

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B) <sup>18</sup> of the Act to determine whether the proposed rule change should be approved or disapproved.

#### IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

##### *Electronic Comments*

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include File Number SR-NYSEAMER-2022-31 on the subject line.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-95358; File No. SR-NYSE-2022-30]

### Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Its Price List Related to Colocation

July 25, 2022.

Pursuant to Section 19(b)(1) <sup>1</sup> of the Securities Exchange Act of 1934 ("Act") <sup>2</sup> and Rule 19b-4 thereunder,<sup>3</sup> notice is hereby given that on July 12, 2022, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its Price List related to colocation to remove obsolete text. The proposed rule change is available on the Exchange's website at [www.nyse.com](http://www.nyse.com), at the

principal office of the Exchange, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The Exchange proposes to amend its Price List related to colocation to remove obsolete text.<sup>4</sup>

###### (1) Proposal To Change Names of Select Third Party Systems and Third Party Data Feeds

As set forth in the Price List, the Exchange charges fees for connectivity to the execution systems of third party markets and other content service providers ("Third Party Systems"), and data feeds from third party markets and other content service providers ("Third Party Data Feeds").<sup>5</sup> The lists of Third Party Systems and Third Party Data Feeds are set forth in the Price List.

The Exchange proposes to amend the list of Third Party Systems in the Price List to reflect the following updated names for existing Third Party Systems:

- Change the name of the "Miami International Securities Exchange" to "MIAX Options," and
- Change the name of the "MIAX PEARL" to "MIAX PEARL Options."

The Exchange also proposes to amend the list of Third Party Data Feeds in the Price List to reflect the following updated names for existing Third Party Data Feeds:

<sup>4</sup> The Exchange is an indirect subsidiary of Intercontinental Exchange, Inc. ("ICE"). Each of the Exchange's affiliates NYSE American LLC, NYSE Arca, Inc., NYSE Chicago, Inc., and NYSE National, Inc. has submitted substantially the same proposed rule change to propose the changes described herein. See SR-SR-NYSEAMER-2022-31, SR-NYSEArca-2022-41, SR-NYSECHX-2022-17, and SR-NYSENAT-2022-12.

<sup>5</sup> See Securities Exchange Act Release No. 80311 (March 24, 2017), 82 FR 15741 (March 30, 2017) (SR-NYSE-2016-45).

<sup>19</sup> 17 CFR 200.30-3(a)(12).

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 15 U.S.C. 78a.

<sup>3</sup> 17 CFR 240.19b-4.

- Change the name “Miami International Securities Exchange/MIAX PEARL” to “MIAX Options/MIAX PEARL Options;” and

- Change “SR Labs—SuperFeed” data feeds to “Vela—SuperFeed,” to reflect the content provider’s recent change to the name of these products.

This change would update the names of these services, but would not make any change to the services provided.

#### (2) Proposal To Delete Discontinued Third Party Data Feed

The Exchange proposes to delete the “NASDAQ OMD” data feed from the list of available Third Party Data Feeds, as it is no longer offered by the content service provider.

#### (3) Proposal To Remove References to ICE Data Global Index

The Exchange proposes to remove obsolete references to the ICE Data Global Index (the “GIF”) from the list of Third Party Data Feeds available for connectivity and related text.

In May 2020, ICE, which publishes the GIF, announced to its customers that before the end of 2020, it would cease offering the GIF as a stand-alone product. The Exchange accordingly amended its Price List to inform customers that it would cease offering connectivity to the GIF once it is no longer available.<sup>6</sup>

ICE has informed the Exchange that it ceased offering the GIF as a stand-alone product, making the references to the GIF obsolete. The operative date was announced through a customer notice. Accordingly, the Exchange proposes to remove “ICE Data Global Index \*\*” and the corresponding asterisked note from the Price List.

In order to implement the proposed change, the Exchange proposes to make the following changes to the section of the Price List entitled “Connectivity to Third Party Data Feeds”:

- In the first paragraph and in the table of Third Party Data Feeds, delete “ICE Data Global Index \*\*”.

