SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

An incidental take authorization shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth.

NMFS has defined "negligible impact" in 50 CFR 216.103 as an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival.

The MMPA states that the term "take" means to harass, hunt, capture, kill or attempt to harass, hunt, capture, or kill any marine mammal.

Except with respect to certain activities not pertinent here, the MMPA defines "harassment" as: any act of

pursuit, torment, or annoyance, which (i) has the potential to injure a marine mammal or marine mammal stock in the wild (Level A harassment); or (ii) has the potential to disturb a marine mammal or marine mammal stock in the wild by causing disruption of behavioral patterns, including, but not limited to, migration, breathing, nursing, breeding, feeding, or sheltering (Level B harassment).

Summary of Request

On May 9, 2022, NMFS received an application from the Navy requesting authorization for take of marine mammals incidental to construction activities related to the multifunctional expansion and modification of Dry Dock 1 at Portsmouth Naval Shipyard in Kittery, Maine. We provided comments on the application and the Navy submitted revised versions and responses to our comments on July 5, 2022, August 15, 2022, August 19, 2022, and August 25, 2022. We determined the application was adequate and complete on August 25, 2022. The requested regulations would be valid for 5 years, from April 1, 2023 through March 21, 2028. The Navy plans to conduct necessary work, including impact and vibratory pile driving, hydraulic rock hammering, rotary drilling, and mono and cluster down-the-hole drilling (DTH), to expand and modify Dry Dock 1. The proposed action may incidentally expose marine mammals occurring in the vicinity to elevated levels of underwater sound, thereby resulting in incidental take, by Level A and Level B harassment. Therefore, the Navy requests authorization to incidentally take marine mammals.

Specified Activities

Multifunctional Expansion of Dry Dock 1 (P-381) is one of three projects that support the overall expansion and modification of Dry Dock 1, located in the western extent of the Shipyard. The previous two projects, construction of a super flood basin (P-310) and extension of portal crane rail and utilities (P-1074) are currently under construction. In-water work associated with these projects was completed under separate IHAs issued by NMFS. The projects have been phased to support Navy mission schedules. P-381 will be constructed within the same footprint of the super flood basin over an approximated 7-year period, of which 5-years of in-water work would occur. An IHA was issued by NMFS for the first year of P-381 construction activities between April 1, 2022 and March 31, 2023 (87 FR 19866, April 6, 2022). This

Letters or Authorization (LOA) request is for the remaining 4 years of P-381 in-water construction activities occurring from April 1, 2023 through March 31, 2028 as well as for additional in-water construction activities associated with the removal of emergency repair components of the super flood basin that will occur during the LOA period. Although the in-water construction described in this LOA application is anticipated to be completed by December 2026, the LOA application includes the full 5-year term through March 31, 2028 in the event of unanticipated schedule delays. Construction activities will include the excavation and/or installation of 1,118 holes, 180 shafts, and 520 sheet piles via impact and vibratory pile driving, hydraulic rock hammering, rotary drilling, and mono and cluster DTH. The construction activities are expected to require approximately 2,037 days over the 5-year period; however, overlapping activities are estimated to reduce the number of construction days to within 4 years. Harbor porpoises (*Phocoena phocoena*), harbor seals (*Phoca vitulina vitulina*), gray seals (*Halichoerus grypus*), hooded seals (*Cystophora cristata*), and harp seals (*Pagophilus groenlandicus*) have been observed in the proposed action area.

Information Solicited

Interested persons may submit information, suggestions, and comments concerning the Navy's request (see **ADDRESSES**). NMFS will consider all information, suggestions, and comments related to the request during the development of proposed regulations governing the incidental taking of marine mammals by the Navy, if appropriate.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XC287]

Western Pacific Fishery Management Council; Public Meetings; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of correction of public meetings.

SUMMARY: The Western Pacific Fishery Management Council (Council) will hold its 145th Scientific and Statistical Committee (SSC), Pelagic and International Standing Committee, Fishery Rights of Indigenous People Standing Committee, Executive and Budget Standing Committee, and 192nd Council meetings to take actions on fishery management issues in the Western Pacific Region. This notice announces a closed session for the Executive and Budget Standing Committee meeting not included in the original notice and corrects the agendas for the 145th SSC meeting and the 192nd Council meeting.

DATES: The meetings will be held between September 13 and September 22, 2022. For specific times and agendas, see **SUPPLEMENTARY INFORMATION**.

ADDRESSES: The SSC and Standing Committee meetings will be held in a hybrid format with in-person and remote participation (Webex) options available for the Council and SSC members, and public attendance limited to web conference via Webex. For the SSC and Standing Committee meetings, in-person attendance for Council and advisory body members will be hosted at the Council office, 1164 Bishop Street, Suite 1400, Honolulu, HI, 96813.

