

criteria, listed in decreasing order of importance:

- Suitability of the company's products or services to the Chinese Market in the targeted industry sectors and the likelihood of a participating company's increased exports or business interests in China as a result of this mission;
- Potential of the company's product or service to significantly impact the energy, water, waste, emissions, and/or pollution in Chinese cities.
- Consistency of the company's products or services with the scope and desired outcome of the mission's goals;
- Rank/seniority of the designated company representative;
- Current or pending major project participation; and
- Demonstrated export experience to China and/or other foreign markets.

The balance of entities participating in the mission with respect to type, size, location, sector or subsector may also be considered during the review process.

Referrals from political organizations and any information, including on the application, containing references to political contributions or other partisan political activities will be excluded from the application and will not be considered during the selection process. The sender will be notified of these exclusions.

Timeframe for Recruitment and Applications

Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register** (<http://www.gpoaccess.gov/fr>), posting on ITA's business development mission calendar (<http://export.gov/trademissions>) and other Internet Web sites, press releases to general and trade media, direct mail, broadcast fax, notices by industry trade associations and other multiplier groups, and publicity at industry meetings, symposia, conferences, and trade shows.

Recruitment will begin immediately and conclude no later than January 23, 2015. Applications can be completed on-line and are available on the China Smart Cites/Smart Growth Mission Web site at <http://www.export.gov/ChinaMission2015> or can be obtained by contacting the U.S. Department of Commerce Office of Business Liaison (202-482-1360 or BusinessLiaison@doc.gov).

The application deadline is Friday, January 23, 2015. Completed applications should be submitted to the Office of Business Liaison. Applications received after the January 23rd deadline, will be considered only if space and

scheduling constraints permit. The Department of Commerce will evaluate all applications and inform applicants of selection decisions by February 6, 2015.

How To Apply: Applications can be downloaded from the business development mission Web site (<http://www.export.gov/ChinaMission2015>) or can be obtained by contacting the Office of Business Liaison (see below).

Contacts: General Information and Applications: The Office of Business Liaison, 1401 Constitution Avenue NW., Room 5062, Washington, DC 20230, Tel: 202-482-1360, Fax: 202-482-4054, Email: BusinessLiaison@doc.gov.

Elnora Moye,

Trade Program Assistant.

International Trade Administration

Advisory Committee on Supply Chain Competitiveness; Notice of Public Meetings

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notice of open meetings.

SUMMARY: This notice sets forth the schedule and proposed topics of discussion for public meetings of the Advisory Committee on Supply Chain Competitiveness (Committee).

DATES: The meetings will be held on January 14 from 12:00 p.m. to 3:00 p.m., and January 15 from 9:00 a.m. to 4:00 p.m., Eastern Standard Time (EST).

ADDRESSES: The meeting on January 14 will be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW., Room 1412, Washington, DC 20230. The meeting on January 15 will be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW., Room 4830, Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT: Richard Boll, Office of Supply Chain, Professional & Business Services, International Trade Administration. (Phone: (202) 482-1135 or Email: richard.boll@trade.gov).

SUPPLEMENTARY INFORMATION:

Background: The Committee was established under the discretionary authority of the Secretary of Commerce and in accordance with the Federal Advisory Committee Act (5 U.S.C. App. 2). It provides advice to the Secretary of Commerce on the necessary elements of

a comprehensive policy approach to supply chain competitiveness designed to support U.S. export growth and national economic competitiveness, encourage innovation, facilitate the movement of goods, and improve the competitiveness of U.S. supply chains for goods and services in the domestic and global economy; and provides advice to the Secretary on regulatory policies and programs and investment priorities that affect the competitiveness of U.S. supply chains. For more information about the Committee visit: <http://trade.gov/td/services/oscpb/supplychain/acsccl/>.

Matters To Be Considered: Committee members are expected to continue to discuss the major competitiveness-related topics raised at the previous Committee meetings, including trade and competitiveness; freight movement and policy; information technology and data requirements; regulatory issues; and finance and infrastructure. The Committee's subcommittees will report on the status of their work regarding these topics. The agendas may change to accommodate Committee business. The Office of Supply Chain, Professional & Business Services will post the final detailed agendas on its Web site, <http://trade.gov/td/services/oscpb/supplychain/acsccl/>, at least one week prior to the meeting.

The meetings will be open to the public and press on a first-come, first-served basis. Space is limited. The public meetings are physically accessible to people with disabilities. Individuals requiring accommodations, such as sign language interpretation or other ancillary aids, are asked to notify Mr. Richard Boll, at (202) 482-1135 or richard.boll@trade.gov five (5) business days before the meeting.

Interested parties are invited to submit written comments to the Committee at any time before and after the meeting. Parties wishing to submit written comments for consideration by the Committee in advance of this meeting must send them to the Office of Supply Chain, Professional & Business Services, 1401 Constitution Ave. NW., Room 11014, Washington, DC, 20230, or email to richard.boll@trade.gov.

For consideration during the meetings, and to ensure transmission to the Committee prior to the meetings, comments must be received no later than 5:00 p.m. EST on January 7, 2015. Comments received after January 7, 2015, will be distributed to the Committee, but may not be considered at the meetings. The minutes of the meetings will be posted on the Committee Web site within 60 days of the meeting.

Dated: December 8, 2014.

David Long,

Director, Office of Supply Chain, Professional & Business Services.

