The period of investigation (POI) is April 1, 2024, through September 30, 2024. Interested parties are invited to comment on this preliminary determination.

**DATES:** Applicable July 15, 2025.

**FOR FURTHER INFORMATION CONTACT:** Dmitry Vladimirov, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0665.

#### SUPPLEMENTARY INFORMATION:

##### Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this LTFV investigation on January 8, 2025.<sup>1</sup> On April 17, 2025, Commerce postponed the preliminary determination of this investigation.<sup>2</sup> The deadline for the preliminary determination is now July 9, 2025.

For a complete description of the events that followed the initiation of this investigation, see the Preliminary

Decision Memorandum.<sup>3</sup> A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

#### Scope of the Investigation

The products covered by this investigation are float glass products from China. For a complete description of the scope of this investigation, see Appendix I.

#### Scope Comments

In accordance with the *Preamble* to Commerce's regulations,<sup>4</sup> the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).<sup>5</sup> Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*. For a summary of the product coverage comments and rebuttal responses submitted for consideration in this preliminary determination, and accompanying discussion and analysis of all comments timely received, see the Preliminary Scope Decision Memorandum.<sup>6</sup> As discussed in the Preliminary Scope Decision Memorandum, Commerce preliminarily modified, in certain respects, the scope language that appeared in the *Initiation Notice*. The scope in Appendix I reflects the modifications.

In the Preliminary Scope Decision Memorandum, Commerce established the deadline for parties to submit scope case and rebuttal briefs.<sup>7</sup> Commerce

intends to issue a final scope decision with the final determinations of the LTFV and countervailing duty (CVD) investigations of float glass products from China and Malaysia.

#### Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act. Pursuant to sections 776(a) and (b) of the Act, Commerce preliminarily relied upon facts otherwise available, with adverse inferences, for the China-wide entity, including the companies selected for individual examination: Panda Frame and Mirror Arts Co., Ltd. and Shandong Jinjing Science and Technology Stock Co., Ltd. (Shandong Jinjing). For a full description of the methodology underlying Commerce's preliminary determination, see the Preliminary Decision Memorandum.

#### Combination Rates

In the *Initiation Notice*,<sup>8</sup> Commerce stated that it would calculate producer/exporter combination rates for the respondents that are eligible for a separate rate in this investigation. Policy Bulletin 05.1 describes this practice.<sup>9</sup> In this investigation, we assigned a producer/exporter combination rate for the companies that are listed in the “Preliminary Determination” and eligible for separate rates.

#### Separate Rates

We preliminarily granted a separate rate to certain separate rate respondents that we did not select for individual examination.<sup>10</sup> In calculating the rate for non-individually examined separate rate respondents in a non-market economy LTFV investigation, Commerce normally looks to section 735(c)(5)(A) of the Act, which pertains to the calculation of the all-others rate in a market economy LTFV investigation, for guidance. Pursuant to section 735(c)(5)(A) of the Act, normally this rate shall be an amount equal to the weighted-average of the estimated weighted-average dumping margins established for those companies individually examined, excluding zero and *de minimis* dumping margins, and

include scope-related issues. See Preliminary Scope Decision Memorandum, and “Public Comment” section of this notice.

<sup>8</sup> See *Initiation Notice*, 90 FR at 1440.