The 192nd Council Meeting will be held as a hybrid meeting for Council members and public. The in-person portion of the Council Meeting will be held at the Hilton Hawaiian Village, 2005 Kalia Road, Honolulu, HI, 96815. Remote participation option will be available via Webex.

Specific information on joining the meeting, connecting to the web conference and providing oral public comments will be posted on the Council website at www.wpcouncil.org. For assistance with the web conference connection, contact the Council office at (808) 522-8220.

Council address: Western Pacific Fishery Management Council, 1164 Bishop Street, Suite 1400, Honolulu, HI 96813.

FOR FURTHER INFORMATION CONTACT: Contact Kitty M. Simonds, Executive Director, Western Pacific Fishery Management Council; phone: (808) 522-8220.

SUPPLEMENTARY INFORMATION: The original notice published in the **Federal Register** on August 25, 2022 (87 FR 52366). The notice is being re-published in its entirety.

All times shown are in Hawaii Standard Time. The 145th SSC meeting will be held between 9 a.m. and 5 p.m. on September 13–15, 2022. The Pelagic and International Standing Committee meeting will be held between 8:30 a.m. and 11:30 a.m. on September 19, 2022. The Fishery Rights of Indigenous People Standing Committee meeting will be held between 12:30 p.m. and 2:30 p.m. on September 19, 2022. The Executive and Budget Standing Committee meeting will be held between 2:30 p.m. and 5:30 p.m. on September 19, 2022. The portion of the Executive and Budget Standing Committee from 5 p.m. to 5:30 p.m. will be closed to the public for a briefing on litigation in accordance with section 302(i)(3) of the Magnuson-Stevens Fishery Conservation and Management Act (MSA). The 192nd Council meeting will be held between 9 a.m. and 5 p.m. on September 20–21, 2022, and between 9 a.m. and 1 p.m. on September 22, 2022.

Please note that the evolving public health situation regarding COVID-19 may affect the conduct of the September Council and its associated meetings. At the time this notice was submitted for publication, the Council anticipated convening the SSC and Standing Committee meetings as a hybrid format for members and by web conference for public attendance, and the Council meeting as an in-person meeting with a web conference attendance option. If public participation options will be modified, the Council will post notice on its website at www.wpcouncil.org by, to the extent practicable, 5 calendar days before each meeting.

Agenda items noted as “Final Action” refer to actions that may result in Council transmittal of a proposed fishery management plan, proposed plan amendment, or proposed regulations to the U.S. Secretary of Commerce, under Sections 304 or 305 of the MSA. In addition to the agenda items listed here, the Council and its advisory bodies will hear recommendations from Council advisors. An opportunity to submit public comment will be provided throughout the agendas. The order in which agenda items are addressed may change and will be announced in advance at the Council meeting. The meetings will run as late as necessary to complete scheduled business.

Background documents for the 192nd Council meeting will be available at www.wpcouncil.org. Written public comments on final action items at the 192nd Council meeting should be received at the Council office by 5 p.m. HST, September 16, 2022, and should be sent to Kitty M. Simonds, Executive

Director; Western Pacific Fishery Management Council, 1164 Bishop Street, Suite 1400, Honolulu, HI 96813, phone: (808) 522-8220 or fax: (808) 522-8226; or email: info@wpcouncil.org. Written public comments on all other agenda items may be submitted for the record by email throughout the duration of the meeting. Instructions for providing oral public comments during the meeting will be posted on the Council website. This meeting will be recorded (audio only) for the purposes of generating the minutes of the meeting.

East Coast Fishery Management Councils; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meetings.

SUMMARY: Several fishery management bodies on the East Coast of the U.S. are convening three webinar meetings of fishery management representatives to continue work on the East Coast Climate Change Scenario Planning initiative. This is a joint effort of the Atlantic States Marine Fisheries Commission, the New England Fishery Management Council, the Mid-Atlantic Fishery Management Council, the South Atlantic Fishery Management Council, and NOAA Fisheries. See **SUPPLEMENTARY INFORMATION** for agenda details.

DATES: These webinars will be held on Monday, September 19, 2022, from 1 p.m. to 3:30 p.m., on Tuesday, September 20, 2022, from 1 p.m. to 3:30 p.m., and on Monday, October 3, 2022, from 10 a.m. to 12:30 p.m.

ADDRESSES: The meetings will be held via webinar. Connection information will be posted to the calendar prior to the meeting at www.mafmc.org.
