

environmental documentation and permit acquisition for the project. The BIA will also be responsible for any utility relocation, right-of-way acquisition, and construction of the deep-water port and the access road.

Alternatives to the proposed action include variations in project design and the no action alternative. Topics so far identified to be addressed in the EIS include air quality, geology, alterations of shoreline and channel floor, water resources and quality, terrestrial and aquatic habitats, flora and fauna (including effects on anadromous fish species), land use, historic properties, coastal management, economy, transportation, human health and safety (including spill prevention and response), visual environment, environmental justice and cumulative effects. These alternatives and topics may be elaborated, and others may be added through the scoping process.

Public Comment Availability

Comments, including names and addresses of respondents, will be available for public review at the mailing address shown in the **ADDRESSES** section, during regular business hours, 8 a.m. to 5 p.m., Monday through Friday, except holidays. Individual respondents may request confidentiality. If you wish us to withhold your name and/or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. We will not, however, consider anonymous comments. Mount Diablo Meridian

T. 33 N., R.5 W., Shasta County, California
Section 33: lot 18, N½ of lot 19, N½ of lot 20.

The land described contains 63.50 acres.

The land described is hereby segregated from appropriation under the public land laws, including the mining laws, pending disposition of this action or 270 days from the date of publication of this notice, whichever occurs first.

This land is being offered by direct sale to the Redding Gun Club, consistent with 43 CFR 2711.3-3(a)(1). It has been determined that the parcel contains no mineral values; therefore, mineral interests may be conveyed simultaneously.

The lands are not needed for Federal purposes. Conveyance is consistent with current BLM land use planning and would be in the public interest. The patent, when issued, will contain certain reservations to the United States and will be subject to all existing rights. Detailed information concerning these reservations as well as specific conditions of the sale are available for review at the Redding Field Office, Bureau of Land Management, 355 Hemsted Drive, Redding, California 96002.

For a period of 45 days from the date of publication of this notice in the **Federal Register**, interested persons may submit written comments regarding the proposed sale to Charles M. Schultz, Field Office Manager, Redding Field Office, Bureau of Land Management,