- Following the table of Third Party Data Feeds, delete the following text:

*\* ICE will cease to offer the GIF as a stand-alone product, which the Exchange has been informed by ICE is currently expected to occur before the end of 2020. The Exchange will announce the operative date through a customer notice. Any change fees that a User would otherwise incur as a result of the proposed change will be waived.*

<sup>6</sup> See Securities Exchange Act Release No. 88985 (June 1, 2020), 85 FR 34666 (June 5, 2020) (SR-NYSE-2020-46).

#### (4) Proposal To Remove the Temporary Waiver of Hot Hands Fees

The Exchange proposes to remove the obsolete reference to the waiver of Hot Hands fees in light of the reopening of the data center in Mahwah, New Jersey (“Mahwah Data Center” or “MDC”).

In March 2020, ICE announced to each User that, starting on March 16, 2020, the MDC would be closed to third parties in response to COVID-19. The Exchange temporarily waived all Hot Hands fees from the date of the closing through the date of the reopening of the MDC, and added a note to the fees for the Hot Hands service stating as much.<sup>7</sup>

The MDC reopened on October 1, 2020. The date of the reopening was announced through a customer notice. As a result of the reopening, the waiver of Hot Hands fees ceased, and the note became obsolete. The Exchange now proposes to remove the obsolete text.

In order to implement this proposed change, the Exchange proposes to make the following changes to the Price List:

- In the Types of Service table, remove the “+” symbol after “Hot Hands Service \*\*\*”.

- Following the Types of Service table, remove the following text:

+ Fees for Hot Hands Services will be waived beginning on March 16, 2020 through the reopening of the Mahwah, New Jersey data center. The date of the reopening will be announced through a customer notice.

#### (5) Proposal To Remove Obsolete Text About Transition Period for Suspended Services

The Exchange proposes to remove obsolete text regarding the transition period that expired on May 24, 2021 concerning the Exchange’s provision of suspended services at no charge.

As background, on March 10, 2021, the Exchange filed with the Commission a proposed rule change for immediate effectiveness that amended the colocation services offered by the Exchange to provide Users the option to access the systems and data feeds of various additional third parties.<sup>8</sup> The proposed rule change became operative

<sup>7</sup> The Exchange first waived the Hot Hands Fee in a March 17, 2020 filing, and subsequently extended the waiver four times. See Securities Exchange Act Release Nos. 88397 (March 17, 2020), 85 FR 16406 (March 23, 2020) (SR-NYSE-2020-18); 88518 (March 31, 2020), 85 FR 19187 (April 6, 2020) (SR-NYSE-2020-25); 88955 (May 27, 2020), 85 FR 33758 (June 2, 2020) (SR-NYSE-2020-44); 89172 (June 29, 2020), 85 FR 40347 (July 6, 2020) (SR-NYSE-2020-53); and 89655 (August 25, 2020), 85 FR 53872 (August 31, 2020) (SR-NYSE-2020-69).

<sup>8</sup> See Securities Exchange Act Release No. 91386 (March 23, 2021), 86 FR 16410 (March 29, 2021) (SR-NYSE-2021-15).

on April 9, 2021, and five Users subsequently contracted to receive the services that were added in the filing.

On May 7, 2021, the Commission suspended the filing and instituted proceedings to determine whether the proposed rule change should be approved or disapproved.<sup>9</sup> Such action suspended the Exchange’s ability to offer access to Third Party Systems from Long Term Stock Exchange, Members Exchange, MIAX Emerald, MIAX PEARL Equities, Morgan Stanley, and TD Ameritrade, and to offer connectivity to Third Party Data Feeds from ICE Data Services—ICE TMC, Members Exchange, MIAX Emerald, and MIAX PEARL Equities (together, the “Suspended Services”).

