for the Cattle Fever Tick Eradication Program. This information identifies the individual

submitting the tick samples. Without the information APHIS would not have the critical information necessary to effectively operate a disease surveillance program.

*Description of Respondents:* State, Local or Tribal Government; Business or other for-profit.

*Number of Respondents:* 1,871.

*Frequency of Responses:* Reporting: On occasion.

*Total Burden Hours:* 10,390.

**Ruth Brown,**

*Departmental Information Collection Clearance Officer.*

### Animal and Plant Health Inspection Service

[Docket No. APHIS–2021–0065]

### Addition of the Dominican Republic to the List of Regions Affected With African Swine Fever

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Notice.

**SUMMARY:** We are advising the public that we have added the Dominican Republic to the list of regions that the Animal and Plant Health Inspection Service considers to be affected with African swine fever (ASF). We have taken this action because of confirmation of ASF in the Dominican Republic.

**DATES:** The Dominican Republic was added to the APHIS list of regions considered affected with ASF on July 28, 2021.

**FOR FURTHER INFORMATION CONTACT:** Dr. Michael Ray, Regionalization Evaluation Services, Strategy and Policy, APHIS Veterinary Services, 920 Main Campus Drive, Venture II, Raleigh, NC 27606; phone: (919) 855–7225; email: [AskRegionalization@usda.gov](mailto:AskRegionalization@usda.gov).

**SUPPLEMENTARY INFORMATION:** The regulations in 9 CFR part 94 (referred to below as the regulations) govern the importation of specified animals and animal products to prevent the introduction into the United States of various animal diseases, including African swine fever (ASF). ASF is a highly contagious disease of wild and
