SUMMARY: This document announces the approval by the Office of Management and Budget (OMB) on July 22, 1998 of the information collection requirements in an added section. These requirements were contained in the Commission's Report and Order in CS Docket No. 97-151 that was released on February 6, 1998 and published in the **Federal Register** on March 12, 1998. The Report and Order describes rules and policies concerning a methodology for just and reasonable rates for pole attachments, conduits, and rights-of-way for telecommunications carriers. A section was added as part of the Report and Order at and sets forth the allocation of unusable space costs in the pole attachment rate formula for any telecommunications carrier or cable operator providing telecommunications services.

DATES: Section 1.1417, added at 63 FR 12026, March 12, 1998, has been approved by OMB and is effective March 12, 2013.

SUPPLEMENTARY INFORMATION: On July 22, 1998, OMB approved the information collection requirements contained in § 1.1417 of title 47 of the United States Code as a revision to OMB Control Number 3060-0392.

These information collection requirements required OMB approval to become effective. The Commission publishes this document as an announcement of that approval. If you have any comments on the burden estimates listed below, or how the Commission can improve the collections and reduce any burdens caused thereby, please contact Thomas Butler, Federal Communications Commission, Room 5-C458, 445 12th Street SW., Washington, DC 20554. Please include the OMB Control Number 3060-0392 in your correspondence. The Commission will also accept your comments via the Internet if you send them to PRA@fcc.gov. The OMB Control Number is 3060-0392. The total annual reporting burden for respondents for this collection of information, including the time for gathering and maintaining the collection of information, has been most recently approved to be 1,772 responses, for a total of 2,629 hours and \$450,000 in annual costs.

An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a valid control number. The foregoing notice is required by the Paperwork Reduction Act of 1995, Public Law 104-13, October 1, 1995, and 44 U.S.C. 3507.

Reporting Requirements for U.S. Providers of International Telecommunications Services

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Federal Communications Commission (Commission) eliminates unnecessary information, streamlines the filing of annual international traffic and revenue and circuit status reports, and modernizes the types of information it collects. The Commission found that the burdens of filing this information outweigh any benefit from the information. To simplify the collection of data on international telecommunications services, the Commission consolidated the traffic and revenue and circuit status reports into one rule and mandated a consolidated Filing Manual that will ensure that future changes to the reports will be coordinated. These actions are part of the Commission's review of its reporting requirements and are intended to remove unnecessary information collections and tailor its information collections to the current state of the international telecommunications market.

DATES: Effective April 11, 2013, except for §§ 1.767(l)(2), 43.61, 43.62, 43.82, 63.10(c)(2) and (4), 63.21(d) and 63.22(e), which contain information collection requirements that have not been approved by the Office of Management and Budget (OMB). The Commission will publish a document in the **Federal Register** announcing the effective date of those rule changes.