On May 12, 2021, the Commission approved for immediate effectiveness the Exchange’s filing proposing to provide the Suspended Services to all Users, at no charge, for a period of 14 days (“Transition Period”) through May 24, 2021, to enable current Users to maintain their connectivity while establishing alternate connectivity.<sup>10</sup>

Given that the Transition Period has expired, the Exchange proposes to remove the obsolete text regarding this provision. To that end, the Exchange proposes to delete the following text:

*Connectivity to Suspended Third Party Systems and Suspended Third Party Data Feeds*

Connectivity to the Third Party Systems and Third Party Data Feeds listed below (“Suspended Services”) is available until May 24, 2021 (“Transition Period”). During the Transition Period, the Exchange will not charge any fees for the Suspended Services. At the conclusion of the Transition Period, any remaining customers of Suspended Services will have their Suspended Services terminated.

The Exchange proposes to delete the service “LCN Access—1 Gb Circuit” from the list of available types of

<sup>9</sup> See Securities Exchange Act Release No. 91790 (May 7, 2021) (SR-NYSE-2021-15, SR-NYSEMER-2021-13, SR-NYSEArca-2021-15, SR-NYSECHX-2021-04, SR-NYSEAT-2021-05).

<sup>10</sup> See Securities Exchange Act Release No. 91859 (May 12, 2021) (SR-NYSE-2021-31).

services. The number of 1 Gb LCN ports purchased by Users has steadily declined from 4 in 2017, to 2 in 2018, to 1 in 2021, to zero currently. The Exchange understands that this fall-off in demand for the 1 Gb LCN port is due to the fact that market data feeds continue to increase in bandwidth, such that Users prefer to purchase larger port sizes. Indeed, the last remaining User with a 1 Gb LCN port discontinued that port in June 2022 and has switched to a 10 Gb LCN port instead. The Exchange believes that there is no remaining User demand for the 1 Gb LCN port, and accordingly, the Exchange proposes to discontinue the service as obsolete.

#### Application and Impact of the Proposed Changes

The Exchange does not expect that the proposed changes would have any impact. The proposed changes would not apply differently to distinct types or sizes of market participants. Rather, they would apply to all Users<sup>11</sup> equally. As is currently the case, the purchase of any colocation service is completely voluntary and the Price List is applied uniformly to all Users.

#### Competitive Environment

The proposed changes are not otherwise intended to address any other issues relating to colocation services and/or related fees, and the Exchange is not aware of any problems that Users would have in complying with the proposed change.

#### 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,<sup>12</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act,<sup>13</sup> in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in

general, to protect investors and the public interest and because it is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes that updating the names of existing Third Party Services and Third Party Data Feeds and removing obsolete text from the Price List would perfect the mechanisms of a free and open market and a national market system and, in general, protect investors and the public interest. Updating the names of the Third Party Services and Third Party Data Feeds at issue will enhance the clarity and transparency of the Price List and reduce potential customer confusion. Removing obsolete references to (i) the GIF and its associated fee, (ii) the note regarding the Hot Hands service, and (iii) the availability of the Suspended Services would make it easier to read, understand, and administer the Price List, enhancing its clarity and transparency and alleviating possible customer confusion.

Similarly, the Exchange believes that discontinuing offering the 1 Gb LCN connection would perfect the mechanisms of a free and open market and a national market system and, in general, protect investors and the public interest. Demand for the 1 Gb LCN connection has declined in recent years and there are currently no Users that subscribe to the service. The Exchange does not expect demand to rebound given Users' overall preference for larger port sizes to accommodate larger market data feeds. Removing references to the fees for this obsolete service from the Price List would make the Price List easier to read, understand, and administer.

The Exchange believes that the proposed rule change does not significantly affect the protection of investors or the public interest. The proposed rule change would update obsolete product names, delete obsolete services, and remove obsolete text from the Price List, in order to enhance transparency and alleviate potential customer confusion.

