[Docket No. 120404257–3325–02; RTID 0648–XC895]

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Re-Opening of the Commercial Longline Fishery for Golden Tilefish in the South Atlantic

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; re-opening.

SUMMARY: NMFS announces the re-opening of the commercial longline component for golden tilefish in the exclusive economic zone (EEZ) of the South Atlantic through this temporary rule. The most recent commercial longline landings data for golden tilefish indicate the commercial longline annual catch limit (ACL) for the 2023 fishing year has not yet been reached. Therefore, NMFS re-opens the commercial longline component to harvest golden tilefish in the South Atlantic EEZ for 3 days. The purpose of this temporary rule is to allow for the commercial longline ACL for golden tilefish to be harvested while minimizing the risk of exceeding the commercial ACL.

DATES: This temporary rule is effective from 12:01 a.m. eastern time on April 4, 2023, until 12:01 a.m. eastern time on April 7, 2023.

FOR FURTHER INFORMATION CONTACT: Mary Vara, NMFS Southeast Regional Office, telephone: 727–824–5305, email: mary.vara@noaa.gov.

SUPPLEMENTARY INFORMATION: The snapper-grouper fishery of the South Atlantic includes golden tilefish and is managed under the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region (FMP). The FMP was prepared by the South Atlantic Fishery Management Council (Council) and is implemented by NMFS under the

authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622.

The commercial sector for golden tilefish comprises the longline and hook-and-line components. The commercial golden tilefish ACL is allocated 75 percent to the longline component and 25 percent to the hook-and-line component. The commercial ACL (equivalent to the commercial quota) is 331,740 lb (150,475 kg) in gutted weight, and the longline component quota is 248,805 lb (112,856 kg) in gutted weight (50 CFR 622.190(a)(2)(iii)).

Under 50 CFR 622.193(a)(1)(ii), NMFS is required to close the commercial longline component for golden tilefish when the longline component's commercial quota specified under 50 CFR 622.190(a)(2)(iii) is reached or is projected to be reached by filing a notification to that effect with the Office of the Federal Register. After the longline component quota is reached or is projected to be reached, golden tilefish may not be commercially fished or possessed by a vessel with a golden tilefish longline endorsement. NMFS previously determined that the commercial quota for the golden tilefish longline component in the South Atlantic would be reached by February 26, 2023. Therefore, NMFS published a temporary rule to close the commercial longline component for South Atlantic golden tilefish from February 26, 2023, through the end of the 2023 fishing year (88 FR 11397, February 23, 2023). However, a more recent estimation of golden tilefish landings harvested by longline gear indicates that the commercial longline ACL for golden tilefish has not been met.

In accordance with 50 CFR 622.8(c), NMFS temporarily re-opens the commercial longline component for golden tilefish on April 4, 2023. The commercial longline component will remain open for 3 days to allow for the commercial longline ACL to be reached. The commercial longline component will be closed from 12:01 a.m. eastern time on April 7, 2023, until January 1, 2024, the start of the next fishing year. NMFS has determined that this re-opening will allow an additional opportunity to commercially harvest the golden tilefish longline component quota while minimizing the risk of exceeding the commercial ACL.

The operator of a vessel with a valid Federal commercial vessel permit for South Atlantic snapper-grouper and a valid commercial longline endorsement for golden tilefish having golden tilefish on board must have landed and

bartered, traded, or sold such golden tilefish before 12:01 a.m. eastern time on April 7, 2023. During the subsequent commercial longline closure, golden tilefish may still be commercially harvested using hook-and-line gear while the hook-and-line component is open. However, a vessel with a golden tilefish longline endorsement is not eligible to fish for or possess golden tilefish using hook-and-line gear under the hook-and-line commercial trip limit, as specified in 50 CFR 622.191(a)(2)(ii). The operator of a vessel with a valid Federal commercial vessel permit for South Atlantic snapper-grouper and a valid commercial longline endorsement for golden tilefish with golden tilefish on board must have landed and bartered, traded, or sold such golden tilefish before 12:01 a.m. eastern time on April 7, 2023. During the commercial longline closure, the recreational bag and possession limits specified in 50 CFR 622.187(b)(2)(iii) and (c)(1), respectively, apply to all harvest or possession of golden tilefish in or from the South Atlantic EEZ by a vessel with a golden tilefish longline endorsement.

The sale or purchase of longline-caught golden tilefish taken from the South Atlantic EEZ is prohibited during the commercial longline closure. The prohibition on sale or purchase does not apply to the sale or purchase of longline-caught golden tilefish that were harvested, landed ashore, and sold before 12:01 a.m. eastern time on April 7, 2023, and were held in cold storage by a dealer or processor. Additionally, the recreational bag and possession limits and the sale and purchase provisions of the commercial closure apply to a person on board a vessel with a golden tilefish longline endorsement, regardless of whether the golden tilefish are harvested in state or Federal waters, as specified in 50 CFR 622.190(c)(1).

Classification

NMFS issues this action pursuant to section 305(d) of the Magnuson-Stevens Act. This action is required by 50 CFR 622.190(a)(2)(iii) and 622.193(a)(1)(ii), issued pursuant to section 304(b), and is exempt from review under Executive Order 12866.

Pursuant to 5 U.S.C. 553(b)(B), there is good cause to waive prior notice and an opportunity for public comment on this action, as notice and comment is unnecessary. Such procedure is unnecessary, because the regulations associated with the commercial longline component quota for golden tilefish and a re-opening to provide an opportunity for the quota to be harvested have already been subject to notice and public comment, and all that remains is

to notify the public of the commercial longline component re-opening.

For the reasons stated earlier, the Assistant Administrator for Fisheries also finds good cause to waive the 30-day delay in the effectiveness of this action under 5 U.S.C. 553(d)(3).

Authority: 16 U.S.C. 1801 *et seq.*

Dated: March 30, 2023.

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod by Catcher Vessels Using Trawl Gear in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific cod by catcher vessels using trawl gear in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the B season apportionment of the 2023 Pacific cod total allowable catch (TAC) allocated to catcher vessels using trawl gear in the BSAI.

DATES: Effective 1200 hours, Alaska local time (A.l.t.), April 2, 2023, through 1200 hours, A.l.t., June 10, 2023.

FOR FURTHER INFORMATION CONTACT: Krista Milani, 907-581-2062.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.
