Totals		1,849,771	55,901

Estimated Total Annual Non-hour Respondent Cost Burden: \$141,971. There are no capital start-up, maintenance, or recordkeeping costs associated with this information collection. However, this collection does have annual (non-hour) cost burden in the form of service fees associated with deposit accounts and returned payments as well as postage costs.

There are service fees for setting up a deposit account at the USPTO, for not maintaining the minimum balance required for the deposit account, and for returned payments. The service charge to establish a deposit account is \$10, and the USPTO estimates that it processes 264 Deposit Account Application Forms annually, for a total of \$2,640 per year. There is also a \$25 service charge for deposit accounts that are below the minimum balance (\$1,000 minimum balance for an unrestricted deposit account or \$300 minimum balance for a restricted deposit account) at the end of the month. The USPTO estimates that it assesses 4,273 of these low balance charges annually, for a total of \$106,825 per year. There is a \$50 service charge for processing a payment refused (including a check returned “unpaid”) or charged back by a financial institution. The USPTO estimates that it assesses 228 of these returned payment charges annually, for a total of \$11,400 per year. The total estimated service fees for this collection are \$120,865 per year.

Customers may incur postage costs when submitting the Credit Card Payment Form and other paper forms or requests to the USPTO by mail. Customers generally send the Credit Card Payment Form to the USPTO along with other documents related to the fee or service being paid for by credit card, but some customers may submit just the Credit Card Payment Form without additional supporting documents. The USPTO estimates that roughly 5 percent

of the 151,144 paper Credit Card Payment Forms submitted annually may be mailed in by themselves, or approximately 7,557 per year. The USPTO estimates that it will receive an additional 40,412 submissions per year that may be mailed, including Deposit Account Application Forms, Deposit Account Replenishments, Deposit Account Closure Requests, and Refund Requests, for a total of 47,969 mailed submissions per year. The USPTO estimates that the first-class postage cost for a mailed submission will be 44 cents, for a total postage cost of approximately \$21,106 per year.

The total (non-hour) respondent cost burden for this collection in the form of service fees and postage costs is estimated to be \$141,971 per year.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, e.g., the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized or included in the request for OMB approval of this information collection; they also will become a matter of public record.