The Exchange believes that updating the names of existing Third Party Systems and Third Party Data Feeds and removing obsolete text from the Price List would not permit unfair discrimination between customers, issuers, brokers, or dealers. The proposed changes would apply equally to all Users: the names of the existing systems and data feeds at issue would be updated and clarified in the Price List for all Users; the obsolete 1 Gb LCN connection would be removed for all Users; and obsolete text regarding the

GIF, the note to the Hot Hands service, and the availability of the Suspended Services would be removed from the Price List as to all Users.

For these reasons, the Exchange believes that the proposal is consistent with the Act.

#### B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,<sup>14</sup> the Exchange believes that the proposed rule change will not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

The Exchange believes that the proposed rule change would not place any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any competitive issues but rather is designed to enhance the clarity and transparency of the Price List and alleviate possible customer confusion that may arise from the inclusion of obsolete services and product names.

#### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

#### III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>15</sup> and Rule 19b-4(f)(6) thereunder.<sup>16</sup> Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.<sup>17</sup>

<sup>14</sup> 15 U.S.C. 78f(b)(8).

<sup>15</sup> 15 U.S.C. 78s(b)(3)(A)(iii).

<sup>16</sup> 17 CFR 240.19b-4(f)(6).

<sup>17</sup> 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires the Exchange to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as

<sup>11</sup> For purposes of the Exchange's colocation services, a "User" means any market participant that requests to receive colocation services directly from the Exchange. See Securities Exchange Act Release No. 76008 (September 29, 2015), 80 FR 60190 (October 5, 2015) (SR-NYSE-2015-40). As specified in the Price List, a User that incurs colocation fees for a particular colocation service pursuant thereto would not be subject to colocation fees for the same colocation service charged by the Affiliate SROs.

<sup>12</sup> 15 U.S.C. 78f(b).

<sup>13</sup> 15 U.S.C. 78f(b)(5).

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)<sup>18</sup> of the Act to determine whether the proposed rule change should be approved or disapproved.

#### IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-95357; File No. SR-ICC-2022-012]

### Self-Regulatory Organizations; ICE Clear Credit LLC; Notice of Filing of Proposed Rule Change Relating to the Clearing Rules

July 25, 2022.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on July 19, 2022, ICE Clear Credit LLC ("ICE Clear Credit" or "ICC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared primarily by ICC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Clearing Agency's Statement of the Terms of Substance of the Proposed Rule Change

The principal purpose of the proposed rule change is to implement certain amendments to ICC's Clearing Rules (the "Rules") to permit it to take advantage of certain additional settlement finality protections under applicable UK and EU law. The text of the proposed amendments is attached in Exhibit 5 [sic].

#### II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICC included statements concerning the purpose of and basis for the proposed rule change, security-based swap submission, or advance notice and discussed any comments it received on the proposed rule change, security-based swap submission, or advance notice. The text of these statements may be examined at the places specified in Item IV below. ICC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of these statements.

##### (A) Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### (a) Purpose

The purpose of the proposed changes is to modify certain provisions of the Rules to permit the clearing house to take advantage of certain protections for default rights and remedies under applicable United Kingdom ("UK") and European Union ("EU") Settlement Finality Laws and regulations. The amendments are expected to be principally relevant in the case of an insolvency of an ICC clearing participant ("Participant") domiciled in the UK or an EU member state. The amendments would rely on certain protections in such Settlement Finality Laws and regulations that provide additional support (on top of existing protections in applicable law) for the enforceability of the clearing house's default rights and remedies under the Rules without interference in such an insolvency.

By way of background, the EU Settlement Finality Directive<sup>3</sup> introduced various insolvency-related protections in relation to "designated systems" used by EU participants to transfer financial instruments and payments, and participation in those systems. The Settlement Finality Directive aims to ensure that as a matter of EU member state laws, transfer orders which enter into such systems are finally settled, regardless of whether the sending participant has gone into an insolvency process. Transfer orders for this purpose include instructions to make cash payments (including margin payments) and instructions to transfer securities (including as margin or in physical settlement of a cleared transaction, if applicable). Under the Settlement Finality Directive, transfer orders and related netting arrangements

designated by the Commission. The Exchange has satisfied this requirement.