DEPARTMENT OF COMMERCE

International Trade Administration

Notice of Scope Rulings

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* December 11, 2014.

SUMMARY: The Department of Commerce (“Department”) hereby publishes a list of scope rulings and anticircumvention determinations made between July 1, 2014, and September 30, 2014, inclusive. We intend to publish future lists after the close of the next calendar quarter.

FOR FURTHER INFORMATION CONTACT:

Brenda E. Waters, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: 202-482-4735.

SUPPLEMENTARY INFORMATION:

Background

The Department’s regulations provide that the Secretary will publish in the **Federal Register** a list of scope rulings on a quarterly basis.¹ Our most recent notification of scope rulings was published on August 12, 2014.² This current notice covers all scope rulings and anticircumvention determinations made by Enforcement and Compliance between July 1, 2014, and September 30, 2014, inclusive. Subsequent lists will follow after the close of each calendar quarter.

Scope Rulings Made Between July 1, 2014 and September 30, 2014: Japan.

A-588-850: Large Diameter Carbon and Alloy Seamless Standard, Line, and Pressure Pipe from Japan

Requestor: U.S. Metals, Inc. (USM); USM’s American Society for Testing and Materials (ASTM) A-335 ferritic alloy steel pipe (specifically, Grades P5, P9, and P11) which USM imports is not within the scope of the antidumping duty order because USM demonstrated that its pipe meets the exclusion under

the scope of the order for ASTM A-335; July 24, 2014.

People’s Republic of China

A-570-967 and C-570-968: Aluminum Extrusions from the People’s Republic of China

Requestor: Titan Worldwide Industries Acquisition LLC (“Titan”); Titan’s three types of scaffolding planks (Aluminum Stages, Aluminum Planks with Plywood Top, and Aluminum Scaffold Boards) are outside the scope of the orders because the scaffolding plank products in question are comprised of aluminum extrusions and non-extruded and/or non-aluminum components and enter as fully-assembled finished goods that are permanently assembled, completed, and are ready to use in a scaffolding system with no further modification subsequent to importation. As such, these products are fully assembled subassemblies ready for immediate installation and use in a larger system; July 8, 2014.

A-570-967 and C-570-968: Aluminum Extrusions from the People’s Republic of China

Requestor: Signature Partners Inc. (“Signature”); Signature’s auto trim kit, consisting of aluminum extrusions and non-aluminum extrusion components, is within the scope of the orders because the product does not enter the United States with all components necessary to complete the final automotive trim kit that is delivered to Signature’s customer; July 17, 2014.

A-570-967 and C-570-968: Aluminum Extrusions from the People’s Republic of China

Requestor: Dynasty Profiles, LLC (“Dynasty”); Dynasty’s aluminum fence systems (specifically, Dynasty’s Pool Enclosure Fence System, Fence System for Single Family Home, Fence System for Perimeter Wall, Front Yard Fence System, Corner Fence System, and Entry Gate System) are within the scope of the orders because the information provided by Dynasty was not substantial enough to overcome the weight of the evidence regarding the clear business pattern of the fence industry that the Department has seen in prior scope rulings. The Department found that the logistical and economic considerations of shipping aluminum extrusion fence components to the United States causes similar parts to be combined in bulk, and then be reprocessed or repackaged in the United States, and that Dynasty has not established that its aluminum fence systems differ from this industry pattern; July 22, 2014.

A-570-967 and C-570-968: Aluminum Extrusions from the People’s Republic of China

Requestor: Five Lakes Trading, Inc. (“Five Lakes”); Five Lakes’ pocket door track, which is extruded from alloy series 6063 aluminum and is cut-to-length and punched, is within the scope of the orders because it meets the description of merchandise subject to the orders; July 22, 2014.

A-570-967 and C-570-968: Aluminum Extrusions from the People’s Republic of China

Requestor: SPX Cooling Technologies, Inc. (“SPX”); SPX’s fan blade assemblies, which are composed of extruded aluminum fan blades, polypropylene end caps, a carbon steel shank, carbon steel counter weights, and steel blade hardware, are not within the scope of the orders because they are fully and permanently assembled at the time of entry and require no further finishing or fabrication prior to their use. Thus, the Department determined that the fan blade assemblies meet the exclusion criteria for subassemblies that are finished goods; July 25, 2014.

A-570-967 and C-570-968: Aluminum Extrusions from the People’s Republic of China

Requestor: Larson Manufacturing Company (“Larson”); Larson’s storm door accessory kits, which are comprised of a door handle assembly kit and a door expander/sweeper, are outside the scope of the orders. The Department first found that the first part of the storm door accessory kit, the door handle assembly kit, is not comprised of aluminum extrusions and, therefore, would not fall within the scope of the order. With respect to the door expander/sweeper, the Department found that this part contains more than just extruded aluminum components beyond fasteners and contains parts that are fully and permanently assembled and completed at the time of entry and ready to be installed on a storm door and, thus, meet the exclusion criteria for subassemblies that enter the United States as “finished goods.” Therefore, the Department determined that the storm door accessory kit as whole is a packaged combination of parts that contains, at the time of importation, all of the necessary parts to fully assemble a final finished good and requires no further finishing or fabrication, such as cutting or punching, and is assembled “as is” into a finished product. Thus, the storm door accessory kit meets the exclusion for a finished goods kit; August 1, 2014.
